LEROY ELDRIDGE CLEAVER
BLACK PANTHER PARTY
SPEECH AT UNIVERSITY OF
SOUTHERN CALIFORNIA ON
AUGUST 2, 1968

A source who has furnished reliable information in the past advised a Special Agent of the Los Angeles Division of the FBI as follows on August 5, 1968:

Source stated he attended a political rally for Eldridge Cleaver at Bovard Hall, University of Southern California (USC) in Los Angeles on August 2, 1968. Cleaver is the Minister of Information of the Black Panther Party (BPP) and presidential candidate of the Peace and Freedom Party, a legally constituted political party in the state of California.

Source advised that the rally began at 8:00 p.m. and lasted until 11:00 p.m. and was attended by approximately 250 persons, the majority of whom were Negro. Source advised that he observed no uniformed police at the auditorium. Source advised that Black Panther members guarded all exits and that walkie talkies were used by these guards.

Source advised that during the course of Cleavers speech he recalled only two violent statements. Cleaver stated that people were nosing around the Black Panther headquarters on Central Street and that if it did not stop there would be blood on Central Street. Cleaver also said that he did not advocate violence, but if Huey P. Newton (See Appendix) was not freed, the Black Panthers would get their guns. Cleaver stated that this was not advocating violence, but only protecting Newton.

Source stated that there was no trouble or disturbances at the rally.

BLACK PANTHER PARTY Also Known As Black Panther Party for Self Defense

A source advised that the Black Panther Party for Self Defense (BPPSD) was formed by HUEY PERCY NEWTON, Minister of Defense, and BOBBY GEORGE SEALE, Chairman, in December, 1966, as a militant black nationalist political organization to combat "police brutality", to unite militant black youth, and to determine the destiny of black communities. The political philosophy was taken from writings of Chairman MAO Tse-tung of Communist China and black militant writers.

In March, 1968, the name of the organization was changed to Black Panther Party (BPP).

The official BPP publication, "The Black Panther Party - Black Community News Service", states that the BPP advocates use of guns and guerrilla tactics in their violent revoluntionary program to end oppression of black people.

On February 17, 1968, ELDRIDGE CLEAVER, Minister of Information, announced merger of the BPP and Student Nonviolent Coordinating Committee (SNCC) and bestowed title of Minister of Justice, BPP, upon H. RAPP BROWN, Chairman of SNCC.

SNCC is a militant Negro organization which preaches black supremacy.

NEWTON, aforementioned, is incarcerated in the Alameda County Jail, Oakland, California, awaiting trial on charge of murder of an Oakland police officer.

Headquarters of BPP and Huey P. Newton Defense Fund are located at 4421 Grove Street, Oakland, California.

PEACE AND FREEDOM RALLY, ELYSIAN PARK, LOS ANGELES, CALIFORNIA, AUGUST 3, 1968

The "News Advertiser," a suburban newspaper of local circulation in the Los Angeles area, dated August 8, 1968, reported that approximately 1500 persons attended an "Open Convention" of the Peace and Freedom Party (PFP), a legally constitued political party in the State of California, at Elysian Park, Los Angeles, California. The newspaper reported that approximately 95 per cent of the persons were white and under 30; and approximately 20 Black Panthers, carrying walkietalkies, were in attendance. Each person in attendance was allowed to vote in selection of the presidential candidate for the Peace and Freedom Party. Leroy Eldridge Cleaver, presidential candidate of the Peace and Freedom Party, and Dick Gregory, a nationally known Negro comedian active in the civil rights movement, made a speech at the rally.

Voting was done after the speeches were made with Cleaver receiving 626 votes, and Gregory receiving 496 votes.

The "Open City" newspaper, an avant garde newspaper with general circulation in the Los Angeles area, dated August 9, 1968, reported excerpts of the speech of Cleaver. Cleaver's speech consisted of attacks on the "Establishment". Most notably Cleaver attacked President Johnson, Secretary of State Dean Rusk, the FBI, the Central Intelligence Agency, Governor Ronald Reagan, Mayor Sam Yorty, and Los Angeles Chief of Police Thomas Reddin. Cleaver made references to the Mao Tse Tung style of revolution and giving guns to people so they can determine their own destiny. Cleaver gave a warning to local police agencies to stay away from the Black Panther Headquarters on Central Avenue in Los Angeles or there would be blood on Central Avenue. Cleaver stated that violence could be used to liberate or suppress the Negro. Cleaver stated that Blacks had to decide between being victims of violence or taking their freedom by violence. Cleaver said that Blacks had to take their freedom and there was no middle ground.

LEROY ELDRIDGE CLEAVER PEACE AND FREEDOM RALLY, ELYSIAN PARK, LOS ANGELES, CALIFORNIA, AUGUST 8, 1968

Dick Gregory's speech was reported in the "Open City" newspaper and was less violence prone. Gregory did state that changes in the system would occur through the individual or through destruction and that he did not care which way it happened. Gregory stated that the change would occur through the young people and that he did think the majority of them were prepared for armed revolution.

Gregory cautioned that they must be watchful for infiltration into the movement by the FBI and CIA. No incidents occurred at the rally.

Eldridge Cleaver was tired and off-balance at the Peace and Freedom fally in Elysian Park Saturday [Aug. 3]. He said the same things he said the night before at USC, in a talk sponsored by the Black Student Union. Friday night he was loose, swinging, ballsy, outrageous and funny.

"The pigs of the power structure say the people are impotent, that we can't control things anymore, that we have to leave things to pigs like Dean Rusk or that Texas pig in the White House. As long as there are people on the face of this Earth they will always be able to take control of their own destiny and pull down the pigs of the power structure. They say, if you want a bad example, look to China. Well I ain't gonna look to China. I done looked to China. And I see Mao Tse-Tung took up a gun, took the coolies away from the rickshaw, and now he's got the hydrogen bomb, And I say that's all right." [Applause.]

"They got parole officers out here to monitor me. Up in San Francisco they told 'em to come in here and listen to my speech, to see if I violate my parole, you dig? Well, I don't know what to do about that. As far as I'm concerned, pigs of the power structure's on parole." [Applause.]

"We don't care about parole, probation, the gas chamber, the CIA, the FBI, the hydrogen bomb, we say fuck it, we gon' move,"

["Yes! "]

"If you tell the pig he got to stop torturing people, stop fuckin' over people, he get up tight. He say you wrong, you out of order, you ought to be in jail. And he can put you in jail, 'cause he got pigs out there allowed to have guns, allowed to have baseball bats they call batons. They beat all the fat off your head, shoot you if you don't like it. Then they have a trial, call it justifiable homicide and say you were wrong."

["Say it, brother! He sayin' it the way it really is."]
"Does it bother you they put a curfew on Berkeley? It it doesn't it should. 'Cause what they sayin' is they gonna treat you just like niggers.

"But there are more people than there are pigs, and the people got more guns than the pigs got guns. I don't say 'Give me liberty or give me death;' I say 'Give me liberty or I gonna pick up a gun.'"

["Right on, Brother!"]

It am not a freak for violence. Guns is ugly. People is what's beautiful, and when you use a gun to kill a person you doin' something that's ugly. But there are two forms of violence - violence to liberate yourself, and violence visited on you to keep you in your place. We have to make a choice between continuing to be the victims, or deciding to take our freedom.

[Continued on Page 6]

"There going to be blood on the streets of Babylon, 'Cause we have to have it. We just have to have our freedom. We just have to have our liberation."

["Teach it, Eldridge, Teach it on, Yes! "]

"If you ain't part of the solution, you part of the problem, you dig? There's no more middle ground. We gonna provoke a situation that's gonna force the Babylonians to deal with it.

"Speaking of Pigs, I was asked about Ronald Reagan. There's a punk who can read anything they put in front of him and temember it. Then he trot out in front of a microphone and recall it. Take away all those script writers and bring him out here with nothing, and he will revert to his nature and say 'oink.'

sisters out there. We call it pussy power. You tell-that man if he can't be a warrior in a time of trouble, get out. Don't call on the telephone, don't come around, don't write letters. Until he ready to pick up a gun and be a man, don't give him no sugar. Politics comes from the lips of a pussy. I don't know how you can stand to have them faggots layin' and suckin' on you. You can always get a real man. I have retired from a lot of, uh, you know, I'm a martied man now, so I humbly decline. But they're plenty of warriors out there who know how to relate to you. And if them others come around and fuck with you, you let us know and we'll kill 'em.

"We had this thing in L.A. just a week ago. The brothers have this office down on Central Avenue where they have their meetings, and the pigs was comin' around, snoopin' around, snortin' around. It seemed to me they were sertin' it up to vamp down on the brothers with some trumped-up charges. So we called Sacramento, and we talked to Sen. Mervyn Dymally and Assemblyman William Green [Negro representatives from Los Angeles] and we said, "We suggest, since you in the house, that you talk to them pigs, and tell them we goin' to have our meetings, and if they try to come down on us, there gonna be blood on the threshold, there gonna be blood on Central Avenue, 'cause we got to have this,'

"So they called the Mayor, who was out of town. So we got this flunky, and we got the Chief, Reddin. Reddin said that the pigs on Central Avenue were moving on their own. They were getting eager. They were moving with-

out waiting for orders.

"He was probably lying. Cause we got to realize that twe livin' in the era of the Kemer Report. That report says to the whites that we've gone too far, the niggers really gone crazy this time. We got to pump some real money into the ghetto. At the same time we got to be practical, so you got all this money comin' down at the same time for the police. National Convention Ann Arbor, Michigan, August 17-18, 1968

All sources referred to herein have furnished reliable information in the past.

I. GENERAL STATEMENT: Convention and Sponsorship

A. Synopsis of Event

Information is set forth herein, from sources who have furnished reliable information in the past, concerning a visit to the University of Michigan (U of M), Ann Arbor, Michigan, during the week of August 12, 1968, by Eldridge Cleaver, Black Panther Party, as a candidate for the office of President of the United States.

The nominating organization was the Founding Convention of the Peace and Freedom Party (PFP), as a new, national, political party, described by its participants as a coalition of existing East and West Coast "Peace and Freedom Parties", the "New Politics" parties of the Midwest, and the "Black Panther Party" (BPP). The Convention was held at the U of M, Ann Arbor, August 17-18, 1968, and nominated Cleaver as it's candidate for President of the United States.

This newly developed coalition claimed to be an example of the fact that the "New Left" and the "Black Liberation Movement" could work together, effectively, to form a permanent, national, radical, political party.

Convention participants, including Cleaver, advocated "revolution" and "arming", disseminating considerable data regarding participation in disruptive activities scheduled in connection with the National Convention of the Democratic Party, Chicago, Illinois, August, 1968.

The National Committee of the Communist Party, USA (CPUSA), and District Committees, CPUSA, encouraged participation in the Ann Arbor founding convention of the PFP. The Students for a Democratic Society (SDS), while not specifically or openly named in the sponsorship or direction of this Ann Arbor PFP Convention, according to sources, played a major role in it's development and direction. The SDS did so, according to a source, through it's domination of the host group in Ann Arbor, Michigan, the Citizens for New Politics (CNP); it's subperb national organization; and it's organizers.

While much of the Chicago planning, revealed at this Ann Arbor Convention, indicated threatened violence and implied disruption, a source stated the SDS has outstanding professional psychological advice and direction. Source speculated that some materials circulated may have been calculated to develop fear and hysteria, presumably to win concessions without having to follow through on threatened actions. Source added, however, that organizers would have difficulty exerting control over large groups of young, irresponsible individuals, anarchists, and Black Militants attending, whose propensity to act emotionally could produce an explosive and dangerous situation at Chicago, August, 1968.

(1) SDS direction to Citizens for New Politics (CNP):

A source advised in August, 1968, that the CNP at Ann Arbor was the official host group to the national founding convention for the Peace and Freedom-New Politics Parties in their August, 1968, Ann Arbor convention. Source noted that the CNP is essentially representing a SDS adventure into the political arena. Source noted as evidence of this the fact that the two individuals responsible for both hosting and arranging the Ann Arbor convention physically at Ann Arbor were

Source advised in August, 1968, that during a REP-SDS conference in August, 1968, it was learned that one a REP staff member, on or about August 9, 1968, had returned from a Chicago meeting where plans were reportedly made and a headquarters established for coordination of planned massive demonstration during the Democratic National Convention. On that occasion indicated that he and others of the "New Left" would be traveling about the country to promote the demonstrations at Chicago and on various college campuses wherever possible. Source stated that inasmuch as a principal item of the Ann Arbor convention of the Peace and Freedom-New Politics Parties convention, August 17-18, 1968, concerned planned demonstrations to be held in connection with the Democratic National Convention at Chicago late August, 1968, above appeared to source as a part of REP-SDS involvement in both the convention at Ann Arbor and the demonstrations planned for Chicago.

A source advised that the REP was founded in June, 1966, by the SDS as an internal education arm for SDS and as a vocal distribution point for New Left leaders. Source added that REP over the period since its founding has been directed and staffed by acknowledged theoreticians of the SDS and the New Left and only recently has become independent financially from SDS to become a separate but affiliated organization.

B. Convention Preparation - Citizens for New Politics (CNP) Michigan Convention

Sources advised that the CNP Michigan State Convention was to meet August 14-15, 1968 on the campus of the U of M, Ann Arbor, for the purpose of electing delegates to the National Founding Convention of Radicals to be held in Ann Arbor on August 17-18, 1968. It was announced during preparations that the Presidential nominations of the new PFP had been offered to Doctor Benjamin Spock and Senator Mc Carthy, both of whom had reportedly declined the same. It was indicated further that the same offer had been made to Senator Mc Govern, who had advised he would "let them know later".

Sources stated that both the State and National Convention arrangements being made at Ann Arbor of U of M, being described by reliable sources as an SDS campus leader, former Chairman of SDS at the U of M, and formerly Co-Founder and Co-Chairman of the U of M campus chapter of the W.E.B. C. Convention Action

A source advised that at 10:00 a.m. on August 17, 1968, registration of delegates took place at the Michigan Union, U of M and lasted until 12:45 p.m. The Convention convened with a short welcome speech from Dennis Sinclair of the Michigan delegation. A report was read from the National Convention Committee by Eric Chester, which submitted the results of deliberations by the eight member committee regarding Convention rules. This committee was composed of four members from California, two from New York, and two from Michigan, whose responsibility was to set Convention rules and an agenda.

A resolution from the Convention floor regarding delegate credentials attempted to change the rule so that one state delegation being accredited would not preclude others from the same state being recognized as delegates. This resolution was defeated with Bobby Seale from California BPP speaking against it.

From 1:15 to 2:00 p.m. elections were held for the five rotating Chairmen of the Convention, with 12 nominations made and election of:

Ken Denmon (BPP, California)

F. Broslowsky (California)

Jack Weinberg (New York)

Thomas Copi (Michigan)

Paul Rosenstein (California)

CONFIDENTIAL

10

Following this election the Convention moved to adjourn temporarily for the purpose of allowing State Caucus meetings wherein each delegation was to select two members to serve on a National Committee, unnamed, for the new National PFP. This committee will deal with organizing principals and the National organization structure.

The Convention reconvened at 6:00 p.m., August 17, 1968, at which time it was decided that discussion on various committee reports would be delayed and discussion was held as to committee procedure regarding instructions to the to be formed committee on organizing principals and structure. It was decided that the National Organizing Committee would coordinate activities of the major candidates of the party in the United States and would regulate appearances and activities with local groups. Consideration and discussion was also carried on regarding organization policy and reports were received with regard to proposed planks for the organization platform.

These discussions dealt in general with withdrawal from Vietnam, armed "self-defense" of blacks, the liberation struggle of minority groups, the abolition of capitalism, the two party system, and the establishment of a third party.

The 25 member New York Caucus indicated they planned a resolution in support of world-wide demonstrations for November 5, 1968, for all disenfranchised individuals to include minority groups, criminals, and others. These demonstrations are to take place in public and government buildings, military installations, and wherever they could prove effective.

CONFIDENTIAL

The Convention adjourned until 7:30 p.m., at which time Cleaver and Gregory were to deliver addressed to the Convention to be followed by question and answer periods. Upon reconvening, the Convention considered and passed a resolution to the effect that the National PFP promote National and International demonstrations demanding the release of all political prisoners focusing on the California Newton trial and allocating funds for this measure from the National Organizing budget. In addition, a resolution was adopted to the effect that should any restriction be placed on any of the National PFP candidates to address the American people, the party would organize to similarly restrict activities of the "Establishment's candidates", by demonstrations and other direct action means.

The nominations of both Gregory and Cleaver followed, Gregory being nominated by one Mike Allen, who indicated in his nominating remarks that "We retain the option to destroy the system until such time as the United States Constitution is fulfilled". Gregory in his remarks to the Convention indicated that the majority parties are presenting scum, filth, and trash, adding that "This corrupt and insane nation should be straightened out or destroyed so the rest of the world can breathe fresh air". He noted that the Constitution has never been enforced and that the "two party system is out". He added "There are a lot of people I'd like to shoot", but added that he would not because he is a coward.

Cleaver, upon his nomination, stated that there is "nothing too radical", and recommended that, "We should open up another front in the United States", in the last remark alluding to the National Liberation Front

(J)

in Vietnam. A delegate, identifying himself as a pacifist, asked Cleaver if everyone would be required to pick up a gun and Cleaver replied, "You'll have to pick up a gun, if you don't we'll pass you by". Cleaver, source added, made continuous references to guns and violence being careful not to make any quotable threats. He stated that, "I want to build a revolutionary movement, and we'll fight on the battlements if necessary".

Paul Jacobs, a PFP candidate for United States. Senate from California, spoke to endorse Cleaver, noting that if elected himself he intended to, "close down the Senate".

Thomas Hayden was introduced to the Convention and received an ovation as "one of the founders of SDS and the New Left", and it was announced that he would hold a caucus the following morning at 9:00 a.m. to discuss plans for demonstrations at Chicago for the period when the Democratic National Convention is to be held.

Source advised that on the morning of August 18, 1968, the elections took place for Presidential candidate of the PFP and Eldridge Cleaver was elected by an overwhelming majority. Cleaver delivered a brief acceptance speech which indicated his willingness to run as a candidate and wage a fight in those areas endorsed by the BPP and the PFP.

On the afternoon of August 18, 1968, source advised that the Convention received both a majority and minority report of the National Organizing Principals and Policies Committee, with the minority report being accepted with four added amendments. The accepted report included statements of support to be included in the organization's platform as follows:

CONFIDENTIAL

- 1. Self-determination for all peoples of the world.
- 2. Support for the liberation struggle of the Vietnamese people and for demanding withdrawal of United States troops.
- 3. To support the liberation of the oppressed peoples of the United States, including the blacks, Spanish and American Indians and their right of armed self-defense.
- 4. Support for the struggles of the American working peoples to control their own unions and to end the racism therein.
- 5. Opposition to conscription and the right of United States Servicemen to organize in their own behalf.
- 6. To create the independent political institutions to press the struggle through the electoral system as well as through direct action means.

The following additional amendments were made to the minority report and accepted:

7. Support and initiate community struggles around local issues such as jobs, housing, schools, police control, prisons, the draft, gun control and others, as part of the larger struggle to transform American society.

SOM HENTIAL

- 8. Support for women's liberation.

D. Election of Candidates

A source advised that Eldridge Cleaver and Dick Gregory were both nominated for the office of President by the founding convention of the PFP and that Cleaver was elected by an overwhelming majority.

August 17, 1968 (I)

A source indicated that Gregory in his remarks to the convention indicated that he would stop short of violence and would appeal to the humane side of the question. He said that he would continue to run for President whether he received the PFP nomination or not. He charged that America would "kill itself" unless it changed. Source noted that Cleaver advocated organizing the black community to "overthrow the pigs", referring to the power structure, and admonished white radicals to organize the white communities to help. He added that he was ready to die with the people and kill with the people, noting that Negroes who cooperate with the white power structure should be run out of the community.

A source noted that the convention terminated without nominating Vice Presidential candidates, declining to do so in favor of participating states or regions naming their own nominees. Source advised that Cleaver was disenchanted with the convention because it was not sufficiently radical and was reportedly considering declining the Presidential nomination of PFP in favor of Dick Gregory.

August 19, 1968 (U)

In campaign literature distributed at the convention purportedly written by Gregory, he stated that the course of

human events in this mation have created a situation where it is necessary for people to exert individual, independent action to dissolve the political bands which unite them with the two-party system. He indicated that the Declaration of Independence clearly states that where rights and privileges are denied by a government over long periods of time, it is man's duty to abolish that government. Following a resume of his personal background, Gregory stated that there is no doubt in his mind that America is in Vietnam illegally and that this is an open and flagrant violation of law which justifies armed revolution by those who seek a return to law, order, and justice. He added that "I'm committed to non-violence and I do not force my philosophy on anyone else. There is nothing any man can do to make me kill him or inflict personal injury upon him, but that is my own personal hang-up. I do not preach non-violence as the only alternative."

A source advised on August 19, 1968, that Cleaver had taken the convention floor to make a very strong appeal in behalf of one Jerry Rubin as a possible Vice Presidential candidate of the PFP and to become his running mate. Source indicated that Eric Chester opposed the selection of Rubin or any other single Vice Presidential candidate, preferring that states or regions select their own individual Vice Presidential candidates. Source added that the view of Chester, which was evidently popular with many state delegatins, prevailed and Rubin was not nominated.

E. Convention Participants

A source advised that during the opening proceedings of the convention and after registration of delegates, it was announced that 20 states had sent delegations to the convention, representing a total of 218 delegates. Source stated that there appeared to be a total of about 300 in attendance at opening sessions, indicating the balance to be observers from various organizations.

(1.) Communist Party (CP) Influence

Source advised that the National Office of the CP, USA, had requested that delegations from various state CP organizations be sent to the founding convention of PFP to be held at Ann Arbor, Michigan, August 17 and 18, 1968. These sources indicated that there is an intense interest of the CP in this new political party and the CP is desirous of having its members participate.

A position paper distributed by the "Communist Party-Southern California District", dated August 3, 1968, distributed to the delegates of the fonding convention of PFP in Ann Arbor, Michigan, set forth background as to the need for an intelligent third political party. It stated, in part, "Communists believe that the Peace and Freedom Party represents a highly significant development. While we will continue to express in every way possible, including the running of Communists for public office, our intelligent position for a Socialist revolution, we will cooperate with all who would build the PFP and movement as an effective challenge to the two-party system. Our candidates will, therefore, urge citizens to vote for Peace and Freedom candidates. It is our view that regardless of the outcome of the national conventions of the two old parties, full support should be given to the Peace and Freedom candidates".

The "RAT", conventin special issue of an underground new left newspaper from New York City, Volume 1, Issue 4, carries numerous articles dealing with the forthcoming Democratic convention. The lead article, which purports to contain strategic defense plans of Chicago police for the protection of the convention and its delegates, and other pages, contain detailed maps of the Chicago Loop area with a complete page of detailed legend. There is also contained a two-page map of Chicago showing the locations of National Guard Armories. mobilization centers for police and troops and other key defense There is also a one-page map of the amphitheater area with a ore-page legend and a listing of "movement centers". The articles in "RAT" indicated that various organizations connected with the new left wre making individual preparations and connections with various movement centers which will be used as their particular bases of operations for the Chicago demonstrations.

One page of this publication contains a photograph of Vice President Hubert Humphrey as viewed through a rifle barrel with a bulls eye target superimposed over his face.

2. National Steering Committee

A source advised in August, 1968, that in the possession of the leadership of the PFP- New Politics convention at Ann Arbor. Michigan, August, 1968, among other instructions, was a copy of a data sheet regarding Chicago demostrations scheduled for the The data sheet week of the Democratic National Convention. captioned "On to Chicago with Peace and Freedom", "Chicago is Where It is Going to Happen", discusses the impossibility of Mc Carthyites at Chicago, "For it is at Chicago that the futility of combining the morality and drive of the new left with the political pragmatism of the Democratic liberals will be fully demonstrated". "Peace and Freedom Party must be there because there quite probably will be 100,000 students in Chicago. and given the presence of well organized black militant groups within the city, racist ethnic neighborhoods surrounding it and a brutally efficient police force to maintain law and order, some kind of explosion is inevitable. Chicago may well turn into the largest and bloodiest demonstration in American history."

This data sheet included a statement that PFP proves that the new left and the black liberation movement can work together to build an intelligent, permanent, radical party and admonished each delegate attending the Ann Arbor convention to be prepared to remain there in the Midwest through the month of August. It noted that the bulk of work would have to be carried by the California, Michigan, Massachusetts and Illinois organizations, and the data sheet and remarks was signed "Yours for Peace and Freedom" - the New York Steering Committee.

Among the various pieces of convention literature distributed to delegates was one from the PFP in Chicago and indicated as follows:

"We will be there. We need you. We are hooked up with National Mobilization Committee, we will have two movement centers for information, workshops and for planning and staging areas for steet activities. We are planning housing for you. Come. We need bread for printing posters and 'The National Organizer', special convents issue. 'A source furnished a printed leaflet distributed at the PFP Convention reportedly signed by numerous national organizers and delegates to the PFP convention which is entitled "Action Recessary to Develop, Build and Demonstrate to the People the Sincerity of the Peace and Freedom Movement". It recounts that the major party candidates have imposed their views on the American public through mass media and these and similar media have been denied to the other political cadidates through such artifaces as false imprisonment, coercion, denial of due process and withholding of travel permits and restriction of free travel. It indicates that this situation can no longer be tolerated and that it is resolved that the PFP National Convention declare that if any restrictions of this kind are placed on the rights of their representatives or candidates to address the American people. the PFP will organize to similarly restrict the activities of "establishment candidates" to prevent them from imposing their policies on the American public. The article made clear the resolution will empower the initiation of tactics, involving direct action and any other means necessary to accomplish the above purpose.

August 18, 1968

Additional literature, one of which is entitled "Confrontation in Chicago", invites all to participate in the marches, demonstrations, and rallies during the period August 24 to 29, 1968, under the sponsorship of the National Mobilization Committee and contained "tear off" section requesting information from those about to respond.

An article appearing in the "Up Against the Wall" (obscene) distributed at the conventib contained an article entitled "Has the Time for Demonstrations Passed". The article deals with Ge appearance of Vice President Humphrey at New York City's Waldof-Astoria Hetel and associated demonstration held there. The author states "Even if we could defeat the cops in hand to hand combat, there is still the militia and the Army. There must be a more meaningful way of defying the system. Blowing up a Con Edison plant would be a pretty satisfying thing for a starter. Plunge the city into darkness to make the people see the light."

A resolution presented and unanimously adopted by the PFP founding convention resolved that the national peace and freedom movement initiate national and international demonstrations demanding the release of all black political prisoners, focusing on the trial of Huey P. Newton.

August 19, 1968 (J)

Among literature distributed was a printed sheet authored by Oldrich Zajicek, 2317 South Hamlin Avenue, Chicago. The paper entitled "Ours is Interesting Time" covers a general outline and appraisal of the situation in the United States today and under the caption of "prevention of the police state" mentions that the second political task deals with the prevention of the police state or the self-defense of the people, noting that the time to plan and prepare is now while the state leaves us the opportunity to do so. It admonishes "once in the gas chamber one can do little", noting that arms are good as far as they go, but there are other means of defense just as efficient which do not take human lives, but merely damage property. It indicates that there are those who will apply arms against the state and there are others who will know where the state is vulnerable. It recommends data collection and distribution between these groups which will not identify their source and which will serve to expedite the program.

III. CONVENTION RELATED ACTIVITY

A. SPEECH OF ELDRIDGE CLEAVER, CANTERBURY HOUSE, ANN ARBOR, MICHIGAN, AUGUST 16, 1968

Sources advised that Eldridge Cleaver, BPP, in a speech at Ann Arbor, Michigan, on August 16, 1968, addressed a group of some 250 individuals in remarks essentially as follows. Sources noted his speech was well received with considerable enthusiasm.

"The people in Ann Arbor are crazy, the police are crazy, the weather is crazy, and the mother country radicals are crazy. My parole officer is definitely crazy because he told me I couldn't come here. I told him I would come because I had to and because I had a right to come. He said OK but don't go to Detroit. I was going to Detroit and I still may go because I have the right to.

"My relationship with that parole officer is a metaphor for oppressed people and a symbol of all the pigs of the power structure. The governors, the mayors, the police and all the rest, the waterhead Humphries, the meat head Nixons and all the other alternatives. It's like picking ham or bacon, it's all pig and it's all pork, dedicated to the same job.

"Everything in this country is out of order and will stay out of order until we tear it up, take the little pieces and rebuild from the pieces. People here don't even know what to do. They're discussing the fundamental nature of this country, this decadent society, this oppressive international monster inflicting oppression on the people of the world. It's doing things in the name of the people of this country, and there are a lot of people who do not want things like this done in their name and who want to do something about it. It's part of this segment, that I represent, that are taking the position that they still have a lot of quarrels with people in the white community, but are realistic enough to recognize that we want to distinguish those who want to help get the white racism from around our necks from those who wish to keep it on. One of the things we have to bring out in these politics we are dealing with is where people are really at and where they want to be.

"Everyone is confused, that's where we're at, from the right to the left. Everyone thinks they have the answer and we all have the personal ideology that the country needs and what the problem needs.

CONFIDENCE

"But when you get down to it we have solutions that apply to us, our little group or the organizations we represent. We end up with a little cluster of dissatisfied people who are trying to reach out to other clusters to mold together a mightly striking force, a revolutionary political movement that can deal with this situation here in Babylon. I know we have every kind here from the high bound conservative to the flaming, wild-eyed radicals. We still have difficulty describing ourselves. What are we? Radicals, militants, activists. Call it any name you wish.

"What we have to do is create the machinery that by its moving will define us. I don't like to hang a label on it.

"I'm kind of scared after last night, but it's not my fault I was late because I'm an amateur at getting places on time. There's nothing I can do about it. I inherited tired blood. The whole mechanics of the country are tied up with precision; time tables, which have gotten the world in a lot of trouble. I'm sorry being late cost you money, we regret that, but if that puts you up tight, (obscene).

"Now the reason we're here, the reason we face a coalition with the Peace and Freedom Party (PFP) in the bay area of California is that we recognize the very serious and dangerous situation developing around us and it could get us killed. If we desire to continue functioning we recognize, that as a valid necessary phase of the black people's movement, black people must take control of those organizations founded by white radicals where these organizations have become identified with him. This would develop very strong rhetoric to be used as a weapon and a tool to urge white radicals to go into their own communities to organize something of their own. When this is done we can use this as a basis for a coalition and we could then work together.

"Stokely Carmichael said this, and in the bay area, we had to make a very fundamental appraisal of what we represented, who we would work with and what we wanted to do in that situation. We found that a lot of those we wanted to work with weren't ready to do this. A lot were ready to say black is black but they weren't ready to work together. We wanted to see results and see people out spreading the word about Huey, about the Black Panther Party (BPP), because we knew the only chance we had was in people becoming aware of the nature of the black liberation struggle. They also had to become aware of the inevitable occurence of a confrontation between

"blacks and the white racist cops, and that in the situation where a brother would move to liberate his community is in the same position as a Vietnam freedom fighter encountering a green beret or a lackey of the Kei regime. It would be absurd to say a Vietnamese freedom fighter was guilty of murder no matter how that came down.

"We recognized we couldn't go off to Berkeley and tell the people to stand up and demand that Huey P. Newton be set free. We started off talking to them about trying to get a fair trial for Huey because that is as far as they were willing to go at the time. As the whole process developed, and they were able to move from a demand for a fair trial in a racist court to the place where they demanded he be set free. This change in position deals with people trying to deal with an atmosphere of tension, the racist tension that makes every black man the enemy of every white man. We felt that this was an absurd situation.

"I feel if I have my neck on the ground with a boot on it, and a hand appears trying to lift the boot, I'm not going to look to see if the hand is the same color as mine, but only tell him, 'snap that mother (obscene) leg off'. Just get that boot off my neck. If anyone finds himself in a painful position, and be in contact in a common cause with someone who sympathizes with his pain, and then refuse help; he's got more than one problem.

"One day we were sitting in a car on Telegraph Avenue, we were broke and Huey was to make his court appearance. We were trying to figure out who we could rob to get money for leaflets to get the word out about Huey Newton. We saw this panel truck with a loud speaker on it saying, 'register for peace and freedom'. We followed it and found out what it was. I hadn't bothered to listen or notice until this shocking thing occurred and we were listening to everything and checking everything out. We started checking with some people because we could see ourselves driving through the streets shouting Huey P. Newton must be set free. We had to have a summit conference with the brains and the power structure of the PFP and had endless negotiations. We were ready to agree and say let's go but they wanted to talk about what would happen at Chicago, and if we did start working together, if we attended the convention of the Peace and Freedom party in March would we demand 50% of the votes. They were up tight about that. We said we don't want 50% of your votes. have 100% of our votes and you can have 100% of yours. That no one is going to tell us how to run our organization and we wouldn't be interested in telling them how to run theirs. There are some

"organizations we want to destroy and some we wanted to communicate with, but we only wanted to run our own organization, we have our hands full.

"This was the beginning but I want to emphasize that we didn't start working with the Peace and Freedom party because we saw a grand coalition developing, we started because we saw it was in our interest. We were trying to get people into those trucks to hold Let them talk about registering for peace and freedom, we rallies. were going to talk about Huey P. Newton. So once we got to the rallies, you had the white cats run down their bag, we ran down our bag, and we'd all leave. It began to seem artificial because we could relate to them because a lot of the things they were saying, we were saying. Our telephone rang long distance from Michigan asking what we were trying to do, 'sell out', or trying to become an integration party. We started explaining our needs and what we had to cope with, and asked if they could get the money for sound trucks. They said no, but we don't like what you're doing. Well (obscene) you, we're doing what we have to do. We defend this and are dedicated to what'we have to do. We developed from that starting point in defending our coalition with the PFP and I know they defended us.

"There are a lot of people who are still saying that the BPP is a liability to the PFP and the whole effort to organize white folks. They feel you can't appeal to white folks if you're involved with crazy niggers running around with quns. That may be true, that by associating with the BPP at least some people won't associate with you. We say the BPP represents the best synthesis of what has been learned here in Babylon through the process of the black liberation struggle. That we take up a gun, following the preachment of Malcom X. While Malcom X was teaching we were listening and that the gun is not our whole program. There is no point, however, in deceiving ourselves that blacks and whites can continue to be separate with no violence. turn the other cheek and we will overcome. That's a lie. going to happen like that and we'd all better realize it. People are not going to sit around and have cops throwing them away, throwing their friends and acquaintances away.

"Today we heard on the news that some cop in Inkster, Michigan, who shot a 14 year old black kid, received a verdict of justifiable homicide. Shot him dead because he would not heed an order to stop. It's no wonder we don't hear him say stop because when those pigs speak all we hear is oink. We cannot relate to the

"deception that these pigs are here to protect the public or protect the people, that they won't harm you and will treat you friendly. I know people who would rather stay lost in a city the rest of their lives before they'd walk over and ask a pig for directions. I'll ask a pig for directions only as a last resort and then walk off in the opposite direction.

"One of the things that comes up when we talk to white radicals is, they say that's OK for you black asses in the ghettos but we're not ready for that yet. Our people aren't ready for that. The mere fact that he can understand what I mean tells me he understands and will set himself strategically for the right time to move. That we have to say to the white people in the PFP and the Citizens New Politics Party (CNP) here people, that everyone who has divorced himself from the Democratic and Republican parties cause they don't endorse that (obscene) are radical. I call them radical, and I know this is a mistake according to some fine analysis made by many people. I call them revolutionaries.

"There's no getting around it, we're confronted with a revolutionary situation and we're going to have to respond to it or repent like they have in other countries where they debated whether to go left or right and while debating were swept to one side or the other. I would advocate if some don't want to move that we start kicking asses ourselves. Maybe you don't like that, I don't either, and I'm sorry you don't relate to that. I know the white people in this country are capable of dealing with the real problem, and capable of dealing with strong-arm tactics and oppressors in other countries. They have done it historically and I know when you say give me liberty or give me death, you still feel something. I know I feel something, and if I do, you must really swing for that. Give us liberty or life. Give me liberty or a gun. Give me liberty and the means to get a gun to wage a struggle for liberty.

"To all the women in the audience. I want to say that political power goes out of the barrel of a gun but in a real sense, political power goes out of the (obscene). Don't be insulted, I could say vagina. I know this is an educated community, but I want to get a point across. I think the time will come for women to use the ultimate weapon on the male which will be a revolutionary standard. You will tell these cats don't call you on the phone, don't knock on your door or write you letters, until you get yourself a gun, pick up the tool of liberation, get out into the street and take the people out into the street and liberate this country. When they do

CONFIDENTIA

"that they can come back, but until then I would advocate you don't give them no sugar, cause if you do I mean you're 'counter revolutionary'. You will be giving aid and comfort to those who give aid and comfort to the enemy, and I don't know how you could stand having some simple headed cat chewing on you when he doesn't know what it is to be a man or understand the job that men are supposed to be doing.

"There's a job out there to be done. There's pigs out there armed to the teeth getting more every day. We'll let the men deal with them and we'll let the women deal with the meter maids.

'In response to a question asked about, 'the police murders in Los Angeles,' he said there were four passengers in a car and three were dead and the fourth had sought refuge with his family. police got him to give up by sending out information that they knew where he was and would kill him if he didn't give up. His family persuaded him to give up. The cops had been following them around and after stopping the car began questioning them. They said someone made a fast move and the shooting started the cops up tight. Los Angeles is worse than New York. They walk up to a car with their guns drawn. We say we don't want these spontaneous situations developing where there is no machinery set up to deal with it. They take advantage of these situations and you're bound to lose where you're not prepared Machinery should be set up in both the white and black community to deal with this situation in the dynamics of their own community. We think that the BPP has the nod of the black community. The NAACP is not good for anything but throwing obstacles in the path of the revolution. CORE has also become nonfunctional and SNCC has its problems, so the people can no longer depend on these organizations. SCLC and non-violence died with Dr. Martin Luther King. So the people are listening to the BPP and we get that feeling. As president I would give this country a revolutionary domestic and foreign policy; and all we have to do is take it and make some specific applications of some universal principals right here in Babylon and I'm ready now.

"If we start now we should get rid of our colonies, release our slaves, call the armies home and withdraw the dagger from the heart of the world. Get out of Guantanamo Bay, get out of Vietnam and withdraw all of the bases from around the world.

"Huey Newton has a good chance because the states witness said he wouldn't testify for fear of incriminating himself. When the judge gave him immunity he still wouldn't talk because he had been

[G)Miner

"to rallies and demonstrations and knew to do it would in a manner of speaking be committing suicide. No one threatened him but he recognized that to do what the district attorney wanted him to would be to cooperate with the arm that the power structure uses to oppress black people and he couldn't relate to that anymore.

"The organization should not shun the political arena in this country; not to sanctify what's going on there but to try to straighten it out. To shun the electoral system would be to acknowledge that they have the authority. They merely have the power to inflict pain if you don't do what they say. The poor peoples campaign failed because there were too many fat rich preachers involved who were wearing new overalls and came into Washington to negotiate back door deals with the racist heads of committees. Boot licking is out of style, there are no dividends in that.

"When we have a poor march on Washington, we'll clean out the halls of government and sweep all the pigs into the garbage can. Regarding protection for candidates, Johnson has surrounded his opponents with pigs who give him a running account of all they say and do. I don't want that, just give us the equipment. He recalled a fellow writing in his notebook that most candidates have to be protected from the people by the pigs but Cleaver has to be protected from the pigs by the people.

"I would ask all to support me before the California Department of Corrections who would deny me the right to travel for politics and I don't think they can deny me that right. I will go wherever I need to when the time arises.

"The Peace and Freedom Party, if they have had the image of being a pacifist group, must correct this image. You get out in the street and demand and get a change. I have faith that the P and FP will adopt a platform, and if I have accepted the nomination I'd have to be prepared to accept it. If I were to suggest a Vice Presidential candidate, I'd try to get people to accept Jerry Rubin.

"Women can be good revolutionaries, such is the case in Vietnam and Cuba, but I think the men should get there first. Too many organizations have come along and tried to speak for all the black people and indicate what the black people want. I recommend a U.N. supervised plebiscite to be held for all black people in this country to address themselves to the question of whether they want separation or integration, and they are the only ones who are entitled to decide on this question of their national destiny. There should

CONFIDENCE AL

"be a plebiscite for white people too on the same question, because a decision thus arrived at would dictate certain action for both sides.

"The basic contradiction between the interest of the people and the present structure of the American economy is the institution of private property. The basis of the economy must be changed to social ownership of the property and substitute cooperation for competition. We think that every man, woman and child has a right to the highest standard of living that knowledge and technology can produce. In short, we have to start talking about socialism.

"Dick Gregory is a nice guy and I hope he wins, but like I always say, he's a comedian and this is no laughing matter. To have a comedian as head of a revolutionary organization gives people the wrong impression that it was a laugh. Gregory doesn't have a political outlook and hasn't been involved in setting up the machinery. I don't see him as a candidate. If others do, (obscene), let him do it.

"The Communist Party and some other groups of the old left have based their philosophy on what has happened in other countries and trying to apply it here where it has no application. They all are saying I am the true representative of Marxism - Leninism, and there has to be something wrong somewhere. They can't all be right. I don't care what candidates they're running, colored or not, it doesn't legitimatize what they say. I think we have to take another look at what Marx, Lenin and Trotsky had to say and act accordingly.

"There are other groups developing but it seems anyone who can't go with the other parties and can relate to us ought to come on in with us. There is no reason at the eleventh hour why we should come to cross purposes. We don't need a lot of little doodads, we need a machine.

"We are aware that black workers were given that program some decades ago, and they have failed to come forward and lead the revolution under the CP, and we're tired of waiting. We don't care if he's a worker or if he's unemployed, a drop-out or rich, he should get down and we'll move this thing. We say that black people have to deal with the economics struggle as well as white racism, so we don't just have one but two struggles. Blacks have to deal with special problems such as community imperialism which prevent him from just participating in a class struggle. We have to deal with some of these universal grievances that cut across community lines and you'll

CONTIDEM IV

"find whites and blacks are talking about the same things. But we're not going to talk about these now because we are talking about a white revolution in the white mother country and a black liberation struggle in the black colony.

"I couldn't envision a situation where, if I were president, I wouldn't give aid to those struggling for liberation. We want to abolish the draft, and get together an Abraham Lincoln Brigade to go over and overthrow some of those repressive colonial regimes.

"We're not basing our strategy on winning, but I don't care if no one votes. I know our strength is adequate but must be organized to make it attractive as a program to others and doesn't relate in any way to 1600 Pennsylvania Avenue.

"Those that are more sophisticated politically should come down a peg and join in and not remain aloof and thumbing their nose at the others. We have to communicate by word and literature to those we want to reach and consolidate a base for an organization. Politically channels are all there, and everyone controls the guy on the next level down. You have to confront these pigs and get out there. The Kerner report told us only what we already knew. The programs are set up now to buy some Negroes in the community and to eliminate those they can't buy.

"Anarchists cannot handle things because you need machinery to get things done and if you tear it all down, you have no machinery to wrest power from those who have usurped power. The idea of black capitalism is just a means of trying to get people to think things are better or getting better, and it won't work. We don't want to endorse government grants to anyone for anything because it's buying more time for the regime.

"We are relating to electoral politics because of this particular time we think it suits our purpose. We hope to use it. The BPP has other programs and we'll work on them and be flexible to the times.

"Bobby Seale and Newton always amazed me because everybody talked about police brutality but nobody did anything. They set up a party, armed themselves, got an old car and went out on the streets of Oakland at night and followed the pigs around. When they stopped a citizen they were there to speak up for him. They had their pieces and the cops had theirs and they were prepared to defend themselves if they had to.

acceptance speech following his nomination a group of some 100 Negro youths estimated to be between the ages of 14 and 16 years entered the convention hall all attired in what appeared to be a uniform of sorts. They wore black shirts and trousers and they were discussed among convention participants as having come from either Inkster or Detroit, Michigan. Sources advised that they appeared to be there as a dramatic support group for the nomination of Eldridge Cleaver.

Sources advised that the same group of young Negro youths referred to above, however, a group smaller in number, appeared at the convention site on the afternoon of August 18, 1968. Sources advised that this group was closeted with Eldridge Cleaver and his associates in a side room of the Michigan Union, U of M, Ann Arbor, for a two or three hour period. Sources advised that a BPP guard was posted at the door and granted admission to Negroes only; however, source noted that all Negroes attempting to enter the room were not admitted. Sources advised they knew of no significance either concerning the group's visit to the convention, who they represented nor the purpose of the meeting. Source advised that the group appeared to relate closely to Cleaver and the BPP associates of Cleaver.

(2) Citizens' Harassment:

A source advised that on the evening of August 18, 1968, following the convention of the PFP-CNP convention at the Michigan Union, U of M, and near the convention site several citizens alleged having been accosted by Negro youths, 14 to 16 years of age, dressed in black shirts and black trousers. Source advised there was no wide-spread activity of this nature but that some three such incidents were reported, the significant aspect of each instance being the claim that each such assault was unprovoked. These instances appeared to source to have involved simply a Negro youth approaching a white passerby striking him in the face without comment or other incident.

Also Known As
Black Panther Party for Self-Defense (BPPSD)

A source advised that the Black Panther Party for Self Defense (BPPSD) was formed by HUEY PERCY NEWTON, Minister of Defense, and BOBBY GEORGE SEALE, Chairman, in December, 1966, as a militant black nationalist political organization to combat black brutality, "to unite militant black youth, and to determine the destiny of black communities. The political philosophy was taken from writings of Chairman MAO Tse-tung of Communist China and black militant writers.

In March, 1968, the name of the organization was changed to Black Panther Party (BPP).

The official BPP publication, "The Black Panther Party - Black Community News Service," states that the BPP advocates use of guns and guerrilla tactics in their violent revolutionary program to end oppression of black people.

STUDENTS FOR A DEMOCRATIC SOCIETY

The Students for a Democratic Society (SDS) as it is known today came into being at a founding convention held at Port Huron, Michigan, in June, 1962. The SDS is an association of young people on the left and has a current program of protesting the draft, promoting a campaign for youth to develop a conscientious objector status, denouncing United States intervention in the war in Vietnam and to "radically transform" the university community, and provide for its complete control by students. GUS HALL, General Secretary, Communist Party, USA, when interviewed by a representative of United Press International in San Francisco, California, on May 14, 1965, described the SDS as a part of the "responsible left" which the Party has "going for us". At the June, 1965, SDS National Convention, an anti-Communist proviso was removed from the SDS constitution. October 7, 1966, issue of "New Left Notes," the official publication of SDS, an SDS spokesman stated that there are some Communists in SDS and they are welcome. The national headquarters of this organization as of April 18, 1967, was located in Reom 206, 1608 West Madison Street, Chicago, Illinois.

To give details of highly inflammatory speech given by subject to Negro youths at education program sponsored by Xerox Corporation, Rochester, New York, 7/26/68.

EX-CONVICT - PRESIDENTIAL CANDIDATE:

Cleaver is the Minister of Information of the Black Panther Party (BPP), the most active black extremist organization in the country today. He is on parole after serving eight years in California penitentiaries for assault with a deadly weapon which arose out of an attempted rape. He is the nominee of the Peace and Freedom Party for President of the United States.

XEROX CORPORATION GUEST SPEAKER:

The Xerox Corporation, Rochester, New York, hired 190 Negro youths for summer work and participation in a public training and education project. Without the knowledge of Xerox officials, the subject was invited to speak to these youths on 7/26/68. Bullato previously submitted a brief account of the speed and has now submitted a complete transcript.

CALLS FOR INSURRECTION:

Cleaver consistently referred to members of the white race as pigs and applied this epithet to law enforcement in general and to the President of the United States. He encouraged his audience to join the BPP and burn down

or blow up the Xerox Corporation. He assured his audience that the Negroes are going to arm themselves, learn how to make bombs and to obtain dynamite to be used against "the pigs and the power structure." Typical of his statements is the following:

"If you all got together...joined the Black Panther Party and all these niggers across this country got together and joined the Black Panther Party and got themselves some guns, people would all listen...so if we got ourselves together and we walked on any Army base and take one (hydrogen bomb) because as long as he has a hydrogen bomb pointed at us, we got to have one pointed at him and say 'well, push it (obscene) cause I'm pushing mine'."

Xerox Corporation officials are aware of the above and have made available a tape of Cleaver's speech. They have also taken action against the two New York City Xerox employees who arranged for Cleaver's appearance. The New York Office has been instructed to open cases on these two individuals to determine their connections with the Black Panther Party or any other extremist group.

ACTION:

Transcripts of the speech are being furnished separately to the Criminal Division of the Department in connection with possible Antiriot Laws violations and to the Internal Security Division in connection with possible violations of the Overthrow of the Government or related statutes.

S. Government. When contacted, was accom-1 panied by Xerox Attorney, and under advisement of indicated a decision in this regard could not be given immediately, as it would first require serious consideration by the Xerox Corporation and their Legal Department.

when contacted 9/19/68, advised that the Xerox Corporation would not be willing to permit any of itso officials or employees to appear as witnesses for the U. \S. Government in a trial against CLEAVER.

The characterization of the Black Panther Party (BPP) is contained in the appendix pages of this communication.

On September 11, 1968,
Xerox Corporation, Xerox Towers, Rochester, New
York, accompanied by Attorney for the Xerox
Corporation, Rochester, New York, furnished the following
information to a Special Agent of the Federal Bureau of
Investigation:
At this time, identified the individual who made the tape recording of LERCY ELDRIDGE CLEAVER's speech to members of the Xerox Earn and Learn Program, at Rochester,
New York, on July 26, 1968, as further
identified as a Xerox employee, at
the Henrietta, New York Plant of Xerox, a suburb of Rochester, New York, and the site where CLFAVER made his July 26, 1968 address.
At this time, and under advisement of stated that he is not in a position to furnish the names of any individuals employed by Xerox, who heard CLEAVER's speech, who would be able to appear as willing witnesses on behalf of

the United States Bovernment against CLERUM, He indicated that a decision such as this would first require serious consideration by the Keroz Corporation and their Regal Department.

decision, a great deal of consideration must first be given to the possible effects a presecution of this type would have on their stockholders, as a result of any publicity which would be forthcoming if Kerox were to be placed in a position of assisting in the presecution of someone, whom they had invited to appear at the Kerox Corporation as a guest.

indicated Xerox Corporation feels they have made great advancement in the field of Civil Rights, and in the employing of members of minority groups, and that if they were now to turnabout and assist in an attempted prosecution of a member of a minority group, simply because he made statements which were distasteful, that they would then be playing right into the hands of men like CLEAVER, and would quickly lose any ground gained in the field of Civil Rights.

At this time, stated that he is aware of the Government's power to subpoena witnesses, and that this fact would also be given serious consideration, prior to their rending a final decision in this matter.

On September 19, 1968, advised that the matter of allowing Xerox officials and/or employees to appear as witnesses for the Government in the matter involving CLEAVER, has been given serious consideration by Xerox and their Legal Department.

He stated at this time that Xerox does not feel, based on CLEAVER's speech alone, that the United States Government's case against him is strong enough to warrant prosecution. Therefore, if Xerox were to allow any of its officials or employees to testify on behalf of the Government, the results could be very damaging to Xerox's image in the Civil Rights field and also cause many of the stockholders to question the administrative policies of Xerox.

concluded by stating that if the United States Government has stronger evidence than CLEAVER's speech alone, and were to make these facts known to Xerox, that Xerox would then feel an obligation to the United States Government, would be most willing to re-evaluate its decision.

Black Panthin Farty, ske Black Penthor Party for Self Defense

A source odvised that the Black Parther Party for Self Defense (BFFSD) was forced by EUET PAMOY NEWTON, Minister of Defense, and BOEBY GEORGE SEALE. Chairman, in December, 1966, as a militant black nationalist political organization to combat "police brutality," to unite militant black youth, and to determine the destiny of black communities. The political philosophy was taken from writings of Chairman MAO Tse-tung of Communist China and black militant writers.

In March, 1968, the name of the organization was changed to Black Panther Party (BFP)

The official BPP publication, "The Black Panther Party - Black Community News Service," states that the BPP advocates use of guns and guerrilla tactics in their violent revolutionary program to end oppression of black people.

On February 17, 1968, ELDRIDGE CLEAVER, Minister of Information, announced merger of the BPP and Student Non-violent Coordinating Committee (SNCC) and bestowed title of Minister of Justice, BPP, upon H. RAP BROWN, Chairman of SNCC.

SNCC is a militant Negro organization which preaches black supremacy.

NEWTON, aforementioned, is incarcerated in the Alameda County Jail, Oakland, California, awaiting trial on charge of murder of an Oakland Police Officer.

Headquarters of BPP and Huey P. Newton Defense Fund are located at 4421 Grove Street, Oakland, California.

Leroy Eldridge Cleaver, publicly identified as Minister of Information of the Black Panther Party (BPP), was convicted in Los Angeles, California, on March 20, 1958, on four counts of assault with intent to commit murder and assault with a deadly weapon as a result of an attempted rape. He was sentenced to serve six months to 14 years as a result of this conviction. On December 12, 1966, he was paroled.

On April 6, 1968, Cleaver and other members of the BPP were involved in a shoot-out with the Oakland, California Police resulting in the death of Bobby Hutton, Treasurer, of the BPP and the wounding of two Oakland Police Officers. Cleaver was charged with assault with intent to commit murder and trial is pending.

The California Adult Probation Authority summarily revoked Cleaver's parole on April 7, 1968, as a result of this incident.

Cleaver, through his attorney, filed a writ in Solano County Superior Court stating that his parole had been revoked illegally.

On July 7, 1968, Judge Raymond J. Sherwin ruled that the California Adult Probation Authority had revoked Cleaver's parole because of his "political activities" and ordered that he be released thereby reinstating his parole.

On September 27, 1968, the California State District Court of Appeals overruled Superior Court Judge Sherwin, stating that the California Adult Probation Authority had not acted illegally. The Court of Appeals ruled that the order to revoke Cleaver's parole become effective in sixty days.

A characterization of the BPP is contained in the appendix.

LEROY ELDRIDGE CLEAVER RACIAL MATTER - BLACK PANTHER PARTY

A source who has provided reliable information in the past advised as follows:

Leroy Eldridge Cleaver, Minister of Information of the Black Panther Party (BPP) (See Appendix), was the featured speaker on a panel on racism held during the afternoon of September 26, 1968, at Campus Hall, University of California at Irvine (UCI), Irvine, California. The auditorium was filled to capacity including temporary bleacher seats. Approximately 2,000 persons attended.

Cleaver's talk was provocative and interspersed throughout with filthy and obscene language. He used particularly vulgar terms whenever he referred to President Johnson and Governor Reagan. During the course of his talk, he issued a challenge to Governor Reagan to a duel, adding "The governor has left me no choice of weapons". He said that within the next two weeks he will publicly issue this challenge in writing in an edition of "Ramparts" magazine, an avant-garde magazine published in the San Francisco area.

Referring to the report of the Presidential Committee on racial rioting, he said words to the effect:

"the pollsters who got up the statistics and claimed that over half the blacks they interviewed were in favor of racial integration were lying, so I said LBJ baby, you know they were lying and you are a lying pig. When they asked what he could say to that, all he could answer was 'oink'.

LEROY ELDRIDGE CLEAVER RACIAL MATTER - BLACK PANTHER PARTY

"The Black Panther Party can use guns. When we get in action we will not use sticks and stones. I say to the 'brother' get some guns and hide them good. The Black Panthers will have guns. in fact it is our ambition to even have some hydrogen bombs.....There is something wrong if a man can't have a gun and stand up for his woman..... I can tell the police department I can use my gun because those pigs are going to use their guns on me..... They say the Black Panthers are suicidal. We say we can't lose. Lay waste to this country. Cripple this country. Get foreign enemies against this country who will come in and destroy it. Then they can pick the gold out of LBJ's teeth. The Black Panthers demand self determination, education, exemption from military service, and all blacks be released from jail. I don't care what the Supreme Court says, what Governor Reagan says or even what my momma says, if they shoot at us we have the right to defend ourselves. This is not racism in reverse, but if a drunken cop shoots at us, or any living thing gets in our way, they gotta go.

"They say we Panthers are a paramilitary group to make mischief for the cops. This is not true. All we are doing is upholding our right to selfdefense."

Chief of Police Robert Heavey, Irvine, California, advised that a crowd of about 1,800 attended the panel discussion which featured Cleaver; U. S. Kepresentative James Corman from Van Nuys, California; Robert Scheer, editor of "Ramparts" magazine and Reverend Blase Bonpane, a priest who has been expelled from Guatemala for allegedly attempting to overthrow the government. Chief of Police Heavey stated that Cleaver was paid \$400.00 plus expenses by the Associated Students Organization on campus. The audience was composed of mostly college students and faculty with a few outside persons in attendance.

Chief Heavey advised that at the end of discussion a group of hippy types stood and applauded Cleaver. No incident followed the discussion.

STUDENTS FOR A DEMOCRATIC SOCIETY

The Students for a Democratic Society (SDS), as it is known today, came into being at a founding convention held at Port Huron, Michigan, in June, 1962. The SDS is an association of young people on the left and has a current program of protesting the draft, promoting a campaign for youth to develop a conscientious objector status, denouncing United States intervention in the war in Vietnam and to "radically transform" the university community, and provide for its complete control by students. Gus Hall, General Secretary, Communist Party, USA, when interviewed by a representative of United Press International in San Francisco, California, on May 14, 1965, described the SDS as a part of the "responsible left" which the Party has "going for us". At the June, 1965, SDS National Convention, an anticommunist proviso was removed from the SDS constitution. In the October 7, 1966, issue of "New Left Notes", the official publication of SDS, an SDS spokesman stated that there are some communists in SDS and they are welcome. The national headquarters of this organization as of April 18, 1967, was located in Room 206, 1608 West Madison Street, Chicago, Illinois.

(RPI) TROY, NEW YORK, ON OCTOBER 10, 1968

A confidential source, who has furnished reliable information in the past, advised on October 11, 1968, that LEROY ELDRIDGE CLEAVER spoke at Rensselaer Polytechnic Institute(RPI) Troy, New York, on the evening of October 10, 1968, in the gymnasium. The source stated CLEAVER's appearance on the RPI campus was sponsored by the Inter-Fraternity Council, an association of fraternities at RPI, which paid him \$500; no admission was charged.

CLEAVER's appearance was the result of a letter written by the Inter-Fraternity Council to all Presidential candidates requesting they speak on the RPI campus.

Source stated that about 1500 persons, predominantly students, heard CLEAVER's speech, which was unenthusiastically received, except for approximately 100 people who sat in the front of the gymnasium.

The source stated CLEAVER was introduced by FETER DEVINOVICH, who described himself as the New York State organizer of the Peace and Freedom Party(PFP) and who described CLEAVER as the Minister of Information of the Black Panther Party(BPP), and the Presidential candidate of the PFP.

DEVINOVICH described the PFP as a recently-organized, completely independent, political party which is controlled by

the membership. DEVINOVICH stated the BPP and the PFP are associated but that each works independently. He said the PFP has no illusions that CLEAVER would be elected President of the United States.

A characterization of the BPP is attached hereto.

A second confidential source, who has furnished reliable information in the past, advised that CLEAVER's speech at RPI was filled with obscenities and earthy language. Source stated CLEAVER often compared the United States with the Babylonian Empire, and he was very critical of the U.S. policy in Vietnam. CLEAVER criticized President JOHNSON, Governor RONALD REAGAN of California, and all leading Presidential candidates. CLEAVER stated that a vote for any of the three candidates whom he called "pigs" would be a crime against humanity.

He praised HUEY NEWTON, whom he described as the Minister of Defense of the BPP, who had been found guilty of shooting a policeman in California while defending his rights.

Both sources referred to above advised that CLEAVER stated he was on parole from the State of California and that he had 45 days to report back. CLEAVER stated he had spent nine years in prison and that he would speak wherever he wanted for 44 days and that on the 45th day, he would go into the black community of the Oakland, California, area, where he would be protected and that he would die before going back to Prison.

The second confidential source, above, stated that during the course of the speech, CLEAVER stated he

BE: LEROY ELDRIDGE CLEAVER

would fight for any country fighting to free itself from colonialism and the raciat capitalistic system.

There were no incidents or arrests.

BLACK PARTHER PARTY, aka Black Panther Party for Self Defense

A source advised that the Black Panther Party for Self Defense (BPPSD) was formed by EUEY PERCY NEWTON, Minister of Defense, and BOBBY GEORGE SEALE, Chairman, in December, 1966, as a militant black nationalist political organization to combat "police brutality," to unite militant black youth, and to determine the destiny of black communities. The political philosophy was taken from writings of Chairman MAO Tse-tung of Communist China and black militant writers.

In March, 1968, the name of the organization was changed to Black Panther Party (BPP).

Party - Dlack Community News Service, states that the BPP advocates use of guns and guerrilla tactics in their violent revolutionary program to end oppression of black people.

On February 17, 1968, SLDRILGE CLEAVER, Minister of Information, announced merger of the BPP and Student Nonviolent Coordinating Committee (SNCC) and bestowed title of Minister of Justice, BPP, upon H. RAP BROWN, Chairman of SNCC.

SNCC is a militant Megro organization which preaches black supremacy.

NEWTON, aforementioned, is incarcerated in the Alameda County Jail, Oakland, California, awaiting trial on charge of murder of an Oakland police officer.

Headquarters of BPP and Huey P. Newton Defense Fundare located at 4421 Grove Street, Oakland, California.

Reurairtel 10-11-68 concerning subject's scheduled speech at University of North Carolina, 10-19-68.

For your information, Cleaver has been speaking frequently on college campuses. His speeches are typically filled with obscenities and he has frequently made statements which could be considered revolutionary. The Bureau desires to bring any possible revolutionary statements to the attention of the Department. Cleaver's speech should be adequately covered. Tape recording of speech is desirable in the event any source or local police plan to make such a recording. In this event, copy of the recording and a transcript of the speech should be forwarded to the Bureau.

Eric Lincoln is apparently identical with C. Eric Lincoln, author of "The Black Muslims" and "My Face is Black." Between 1952 and 1957, Lincoln was a Potential Security Informant of the Chicago Office in connection with Communist Party and Labor Youth League matters and of the Atlanta Office cincerning Nation of Islam matters. In August, 1957, Lincoln disclosed his previous relationship with the Bureau to a newspaper. He has not been contacted since. On 2-15-67, Stokely Carmichael was a guest of Lincoln, then a professor at Portland State College, Portland, Oregon.

Renytel 10/13/68 concerning the subject's speech at Junior High School 258, Brooklyn, on 10/13/68. The subject is said to have stated that he is scheduled to appear for a parole board hearing in 42 days, but is not going back to California and hopes that the BPP and the black community will hide him.

New York should insure that all details concerning these remarks are obtained from those sources who heard them, because they show that the subject is at least considering leaving California where it appears he has an excellent change of being returned to prison as a parole violator and where he still must stand trial on several serious assault charges.

New York and San Francisco informants should be alerted to obtain any information which might indicate that the subject plans to leave California to avoid further confinement. It is not improbable that the subject would prefer leaving the United States rather than face another long prison term.

His parole was revoked in 4/68, but he has been able to avoid returning to prison by legal maneuvers. The California State Court of Appeals has ordered his parole revoked and this is effective 11/27/68. In addition, he and 7 other BPP members are scheduled to stand trial in 12/68 on assault charges arising out of a gun battle with Oakland police in 4/68. There has been no previous indication that Cleaver was considering fleeing to avoid confinement.

LEROY ELDRIDGE CLEAVER RACIAL MATTERS - BLACK PANTHER PARTY

A source who has provided reliable information in the past advised as follows:

Leroy Eldridge Cleaver, Minister of Information of the Black Panther Party (BPP) (See Appendix) and presidential candidate of the Peace and Freedom Party (PFP), a legally constituted political party in the State of California, spoke at the Pauley Pavilion on the University of California at Los Angeles (UCLA) campus on October 4, 1968. Cleaver was invited to speak as part of a lecture program in which all presidential candidates were offered an opportunity to speak. Cleaver is the only candidate who has accepted to date. The conditions under which Cleaver was allowed to speak were that all arrangements were to be handled by the PFP and that no advance publicity be given Cleaver's speech. In addition, Cleaver does not speak as a representative of the BPP nor does he receive any honorarium. No distribution of literature was allowed on the campus.

A second source who has provided reliable information in the past advised that Cleaver spoke at Pauley Pavilion at UCLA from 12:30 p.m. to 1:30 p.m. Source stated that Cleaver spoke to a crowd of about 6,000 persons, most of whom were students. Source advised that Cleaver's speech was basically anti-establishment, interspersed throughout with obscentities. Cleaver led an obscene chant making reference to Governor Ronald Reagan. Source advised that he observed 14 Negros dressed

in black leather jackets, fingertip length, and black berets who appeared to act as bodyguards for Cleaver. Source advised that he observed no firearms on these persons but that the jackets were very bulky and no bulging objects could be noticed. Source advised that no incidents occurred.

An article reporting the speech appeared in the Daily Bruin, a campus newspaper at UCLA, dated October 7, 1968. The article was written by Daily Bruin City Editor, John Parker, entitled, "Cleaver: Peace, Panthers and pigs", and contained the following quotations attributed to Cleaver:

"We have got to get into a frame of mind where we realize that Karl Marx had a whole lot to say about how the society should be run.

"We have got to be able to say we love you MAO Tse-tung; we love you HO Chi-minh; we love you Fidel Castro."

The article stated that Cleaver called all three presidential candidates "pigs" and that the Democratic and Republican Parties should be dumped in the garbage can where they belong.

The article continued quoting Cleaver:

"I say oink to all of them (the presidential candidates). There's a storm brewing, and the people are going to say (to the establishment): Up against the wall mother (obscene). You done wrong."

The article stated that between 7,500 and 8,000 students were present during the speech and that Cleaver received a standing ovation when he concluded.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

APPENDIX

BLACK PANTHER PARTY Also Known As Black Panther Party for Self Defense

A source advised that the Black Panther Party for Self Defense (BPPSD) was formed by HUEY PERCY NEWTON, Minister of Defense, and BOBBY GEORGE SEALE, Chairman, in December, 1966, as a militant black nationalist political organization to combat "police brutality", to unite militant black youth, and to determine the destiny of black communities. The political philosophy was taken from writings of Chairman MAO Tse-tung of Communist China and black militant writers.

In March, 1968, the name of the organization was changed to Black Panther Party (BPP).

The official BPP publication, "The Black Panther Party - Black Community News Service", states that the BPP advocates use of guns and guerrilla tactics in their violent revoluntionary program to end oppression of black people.

On February 17, 1968, ELDRIDGE CLEAVER, Minister of Information, announced merger of the BPP and Student Nonviolent Coordinating Committee (SNCC) and bestowed title of Minister of Justice, BPP, upon H. RAPP BROWN, Chairman of SNCC.

SNCC is a militant Negro organization which preaches black supremacy.

NEWTON, aforementioned, is incarcerated in the Alameda County Jail, Oakland, California, awaiting trial on charge of murder of an Oakland police officer.

Headquarters of BPP and Huey P. Newton Defense Fund are located at 4421 Grove Street, Oakland, California.

NOT RECORDED 26 OCT 24 1988

By George Putnam September 11, 1968

There is a serious and great question in this reporter's mind whether a newsman should ignore such militant organizations as the Black Panthers—give them no publicity whatsoever—or whether it is the newsman's responsibility to bring to public attention what this paramilitary organization of military racists has in store for the United States of America. It is this reporter's opinion the latter course must—in all good conscience and responsibility—be followed.

NEWSEEK MAGAZINE, in its September sixteenth issue, offers a word from the Peace and Freedom candidate, ex-convict Eldridge Cleaver, who is the Presidential nominee of the Peace and Freedom Party--and the Black Panthers' Minister of Information.

Last week, Eldridge Cleaver stood before a group of 175 attorneys, all under the age of thirty-six, in a San Francisco dining room--and he told it like he is. Standing there, dressed in black and wearing a tiny pearl earring in his left ear, he told the barristers' club they could best help the black movement by donating machine guns.

It is this reporter's opinion that it is important that all of us listen and understand what this ex-con has to say. "America is up against the wall," says Cleaver. "This whole apparatus—this capitalistic system and its institutions and police—all need to be assigned to the garbage can of history, and I don't give a—blank—who doesn't like it. If we can't have it, nobody's going to have it," says Cleaver. "We'd rather provoke a situation that will disrupt cities and the economy so the enemies of America could come in and pick the gold from the teeth of these Babylonian pigs." This an obvious reference to police officers to whom he always, as the Panthers do, refer as pigs.

At that point, Cleaver shouts at his audience--"Up against the wall, you mother--blanks--! I could go into the White

100-447251-

Sm

House and come out-blank-rich. But I'm too young, so I have to say-blank-the White House-blank-the electroal system-blank-all the pigs-and-blank-the power structure." Now naturally, he didn't say "blank"-he used another verb.

And Cleaver continues his tirade. "You're all chacing dollars, but there are other people who are chasing dollars to buy guns to kill judges and police and corporation lawyers. We need lawyers who have a law book in one hand and a gun in the other, so if he goes to court and that—blank—doesn't come out right, he can pull out his gun and start shooting."

And then Cleaver continued, "If I could got two machine guns out of this crowd, I wouldn't care if you applauded me or threw glasses at me, and then I'd get my black--blank--out of here."

And then, lest anyone mistake his full meaning, Cleaver concluded with these remarks, "I meant all my insults to those who won't choose my side—the right side. You people can take your wallets, credit cards, and cut your mother—blank—neck. You people on the other side, I love you. I hope you'll take your guns and shoot judges and police."

Then Cleaver--ex-convict, Black Panther Minister of Information, and Presidential nominee of the Peace and Freedom Party, gets a polite ovation, if you please, from the 175 lawyers--all under age thirty-six. One of the lawyers asks--"What can we whites do to help the black man's cause?"

Cleaver responds -- "Kill some white people."

At that point, the meeting ends, and as the crowd moves toward the elevators, one young lawyer--pink cheeked--turns to a companion and remarks, "Say, his speech certainly reflects the growing polarization between the races, doesn't it?"

This same Eldridge Cleaver, the Peace and Freedom Party candidate, states in his most recent directive, "The Black Panther Party is organizing and arming black people across this country."

At another point he states, "We are very concerned with the development of a strong, radical movement in the white community." And again he states, "We have formed a working coalition with the Peace and Freedom Party. in California and a number of other states."

Eldridge Cleaver and the Black Panther Party are busy on many fronts. This revolutionary group has the support of the Free Huey movement—the Afro-American Student Union—the Black Student Union—Honkies for Huey—The Young Socialist Alliance—the Socialist Workers' Party—the Independent Socialist Club—the Students for a Democratic Society—the Progressive Labor Party—and numerous anti-draft and anti-war groups.

But perhaps the most productive affiliation for the Black Panthers have been their merger with SNCC--their coalition with the Peace and Freedom Party--and the recent declaration of the Communist Party of the United States that it supports Huey Newton.

As I said at the outset, the people have a right to know what the Black Panther Party has in store for them. But what a strange spectacle it is to witness 175 American attorneys—officers of the court—crowded into a San Francisco dining room to hear an ex-convict as he rants and rages and insults them—tells them how he plans to destroy them and every other white man—and then give this revolutionary a very polite ovation!

And when one of them asks what whites can do to help the black man's cause, this man of "peace and freedom" responds, "Kill some white people." And those 175 attorneys--officers of the court--give this revolutionary a very polite ovation--after hearing this plan for their own execution!

Copies of this memorandum are being provided locally to Intelligence Agencies of the Army, Navy, Air Force, and to Secret Service.

The Saturday, October 5, 1968, "Extra" edition of the "Black Panther Party" newspaper, the official publication of the Black Panther Party, contains two open letters printed on page two under the following captions:

"Open Salvos From a Black/White Gun"

"Following are two statements on the same subject by madmen grappling with the cause of their madness in search of a cure. We have delivered out of the political arena into the wilderness of our own drawn minds. We will not dissent from the American government. We will overthrow it."

One of the letters indicates the writer as Leroy Eldridge Cleaver, Minister of Information of the Black Panther Party. The letter reads as follows:

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

1968 — the year of the pig. The death of the ballot, the birth of the bullet — here is the choice — contemptuously thrust in our face by this decadent racist power structure: racist pig Humphrey, racist pig Nixon, racist

pig Wallace for President! So where do we go from here?

Into the streets! Into the alleys! Back of town! Onto the rooftops! Behind whatever shelter remains for a black person here in Babylon! This is the nightmare election year of the American dream. The Republican Party and the Democratic Party have told black people to kiss the ass of the elephant and the donkey. They have done this in no uncertain terms. It is time for black people to tell the elephant and the jackass to go fuck each other - political and moral cretins that they are. Yet we cannot sit idly by and allow these vipers to run their game on us without even raising a dead finger in opposition. It is very clear that there is no way left for us to offer any opposition through the traditional political machinery. These merciless demagogues have so firmly grasped this machinery in their clatches that even the white supporters of McCarthy and Kennedy got all the fat whipped off their heads in Chicago when they tried to oppose the mad dog power play of meathead Humphrey. Our only recourse. is to join in a second Boston Tea Party in order to blow their game. In order to blow their minds, we must chart our own course, a new course designed to manifest how we feel about the insufferable political manipk lation and chicanery that has made the national election into a circus devoid even of the saving grace of humor. This shit is not funny. These pigs are plotting our death. These vicious reprobate, conniving scoundrels are plotting genecide against us. What do you think this featherweight, featherbrain Alabama racist, George Wallace, has up his sleeve for niggers? Extermination. The final solution to the Negro problem.

We don't have to go for that. That's not our issue. That is not the goal towards which black people have been struggling, dying, for these painful four hundred years. Our fight is for freedom, for liberation, by any means necessary, as Brother Malcolm also said that it's gotta be the ballot or the bullet. The pigs of the power structure have taken off their masks and revealed themselves to be precisely what we have always known them to be. Murders, liars, miserable genocidal wretches. These pigs themselves have already closed down the polling places, the ballot boxes, in so far as any meaningful solution to the black man's problems is

concerned. Right on!

Are we to lie down and grovel on our bellies, on our knees, like a begging Lazarus, hoping that these fiends will toss us a few crumbs when they introduce another bulishit four-year program into the pigpen of the United States Congress? Fuck these motherfuckers! Let's go for ourselves. Let's go for what we know. And what do we know? We know, in the words of Huey P. Newton, Minister of Defense of the Black Panther Party, that the spirit of the people is greater than the pigs' technology. They seek to deprive us of life, of our human rights, of a future, through their rigged technological-political crap game. Only snake eyes are on the loaded dice for us within the confines of the American political system. So there's nothing left for us to do but to break up this crap game, to pick our money up off the wood and demand a brand new pair of dice from the house. Let the pigs dance a jig to the star spangled banner. Let us do the dog in the streets. Let the pigs of the power structure put each other through these assimine changes and let us put all the pigs through a final change. Let us join together with all those souls in Babylon who are straining for the birth of a new day. A revolutionary generation is onthe scene. There are men and women, human beings, in Babylon today. Disenchanted, alienated white youth, the hippies, the yippies, and all the unnamed dropouts from the white man's burden are our allies in this human cause. The entire anti-capitalist, anti-imperialist world of mankind is with us. Let us manifest our solidarity with them. Let us say loud and clear that we are not going to accept four more years of Slavery, Suffering and Death under the hooves of racist pigs. Until this house is set in order, let us plant our tent on the fighting words of Brother Robert Williams: "America is a house on fire. Freedom now or let it burn, let it burn." Eldridge Cleaver, Minister of Information

A characterization of the Black Panther Party is contained in the Appendix.

Radio station WAMU on American University Campus taped the speech by CLEAVER. This tape was obtained by the source and is the basis for the transcription in the LHM.

Copies of the LHM will be disseminated locally to Secret Service, AUSA, OSI, NISO and 116th MIG.

also advised that he had heard subject received \$300 for his engagement and asked for an additional \$500 should his speech be published or recorded for broadcast. PSI was not able to confirm this but it is the rumor on the campus.

With respect to the heckling of subject there was no organization and it was entirely individual instances numbering no more than five or six during the entire talk. On one occasion a voice from inside a nearby dorm said, "Why don't you give me a break?". Subject responded, "I'll break your (obscene) neck." Other indistinct remarks brought responses from subject such as "I'll see you there," apparently referring to hell.

CONFIDENTIAL

DECLASSIFIED BY 60309 AUC TAM/MLT/EHL ON 11-30-2005

LEROY ELDRIDGE CLEAVER

A confidential source, who has furnished reliable information in the past, advised that Leroy Eldridge Cleaver gave a speech at American University, Washington, D. C., on Cctober 18, 1968. Cleaver's appearance was sponsored by the "University and Revolution" course at American University under the direction of the School of International Service Assistant Dean Cary Weaver. Prior to Cleaver's appearance, Roselyn Cabrielski, a self-admitted member of the Students for a Democratic Society (SDS), said the SDS was also sponsoring the program.

The SDS is described in the appendix pages.

Cleaver was introduced by an individual who identified himself as Dennis Sinclair (phonetic), National Coordinator of the Peace and Fragion Party. Sinclair introduced Cleaver as author of the book "Soul On Ice", lecturer and presidential candidate of the Peace and Freedom Party.

The source advised that about 1,500 persons attended the speech which was held in the Woods-Frown Outdoor Theater at American University. The audience was composed mainly of white, college age Individuals, Cleaver spoke for about forty five minutes and was generally well received by the audience. The source advised that there were no incidents or disturbances in connection with the appearance.

The source obtained a recording of Cleaver's speech, a verbatim transcript of which follows:

GROUP 1

Excluded from autometic downgrading and declassification

(Applause) I want to say that I'm very glad to be here particularly because this is the Capital of the United States of America, the pig pen of Babylon. (Applause) I'd like to come here in a Sherman tank. This is the place where mass murder is plotted against the people, where simple minded mother fuckers like Lyndon Baines Johnson (Applause), Hubert Humphrey, Richard Nixon and all these other political freaks enact their plots against the people. Yesterday I went down to see my parole officer in San Francisco to get his permission to come here, and he told me that he thought I shouldn't come here because the FBI had contacted him and stated that because some black cat had been shot by a cop for jaywalking that the situation here was too tense, that they didn't want anybody here talking crazy and that it would be better if I didn't show up here. Well, my parole officer has been thru a lot changes and so he left it up to me, it was my decision, and so I came and fuck J. Edgar Hoover (Appleuse) and the FBI and all of them because they seem to have forgotten that they are public servants. that they don't own the people of this country, they're supposed to be carrying out a job for the people, and I know that they are here today and I wonder if they will stand up and identify themselves. (Laughter and Applause) Are there any pigs here today? It's a strange situation when you know that they are here emongst the people but for some strange reason they won't stand up. They must be up to something wrong. Because I don't know why that they feel that is necessary for them to hide. to infiltrate audiences and to sneak around and peep around and snoop on the people. There must be sceething wrong with what they are doing, infiltrating. They must be enemies of the people instead of public servants. I say they are enemies of the people because this entire government, this entire government of the United States ... well, all of the governments of the United States; state, local, federal, secret, undercover, behind the scenes, all of the pigs of the power structure are the enemies of the people, so, they do well to sneak around and infiltrate audiences and not make themselves known because

COMPREMIAL

I'm sure that there will be somebody who'll remember their face and when the shit goes down that somebody might grab him by their neck and break it. (Applause) Because that's what happens to the pigs in the situation we're in and the one that we're coming into. They want to make us believe that the people of this country have become impotent, that there is nothing that they can do to move to control their own destiny, that in fact you have to leave it up to buffoons like this racist pig from Alabama, George Wallace (Applause), or this...my home boy, my home boy bone nose Nixon, and meat head humphrey. Listen, I don't know how many of you are going to vote in November but I would tell you this, I'm not here seeking votes. I'm the presidential nominee of the Peace and Freedom Party, but it's only the visionaries within the Party who think that we're going to have a Fresident in the White House this time around. As a matter of fact if I was elected I would not enter the White House. I would send a wrecking crew there to burn the mother fucker down. (Applause) Burn it down and we could build a monument to the decadence of the past on the ashes that would be left because there is nothing happening there. There's never been a President in that building who has done his job, who has fullfilled his responsibilities to the people, there have been gangsters, criminals, and cutthroats in that White House and it needs to be abolished along with the political machinery in this country that allows them to wiggle their way into there. It needs to be abolished, if you don't realize that then you don't understand what's going on in the world today, you don't understand the task confronting your generation and you're not going to be able to deal with it when it's thrust upon you. It's coming to you, you have pigs like General Hershey, General Curtis Le May, General Edwin Walker from Texas, you remember him? He was the first of the mad men to manifest himself out of the ranks of the United States Army in our time. I don't know what...I just want to cuss, you dig it? Washington, D. C. ... some cold shit. But I come from a state where they have this place they

call Disneyland, and we have a governor out there from Disneyland also, (Laughter and Applause), his name is Mickey Mouse Reagan, your probably familar with him from having suffered thru some of his grade B movies, you know. But I think he did all of us a favor because there were a lot of people who were confused by him, they didn't know really where he was at, they had some suspicions but when the students at Berkeley offered to let me participate in a course there he ran out front and oinked in the face of the people and now they see him for what he is a racist pig who has nothing on his mind, nothing. But he has behind him a lot of political manipulators who have power on their minds, number one amongst them is this Donald Duck Rafferty, Max Rafferty, have you ever heard of him? Have you ever heard of Max Rafferty? Too bad, because he's bad news. He's built a career and is snooping around in the text books combing thru the footnotes trying to find the word communism or red or a lot of other categories that he thinks are subversive and he managed to wiggle his way into public office that way. This punk has a Ph.D in physical education, they call him Doctor Rafferty. He's a doctor of baseball, volleyball and some of them other balls that he's into. He's a simple punk that's what he is. But I say I'm most concerned with this man. Ronald Reagan. because I challenged him to a duel, I was serious about that shit. I reiterate the challenge right here in the capital of the United States, that I challenge Ronald Reagan to a duel to the death or until he says Uncle Eldridge. Dig it. (Applause) And I will give him the choice of weapons, he can choose anything from a baseball bat, a knife, a gun or a marsimallow and I'll beat him to death with a marshmallow. That's what he's into but the punk didn't accept the challenge. asked him about it at a news conference and he came out with some long verbage, you know. But I told him I would meet him in a alley on a dark street, anywhere and I'd kick him in his ass because that's what he needs (Applause), that's what he needs. But what he did instead of moving to deal with that

situation he went to my perole officer to the prison officials and he's got these chumps talking about I got to go back to the penitentiary. I ain't going, see, I'm not going.; (Applause) Therefore, if he wants anybody to go back I say he can send his mama there and he can go back there with her and be her cell partner if they're into that, I don't know. But he's into so much other simple bullshit that I can't begin to relate to him or the parole people or those pigs that control those penitentiaries I went there once ... I went on a field trip for you to investigate that shit so that you wouldn't have to go and I'm here now to give my report. And I just vant to say I want to make it brief that there ain't nothing there that you need to go there to get, you can get it out here, we got pigs out here and they have pigs in there and they all oink in the same voice, so you don't need to go in there to investigate that. I'm satisfied with the time I spent there, while I was there I want to every part of it from the hospital to solitary confinement, I didn't like enything about it including the medicine, and they can have it and I'm not going back, I'd rather stay out here, die out here than go back in there and have those pigs having me up against the wall (later for that) I'm going to stay out here, shoot me down in the streets, shoot me right now, I'm not going back to the penitentiary, I didn't leave nothing there except half of my mind and half of my soul, they can have that (later for it). So Mickey Mouse Reagan, lynching Daines Johnson, meathead Hamphrey, bone nose Mixon and this little featherweight. featherbrain punk from Alabama (later for you, later for everything that you're into) because what we're about is bringing an end to your game. (Applause) It's overdo and you can no longer get away with it, I don't give a fuck how many signs they have up there talk about Nixon is the one. Yea, he is the one, he is the one, he is the one going into the White House in November, all this propaganda about a ground swell of public opinion for George Wallace all of this is publicity manipulated and paid for by Richard Mixon because he wants to be able to come before the people and say we have a wild

eyed radical on the right, I'm in the middle, and we had a wild eyed flaming left wing radical, meathead Humphrey on the left. We can't be going for that, we have to start thinking about alternative ways of dealing with this situation. say this, that since they have closed all the channels for a redress of the grievances of the people that we have to look at history for precedents and we have a very fine one that they call the Boston Tea Party. We need another Boston Tea Party from one end of Babylon to the other (Applause) because if we can't get it that way...and I'm not talking a tea party where white people put on some Indian clothes and some head dresses and pretend to be dissatisfied. I'm talking about white people coming out in there own face with some real Indians there, with some black people there, with some Puerto Ricans there, with every ethnic group that we have in this country there to protest. not only to protest but to take some action to drag the pigs of the power structure out by their ears and throw them intothe garbage cans of history where they belong. (Applause) Because they are nonfunctional for us today but they have gone for us today without work I don't care whether they like it or not. I know they don't like it but what they have to do is just come on out front tear up the Constitution. Let the people know the Constitution and the Bill of Rights are nothing but toilet paper so that they can begin to wonder what is the relationship between the people in this country. We say all power to the people, black power for black people, white power for white people, red power for red people, brown power for brown people, yellow power for Mao Tse-tung, Mo-Chi Minh and all of their brothers and sisters, (Applause), whether the pigs of the power structure like it or not. Whether they like it or not, whether you like it or not, whether you can relate to it, the oppressed people of the world are moving, they're not going to accept this shit any longer and we're here within the belly of the whale in Babylon to join forces with them, not ashamed of it, in fact proud of it, proud to take our place in the ranks of the revolutionary third world, and we ask all white people who can relate to that to come out and help to deal with this situation so that the people of the

world can be liberated. (Applause) I know that a lot of people, particularly black people get up tight when I say white power for white people; someone asked me one day what you talking about, man, white people for white people, I mean they been fucking over us all this time and why you want to give them some more power, even talk about power for them. But the point is that white people may think that they have had power in this country but they've had pig power masquerading in their name. They've had pig power or else why would they need power in their hands now in order to get the pigs off their backs. (Applause) I think that that distinction is becoming clear, the contradiction is becoming more apparent and we need definitions that would distinguish the people from the pigs because there are more people in this country than there are pigs. There's the pigs in the audience, the cops, racist gestano pigs but there ere-more people here than there are pigs and if I thought there were more pigs here than there were people I would just stand up here and oink so that they could understand me. (Laughter and Applause) There are more people in this country than their are pigs. Now they put out a lot of lying propaganda about the Black Panther Party, they say that the Black Panther Party is a conspiratorial organization. that it's racist and that it wants to do is to drive through the white suburbs and to murdor all the little white children. Well, this is part of their program of distortion to perpetuate confusion so that the people of this country will be locking at each other as their encules instead of focusing on the true enemies of the people. If you notice any nous about the Black Panther Party what you've heard in terms of violence is always been cases of members of the party in confrontation with the Police Department. You cannot find any incidents of members of the Black Panther Farty in any altercations with people, just plain ordinary Joes and Johns, ordinary citizens of the community. You won't find that but you find instances where ve defend outselves against these pigs who come into our community like a occupying army who are there to protect the

THE STATE OF THE S

LEROY ELDRIDGE CLEAVER

interests of these businessmen, there to keep black people suppressed and contained, yeah, we repudiete them, we want them cut of our community and we're going to get them out if we have to drive them out with guns because they are there with guns, black people have lived under the gun every minute that they've been here and we want an end to that and the only way we see to bring an end to that is to get their gums out of our community and we think we have a right to that. We believe that we have a right to that, we don't see any reason why we have to submit to that kind of shit. Take their guns back to the white community if the white community will tolerate that. But get out of our community, our demand is that those who police our community must live in our community. (Applause) You gonna come in there and brutalize us you come there and sleep at night so we will know how to find you because when you brutalize us you shoot us we gonna hang you by your nother fucking neck until you dead. And you need to know that, you need to know that just as the Jews hunted down Adolf Eichmann we gonna keep a list ourselves and when we get our hands on you we gonna execute you for crimes against the people. Why is that you can take Hitler and his followers; Mussolini and his followers; Tojo and his followers and take them to Muremberg and put them on trial for being war criminals, well, you're just as much war criminals as they are, you are human rights criminals, you are guilty of denying the people life. liberty (a trumpet or something sounds at this time and Cleaver says fuck you) and the pursuit of happiness. You're guilty of that, we no longer accept it, we never really dug it and we're just now getting to a situation where we know we don't have to go for it any longer and we're very glad about that and we're not going to miss this opportunity because it locks to us like we have genocide in store for us on the horizon. We have a pig like George Wallace running around here receiving the endorsement of General Hershey the same churp who sends these greatings to these young black brothers and you young white brothers here to go to Vietnam and murder those people over there, for what? Any time we

have a punk like that, a General produced by this Army and another one Curtis Le May who has the audacity to be the running mate of George Wallace, and then Edvin Walker, anytime an army produces three men like that I say that it needs to be abolished lock, stock and barrel. That we don't need it. (Applause) We don't need an army. We don't need an army because the people of the world needs armies against this army. Because whether you know it or not, whether you like it or not the United States of America has become the number one enemy of mankind, the number one obstacle to human progress and they are doing all these things in the name of the people, talking about it's in the interest of the people that these things be done and that's a lie. That's a lie, the people of this country have no interest, no vested interest in continuing that surderous war in Vietnam, they have no interest in perpetrating these wars on the people of the world. In fact, the interest of this country, the interest of the people of this country is to put an end to war, put an end to exploitation (Applause) and to put an end to all contradictions (Loud Applause) amongst the people. Because there is no longer any need for that, there sin't no need for that shit. Technologically speaking, productivity is such in this country, the means of production are so vast in this country that there is absolutely no reason for the people of this country to be involved in a dog eat dog rat race for existance. There is no reason for that shit, (Applause), the only reasons ... we don't have economic reasons for that, they are only political reasons. The fact is that this system is organized on a capitalistic basis, that in order for everything or anything to happen in this country, some big fat capitalist has to make a profit or to see some possibility of making a profit. I say that we need to puteen end to profit motive in civilization and substitute one of cooperation (Loud Applause) ... substitute the profit... substitute the principle of cooperation because there is no conflict on the face of the planet earth today that cannot be solved. Everything from the war between the Jews and the Arabs, that even can be solved, they're all the

same people, they're all semetic over there. If you get these capitalistic imperialistic bastards out of Vietnam. if you get them out of the middle east, stop them from supplying arms to both sides, you can put an end to that conflict. Let them know that they're not going to be able to continue stealing oil from the middle east, that the revenue from the oil there should go to build up the life for the people there and all the resources of the planet earth should be employed to insure that every man, women's and child on the face of the planet earth receives the very highest and the best standard of living that human knowledge and technology is capable of providing. (Applause) They have a right to that, anything standing in the way of that has to go. Anything and everything standing in the way of that has to co. and we have no need of being fearful of taking a stand on that, because after all, the only thing that they could do is to put us in the penitentiary or kill us. That's the only choice that they have, the only choice that they have as far as I'm concerned is killing me. Becsuse remitentiary has been ruled out and we all (a helicopter flys by) (fuck you) ... we all need to get into a frame of mind where we do not be intimidated by pigs and helicopters, by pigs crawling around on the ground, pigs masquerading as students, pigs masquerading as members of the mass media or the pigs of the mass media themselves. (Laughter and Applause) We don't have to be intimidated by them. We don't have to go for their lies. We have to recognize that the basic problem of this country today is that of confusion. Primarily because of the distortions, the lies that we hear over the radio, television, and through the newspapers and magazines. They have to clean up the lies and smooth over...gloss over all this shit that is going on. You have a president who has been repudiated by his own party because he is a liar. He's not the first president who was a liar and the next chap that gots in there, he is going to be a lying mother-fucker, sec... because he's lying to get in you dig it. They call that a creditability gap. What does that mean? Those American euphomisms, he's a lying notherfucker, that's what he is. From Texas, from (Applouse) Texas

where they like everything big. see, so he's a big liar from Texas where they like everything big (Laughter), a big lisr. You see, he made a big mistake too, the first thing that he did when he got into the White House was to turn off all the lights. remember that, talking about he was trying to save money on the electricity bill, he wasn't interested in saving money or he wouldn't be blowing up all that money in those bombs that he's been sending over to Vietnam. (Applause) That's not his concern. You remember his partner, Walter Jenkins, they caught him dirtying the toiler somewhere on the eve of the elections trying to get another vote for his partner. Well, I mean he was campaigning too, he was doing his odd thing the best that he knew how and that might have something to do with why that chap turned off all those lights. (Laughter). I don't know. I mean this, we're at a university and this is where you are supposed to deal with speculation, so I'm just speculating I don't have no concrete information. (Laughter) But there is something wrong there, there is something up under there, you know. I want to say something to the ladies here. Is it against the law to cuss here in Washington, D.C.? Well, I didn't endorse that law, I'm a tex payer too. I get robbed for my money just like enybody else and I don't authorize the law against Eldridge Cleaver standing up on the campus of American University and saying fuck the pigs of the power structure. I endorse the law that would permit that. of you misguided pigs who may be thinking of arresting me for that, I want you to know that as a member of the public and as one of your employers, go semewhere else and watch some of those Republicans and Democrats where the crimes are being plotted and where you would be doing the most good, we don't need you here, as a matter of fact, we don't want you here, you're out of order, go back and tell this decrepit punk J. Edgar Hoover that he has a misconception of his job, not only do we want to abolish his office, we want to abolish him (Applause), because he has been around too long, he's been around too long and the only place that I see for him is in a

museum, in a museum scnewhere along with the army, elong with the Democratic Party (Applause), along with the Republican Party (Applause), along with NEC, ABC, CIA and all the rest of that shit (Applause) (later for that) ... But I want to say this to the ladies, that political power grows out of the lips of a pussy, and we call that pussy power, and what we need in this country is a movement amongst women (two young women got up and left)...there they go running off they haven't heard the rest of it see, (Laughter), come back here with that thing, bring that thing back here, (Laughter), I want to talk about it (Applause) ... Look a here we need a movement in this country amongst the women who will recognize that today everybody in this country is either part of the solution or part of the problem, and we want to get one point across, that everything can be progressive or it can be reactionary. it can even be revolutionary, even love, remance, sex, fucking, adultry, fornication, (to a Clergyman in the audlence) hello father. It can be that way. It can be progressive and I'm saying that the women who feel that they're part of the solution, how can you justify laying up with part of the problem. You can't do that. I'm saying that we need to employ every weapon at our disposal and as far as these men are concerned you have the ultimate weapon between your thighs, and you ought to use it, use it with some discrimination (Laughter) ... instead of just squandering the resources of the people that way. (Applause) I'm saying ... I'm saying that you can put these chaps up tight by cutting them off, cut them off and don't give them no more sugar until they straighten up their hand ... all these black cats cut them off until they join the Black Panther Party, all these white cats cut them off until they straighten up their hand and join the Peace and Freedom Party, have to put some backbone in it, relate to the necessity of men continuing to realize that they are still the masters of the tribe, that the tribe had been set upon by pigs and it is necessary to bring the pigs to bay, a bay of pigs, right

here in Babylon. That's what we need right here so I'm telling you girls get yourselves some buttons. If you don't have the heart to stand up and say pussy power on your lapel. just say P. power, and people will understand what you mean. (Laughter) Fut you are not justified to give aid and comfort to the enemy. (Laughter) Drive these chaps away from you, if they come to you on the telephone hang up in their face, if they write you letters tear them up and flush them down the toilet and if they come knocking on your door sic a dog on them, but make them act in the desired manner or don't let them act at all...later for them...and if you don't do that all that I can say is shame on you, you may as well go and lay up with Lyndon Johnson or meat head humbrey, bone nose Nixon, Wallace, Rafferty or that chap from California by the name of Mickey Mouse Reagan, go lay up with them and make it obvious as to where you are at because what you are doing now is slowing down time, slowing down the revolution, slowing down the struggle and letting those chaps masquerade as men, just because they have been born with a dick between their legs don't' make thom a man, there are other standards that you have to live up to, this is why we say that certain people behave as though they are less than a man. So there are standards to live up to and one of those standards is to see to it that people are not suppressed and oppressed and suffering of the yoke of these pigs. So I would ask you to get into that and I'm going to keep on talking about it, and you ought to be glad that I'm doing it, because I'm doing it because none of you have the gall to stand up here and do it for yourself (Applause). I know that there must have been a lot of you who have wanted to do that. It must have been a lot of you who wanted to talk about that in public but you probably felt a little intimidated by the victorian morals that you read in the newspaper, that you see on television and that masquerade as the behavior of the people. (a group of older people left) Good bye all you old people I don't know why you came down here in the first place. Listen all of

these fathers are notherfuckers they're notherfuckers, they fuck their wives in order to have babies. Your mother and father laid up and fucked, that how you got here. You didn't come out of no test tube and no stork brang you here. they want you to say is intercourse, that don't ring no bell for me, I say pussy power, I say motherfucker, every father is a motherfucker, and every mother is a father fucker (Laughter), and you're hypocritical, you're hypocritical, and you have a word problem, if that puts you up tight, and one of the reasons that I go around talking like this in public is not because that I don't have over a five word vocabulary, I could straighten up on a few words, but I do this because I know that this puts it out of these chaps up tight and I want to keep them up tight in every way that I can think of (Applause). everyway that I can think of. If you don't like the way that I walk, I'm going to walk more like that. If they don't like the way I talk, I'm going to talk more into that. If they don't like the way I look I am going to look like that, that why you should let your hair grow long so that you can freak out some more. The only place that we draw a line is that we can't go along with not taking a bath because there are certain things that just get fucking. I don't see why we should put ourselves to that change. So we draw the line there but anything else we can do, let's do it to put them up tight, to keep them up tight, to make them nervous so they have to stay drunk in order to relate and we can continue to turn on and get high (Applause) and we can speed up time and move faster, later for them and their alcoholic torture because it is passe, it's out of style and it is nonfunctional for the present and future. Now just so I won't be arrested by myself, or so I won't have resist arrest by myself I want to recruit some crime fighters right now, and I want to tell you about a song that we have been writing, the name of the song is Fuck Ronald Reagan, it has three stanzas, each stanza has three lines, each succeeding line is precisely the same as the preceeding line and the first is absolutely the same as the title. (Laughter and Applause) All you people who

don't want to be confused or who don't want the pigs of the power structure to confuse you who might join in, and I'm not going to sing this by myself. You had better leave now, ok, Bye Bye. So I'm going to be your choir master today and I'm going to start with the beat of four, one, two, three, four and on the down beat you come in with fuck Ronald Reagan, ck, (Laughter), three times, we don't got no music yet, we're going to get into that, but we always make a concession to the local people and we reserve the middle stanza for them, so if you have a favorite pig in this area, (Laughter), you have one, if you're not scared, what's his name? The Hill's have it, who is Roy Hill. (Applause), they have a lot of them eround here, they got a lot of millionaires around here, but you want Roy Hill, one pig is as good as another, ok, so the middle stanza will be Roy Hill, and just so ... Boy ... Broy ... Broyhill, ok, oink on that right off, so we'll have Broyhill, the second stanza is for Broyhill, and just that no one goes away from here feeling left out, we have the last stanza left for all the pigs, the last stanza is fuck all the pigs, so lets get it together and lets keep it together if you want some inspiration, there's a sign up there...(Laughter)...and...I don't know if that's Humphrey or Dean Rusk, but there is a pig over there see, so alright lets get it together, one, two, three, four, Fuck all...wait a minute...I blew my own song, I wanted to say fuck all the pigs right there, I'm sorry I apologize, wait a minute, one two three four, (Whole crowd sings Fuck Ronald Reagan) one two three four (Fuck Broyhill) wait a minute now. lets get it together, alright alright, we're running out of time we have got to get out of here (Applause). So let's take it from the top again, let's go through without any mistakes ok. two three four (Fuck Ronald Reagan) one two three four (Fuck Broyhill) one two three four (Fuck All The Pigs) (Loud Applause). We're not going to have no encore, they might hear it, they might find out about it, so we go through it one time, you got the words, you sing it after I'm gone, alright. everything that we've said here, everything that we say might be wrong, we may be committing crimes against nature. This may be outrageous, I don't believe so but I mean we're

not acquainted with any ultimate truth. It may be that when we die we will find ourselves before the throne of God, (helicopter flys over), that ain't him, that really ain't him. But all these preachers, all these priests, all these old people who still look to God for deliverance, they may know what they are talking about and we may find ourselves before the throne of God, looking up at him with his long hippy hair and he may bast a judgment on us and cast us down into the hell fire to burn for days, I don't know that might happen. (Heckler shouts "give us a break") Jump out the window and break your mother fucking neck punk. (Loud Applause) What I'm trying to say is this, that we may find ourselves in hell burning for what we have said here today, right now, right on. And if we find ourselves there I'm going to look for you. Will that cat identify himself, step forward when you see me come down there and we're going to try to re-activate the Black Panther Party, the Peace of Freedom Party, and move against the devil. because we don't have to accept that either. And if God comes down (Applause) on the elevator in his asbestos suit and forms a coalition with the devil to keep us there. then we'll just have to move against him too. Decause the people don't have to accept pain, oppression, and torture from anything or anybody. There's nothing or anybody authorized to inflict pain and torture and suffering upon the people, and if we feel that way about the devil and God, we definitely feel that way about the oinks running around here oinking in the face of the people. Later for them and later their works and we're going to do something about it. The sad part for them is that they're the ones who have a crisis on their hands, we don't have a crisis on our hands, it's their system that's in the middle of a crisis, their system is in the middle of a crisis, and the people are getting organized, they're coming together and they're moving against the system, and the pigs are up tight, they're talking about they're trying to save the situation for the people, spreading all this propaganda, trying to frighten people, trying to frighten white

people into believing that the victims of racism have become racists and the fact is that black people, their total orientation is counter to racism. They have been fighting against racism ever since they have been here and they don't want it, not for themselves and they definitely don't want to be the victims of racism at the hands of the people who have practiced it on them all this time. So we are here to say that we are against racism . We are here to say that we oppose racism no matter what color it is black or white, red or yellow, brown, blue or grean, I don't care if it is the color of Lyndon Johnson. We don't want it. We don't support it and we are going to struggle against it and we ask everybody to join in that struggle and let the people begin to write our history. Let there be a history by the people of the people and for the people. Let there be a government of the people, by the people and for the people. No more history for the pigs, of the pigs and by the pigs. No more government for the pigs of the pigs and by the pigs. Let's deal with this situation because the world demands it. What happens here in America decides the future of the whole world. You realize that we have madmen with their fingers on buttons that could destroy the world if they're pushed and I don't know any reason for believing that a fool like Johnson or Nixon, or Humphrey, or Wallace will not take that step, thinking that they are slick, thinking that they will get away with it. I say that the situation is too dangerous, and the only hope of this country, the only hope of this world, is for the people to get together and change this system as they have a right to do. They have a right to do it, they don't have to be intimidated, they don't have to be intimidated by rhetoric, they don't have to be intimidated by assassins, they don't have to be intimidated by court decrees, they don't have to be intimidated by anything because the spirit of the people is greater than the pigs technology. Whether the pig knows it or not, they cannot force us to stop talking unless they just do it bodily or physically. They're

not going to be able to heckle us or jeckle us and fuck us out of our rights as we see them. later for you. We want you to know that there are too many niggers in this country to go for that. If the white people of this country want to play Nazis, we are not going to play Jews. (Applause) We are not going to do that. We're going to defend ourselves, we're going to defend each other, and we will join forces with those white people who will join forces with us. Not only that, we will join forces with all the revolutionary peoples of the world. We call for the evacuation of United States troops from Guantanamo Bay. Get the dagger out of the heart of the Cuban People (Applause). We call for the immediate withdrawal of all the troops in Vietnam. Don't tell us that you have to so through all those negotiations in Paris. There ain't nothing to negotiate except your withdrawal. Get the pigs out of Vietnam. Let the Vietnamese people enact their own destiny. It's their right and you don't have a right to be over there, building things and negotiating things. The only thing to negotiate is some time for Ho Chi Minh to get those boys out of there and bring them back home. We went the boys to come back home because we know that the only reason that they are over there. is because you've manipulated them with propaganda. You told them that they are doing their duty. You told them that in order to be patriotic they had to respond to the summons and to go there whenever General Hershey or Curtis Le May ordered them to go. We want them to stop murdering those people over there. We want them back here, not to join the police force and to murder us here but to join the people to form a people's militia and offer some defense against the people where they need it, right here against the pigs who want to turn America into another facist Nazi Germany. That's what they're moving to do (Applause) they're talking about it publicly, now and it's up tous it's up to YOU, because the fools like myself who stand up and run our mouth, they're going to knock us up, they're going to rip us up, they're going to shoot us down, and the only thing that we ask is that you relate to what the Guevara had to say, that wherever death

may surprise us, it will be welcome provided that this our battle cry reaches some receptive ear, that enother hand reaches out to pick up weapons, that other fighting men come forward to intone our funeral dirge to a staccato of machine guns and new cries of battle and victory. All power to the people, we need some student power, we need some faculty power, whether they want it or not. We need some guest lecturer power and we need public servants to start acting like public servents, to stop bbiting the hand that feeds them or that hand is going to have to rise up and snap that head off their shoulders, because we're not going to go for any more. All you people who are in college, who are deciding which way to go better make up your mind quick because they have pigs who will blow your mind for you and I mean with a gun. All of you who support Eugene McCarthy you must have some hint of what I'm talking about. Eugene McCarthy who lived, who functioned here in the pigpen of Washington, D. C., member of the United States Senate, pigpen of pigpens, all of his supporters, who went to Chicago hoping to raise a strong voice on behalf of ending the war got all the fat cooked off their heads by racist pig cops under the orders of a racist Mayor Daley, under the orders of a racist Democratic Party, in cahoots with the racist Republican Party, backed up by the racist and avaricious businessmen all of the demogracic politicians and you better dig this, that it looks like the police of this country are going crazy, doesn't it? Running around killing people? The resson that they didn't want me to come here is that they thought that I'd talk about this brother who was jaywalking out there and some pig drove up and blew him away. Well, the behaviour of these cops across this country in this day and time is a phenomenon. And what it means is that the police agencies of this country have developed a caste consciousness. And you remember this if you don't remember anything else, that we've been talking about a police. I mean a military-industrial complex. Start talking about a police-military-industrial complex because these cops have developed a caste consciousness, they're motivated by honor, patriotism and defending the borders of civilization

against barbaric hordes. Niggers from the ghettos, that's what that means. So, that's what they're into. They're the best organized groups in this country. They have political machinery. The governing body of the police in this country is the International Association of Chiefs of Police. The Chief of Police in San Francisco, Chief Cahill, has just been appointed to head that. But you better think about that, think about this merciless caste of knights in dull armor who are moving, who support Wallace, support the military, support the war, who oppose everything beneficial for the people and who represent a standing army in the middle of the people, a racist, hostile, gestapo force that just has to be taught that they are public servants and they have no right to drive over them people. The oppressors have no right, that the oppressed are bound to respect. All power to the people and I hope that I get out of your funky, pigpen state in a half a piece, I'll be glad if I can deal with that. POWER. (Applause, Long)

STUDENTS FOR A DEMOCRATIC SOCIETY

The Students for a Democratic Society (SDS), as it is known today, came into being at a founding convention held at Port Huron, Michigan, in June, 1962. The SDS is an association of young people on the left and has a current program of protesting the draft, promoting a campaign for youth to develop a conscientious objector status, denouncing United States intervention in the war in Vietnam and to "radically transform" the university community, and provide for its complete control by students. Gus Hall. General Secretary, Communist Party, USA, when interviewed by a representative of United Press International in San Francisco, California, on May 14, 1965, described the SDS as a part of the "responsible left" which the Party has "going for us." At the June, 1965, SDS National Convention, an anti-communist proviso was removed from the SDS constitution. In the October 7, 1966, issue of "New Left Notes," the official publication of SDS, an SDS spokesman stated that there are some communists in SDS and they are welcome. The national headquarters of this organization as of April 18, 1967, was located in Room 206, 1608 West Madison Street, Chicago, Illinois.

I didnt know who else to write to so?

What can us ordinary citizens do? It simply makes my blood boil when I see and read articles of the type I have enclosed.

Why are such people allowed the freedom of this great lar of ours?

What can we do to get our congressman to write laws to have such madedogs either be behind bars or shipped to Russia where they belong, if they like it so well,

Im a great admirer of yours and of the secret service, keep up the good work

Dear Sir,

I am protesting against the permitted activities of Lordy Eldridge Cleaver, Black Panther.

How this individual is permitted to do what he is doing is a disgrace to California and the United States of America.

How tax supported universities, colleges and schools in California permit his speaking appearances before students is a mystery.

I object and request that something be done at once!

Perhaps the Chief Justice of the Supreme Court would like to adopt him!

Dear Mr. Hoover -

This mornings Chicago Tribune gives report of address by Black Panther leader Eldridge Cleaver in Washington. He is running for President on the "Peace & Freedom" ticket and, if elected, his first act would be to burn down the White House.

He's speaking "burn America" and inciting riot everywhere he speaks. Doesn't current law declaring it a crime to cross state lines to incite riot & civil commotion authorize Federal Bureau to arrest & put him away?

Black Panther Party (BPP), requested permission to travel to Chicago, Illinois, on October 24, 1968. The reason for the travel was not stated. Cleaver's request was granted.

On October 17, 1968, a confidential source, who has furnished reliable information in the past, advised that Leroy Eldridge Cleaver, Minister of Information of BPP has been invited to speak at Northwestern University at the Cahn Auditorium in Evanston, Illinois, on Friday night, 7:30 p.m., Octoper 25, 1968. The Northwestern Student Senate is sponsoring Cleaver's appearance.

On October 18, 1968, the Chicago Sun-Times daily newspaper contained an item on page 16 entitled. "Northwestern To Hear Speech From Cleaver." The article announced the above mentioned speaking engagement of Cleaver. It continueds

"Cleaver, 33, holds the title of Minister of Information for the Black extremist group in California. He is the Presidential candidate of the Peace and Freedom Party.

"The most recent Cleaver controversy centered on whether he should be allowed to give lectures on racism in a credit course at the University of California, Berkeley. California Governor Ronald Reagan and others opposed the idea. But in a compromise worked out by University leaders, Cleaver was allowed to lecture October 8 with the understanding that no academic credit would be given for the course."

BLACK PARTHER PARTY, aka Black Panther Party for Self Defense

A source advised that the Black Panther Party for Self Defense (BPPSD) was formed by MUEY PERCY NEWTON, Minister of Defense, and BOBBY GEORGE SEALE, Chairman, in December, 1966, as a militant black nationalist political organization to combat police brutality, to unite militant black youth, and to determine the destiny of black communities. The political philosophy was taken from writings of Chairman MAO Tse-tung of Communist China and black militant writers.

In March, 1963, the name of the organization was changed to Black Panther Party (BFF).

The official BPP publication. The Black Panther Party - Black Community News Service, states that the BPP advocates use of guns and guerrilla tactics in their violent revolutionary program to end oppression of black people.

On February 17, 1968, ELDRILGE CLEAVER, Minister of Information, announced merger of the BPP and Student Monviolent Coordinating Committee (SNCC) and bestowed title of Minister of Justice, BPP, upon E. RAP BROWN, Chairman of SNCC.

SNCC is a militant Megro organization which preaches black supremacy.

NEWTON, aforementioned, is incarcerated in the Alameda County Jail, Oakland, California, awaiting trial on charge of murder of an Oakland police officer.

Headquarters of EPP and Huey P. Newton Defense Fund are located at 4421 Grove Street, Oakland, California.

SUBSIDIZING IRRESPONSIBILITY

By George Putnam September 12, 1968

It is this reporter's opinion that at this moment in our history, when it appears to be open season on our police, the stabbing, shooting, or slaying of at least one policeman every day somewhere in the United States -- that at this moment when so many of our public figures are eliminated by assassination -- at this moment when the United States is being torn apart by ricts in the streets -- at this moment when revolutionaries, anarchists, Communists, and other troublemakers appear determined to destroy our way of life -- at this moment when permissiveness is breeding a generation of young Americans who have thrown aside responsibility to family, community, law, order, this nation, and to themselves -- that at this moment of hypocrisy and lawlessness and complete disregard for those values that made our nation great -- it is simply unbelievable that at this moment, we appear determined to support and to subsidize with our hard earned tax dollars, rotten elements determined to bring this nation to its knees.

We've always said things are going to get a lot worse before. they get better. And perhaps the latest pronouncement that Black Party official Eldridge Cleaver -- admitted revolutionary -- an ex-convict, now on probation, facing a charge of engaging in a shootout with police--has been appointed to lecture on the history of racism in America at the University of California's Berkeley campus.

The same Berkeley campus that has given us such gems as the filthy speech movement -- Mario Savic -- self admitted Communist Bettina Aptheker, violence and riots ad nauseum.

We could challenge Black Panther Eldridge Cleaver's teaching credentials -- his absence of any credentials -- his right to skim off some good American tax dollars, and all that. Such challenges should be obvious. Eldridge Cleaver is a Black Panther, and I don't mean a pussycat. He is a high ranking official in a paramilitary organization of young, militant racists.

NEWSEEK MAGAZINE, this week, quotes him as telling 175 attorneys gathered in San Francisco that they could best help the black movement by donating machine guns—that the whole American capitalistic system and its institutions and police need to be assigned to the garbage can of history. He says there are people who are buying guns to kill judges and police and corporation lawyers, and that we need lawyers who have a law book in one hand and a gun in the other so that, as he puts it, "If you go to court and it doesn't come out right, you pull out your gun and start shooting."

He tells the lawyers if he could get two machine guns out of their gathering, he wouldn't care if they applauded him or not.

One of the lawyers asks Cleaver, "What can we whites do to help the black man's cause?" To which Cleaver responds, "Kill'some white people."

This same Eldridge Cleaver-high official of the Black Panthers-is also the Peace and Freedom Party candidate for President of the United States. People like Eldridge Cleaver are the enemy of every decent black and white American, because they mean to physically destroy us and our way of life. And yet, the University of California at Berkeley announces that Eldridge Cleaver will lecture on the University of California campus.

And you and I and the rest of the overburdened taxpayers are going to be forced to pay for his brand of subversion of our way of life.

If this ex-convict, who is now on probation—this member of the militant Black Panthers, is allowed to teach students on our tax supported University of California campus, then there is nothing to prevent leaders of the American Nazi Party, leaders of Ku Klux Klan, leaders of the other paramilitary organizations, recognized Communists, and other hate mongers—to be brought to our campuses and to conduct lectures on such diversified subjects as, for instance—

How to construct and use crematoriums and gas chambers--

How to turn humans into scap---

How to make lampshades cut of human skin--

How to torture and make zembies cut of human beings ---

How to lynch those with whom we disagree--

How to conduct a mass genecide by starving millions to death--

And how to destroy the will to survive of every American.

Yes, and while we're at it, why not bring Mac Tse Tung, Fidel Castro, Kim Il Sung, and Ho Chi Minh right to the University of California campus at Berkeley tactics with which to destroy us.

I say no! The time has come to call an absclute halt to all this damned nonsense. My friend, there is one language the University of California at Berkeley and its left wingers, bleeding hearts, and pseudo-liberals and intellectuals understand. We still hold the purse strings, and it's time that you and I and every every American demand that all moneys assigned to the University of California be immediately out off--shut off until this issue is resolved to the satisfaction of every decent American taxpayer.

It is this reporter's opinion that every one of us should now contact by telephone, telegram, letter, postcard, or personally—the President of the University of California at Berkeley.

Governor Ronald Reagan at the State Capitol, Sacramento.

The Board of Regents and the Chairman of the Board of Regents at the University of California at Berkeley.

I repeat--contact Governor Reagan at Sacramento, the President of the University of California at Berkeley, and the Chairman and the Board of Regents, University of California at Berkeley.

Don't ask "What can I do?" Do it!

By George Putnam September 11, 1968

There is a serious and great question in this reporter's mind whether a newsman should ignore such militant organizations as the Black Panthers—give them no publicity whatsoever—or whether it is the newsman's responsibility to bring to public attention what this paramilitary organization of military racists has in store for the United States of America. It is this reporter's opinion the latter course must—in all good conscience and responsibility—be followed.

NEWSEEK MAGAZINE, in its September sixteenth issue, offers a word from the Peace and Freedom candidate, ex-convict Eldridge Cleaver, who is the Presidential nominee of the Peace and Freedom Party--and the Black Panthers' Minister of Information.

Last week, Eldridge Cleaver stood before a group of 175 attorneys, all under the age of thirty-six, in a San Francisco dining room—and he told it like he is. Standing there, dressed in black and wearing a tiny pearl earring in his left ear, he told the barristers' club they could best help the black movement by donating machine guns.

It is this reporter's opinion that it is important that all of us listen and understand what this ex-con has to say.

"America is up against the wall," says Cleaver. "This whole apparatus—this capitalistic system and its institutions and police—all need to be assigned to the garbage can of history, and I don't give a—blank—who doesn't like it.

If we can't have it, nobody's going to have it," says Cleaver. "We'd rather provoke a situation that will disrupt cities and the economy so the enemies of America could come in and pick the gold from the teeth of these Babylonian pigs." This an obvious reference to police officers to whom he always, as the Panthers do, refer as pigs.

At that point, Cleaver shouts at his audience--- "Up against the wall, you mother--blanks--! I could go into the White

ALL INFORMATION CONTAINED HEREIN IS UNCLASSIFIED DATE 11-30-89 BY SUPERIOR DATE 11-30-89 BY SUPE

House and come cut--blank--rich. But I'm too young, so I have to say--blank--the White House--blank--the electroal system--blank--all the pigs--and--blank--the power structure." Now naturally, he didn't say "blank"-- he used another verb.

And Cleaver continues his tirade. "You're all chasing dollars, but there are other people who are chasing dollars to buy guns to kill judges and police and corporation lawyers. We need lawyers who have a law book in one hand and a gun in the other, so if he goes to court and that—blank—doesn't come out right, he can pull out his gun and start shooting."

And then Cleaver continued, "If I could get two machine guns out of this crowd, I wouldn't care if you applauded me or threw glasses at me, and then I'd get my black--blank--out of here."

And then, lest anyone mistake his full meaning, Cleaver concluded with these remarks, "I meant all my insults to those who won't choose my side—the right side. You people can take your wallets, credit cards, and cut your mother—blank—neck. You people on the other side, I love you. I hope you'll take your guns and shoot judges and police."

Then Cleaver--ex-convict, Black Panther Minister of Information, and Presidential nominee of the Peace and Freedom Party, gets a polite ovation, if you please, from the 175 lawyers--all under age thirty-six. One of the lawyers asks--"What can we whites do to help the black man's cause?"

Cleaver responds -- "Kill some white people."

At that point, the meeting ends, and as the crowd moves toward the elevators, one young lawyer--pink cheeked--turns to a companion and remarks, "Say, his speech certainly reflects the growing polarization between the races, doesn't it?"

This same Eldridge Cleaver, the Peace and Freedom Party candidate, states in his most recent directive, "The Black Panther Party is organizing and arming black people across this country."

At another point he states, "We are very concerned with the development of a strong, radical movement in the white community." And again he states, "We have formed a working coalition with the Peace and Freedom Party in California and a number of other states."

Eldridge Cleaver and the Black Panther Party are busy on many fronts. This revolutionary group has the support of the Free Huey movement—the Afro-American Student Union—the Black Student Union—Honkies for Huey—The Young Socialist Alliance—the Socialist Workers' Party—the Independent Socialist Club—the Students for a Democratic Society—the Progressive Labor Party—and numerous anti-draft and anti-war groups.

But perhaps the most productive affiliation for the Black Panthers have been their merger with SNCC--their coalition with the Peace and Freedom Party--and the recent declaration of the Communist Party of the United States that it supports Huey Newton.

As I said at the outset, the people have a right to know what the Black Panther Party has in store for them. But what a strange spectacle it is to witness 175 American attorneys—officers of the court—crowded into a San Francisco dining room to hear an ex-convict as he rants and rages and insults them—tells them how he plans to destroy them and every other white man—and then give this revolutionary a very polite ovation!

And when one of them asks what whites can do to help the black man's cause, this man of "peace and freedom" responds, "Kill some white people." And those 175 attorneys—officers of the court—give this revolutionary a very polite ovation—after hearing this plan for their own execution!

Local law enforcement agencies were informed regarding the contents of this memorandum.

A characterization of the Black Fanther karty (BPP) is appended hereto.

On the night of Friday, October 4, 1968, LEROY ELDRIDGE CLEAVER, Minister of Information of the BPP, and presidential candidate on the Feace and Freedom Party ticket, was the guest speaker at the University of California at San Diego (USSD), La Scila, California.

In extemporaneous remarks loaded with four-letter words and other profanities and obscenities, CLEAVER hit viciously at Governor REAGAN, State School Superintendent MAX RAFFERTY, presidential candidates HUBERT HUMFERMY, RICHARD NIXON, and GEORGE WALLAGE, police departments, and the University of California's Board of Regents. CLEAVER forecast a "Boston Tea Party," which he said probably will start in the black community, stating "We're going to take over the world." Discussing his predicted revolution, CLEAVER said, "it has to come because the capitalistic system no longer serves the needs of this country."

CLEAVER's appearance was held at the UCSD Gym which had space for only approximately 2,500 persons,

including standing room, but another estimated 1,500 students listened outside by way of the public address system. Most of those in attendance were young people and students. There were no disturbances or arrests.

_______ reported that, at one point, as CIEAVER arrived at the gym, WILLIAM AYERS, Republican candidate from the 77th District for the California State Assembly, moved toward CLEAVER as if to prevent CLEAVER from entering the gym, but stopped when a campus policemen placed a hand on his shoulder.

About thirty youths representing the Galifornia Young Americans for Freedom, an anti-Gommunist cogenies to with headquarters in Glendale, California, quietly and peacefully picketed outside the gym during GLEAGER'S appearance.

During his speech, a large section of the audience reportedly applauded repeatedly and, at one time, even joined, with CLEAVER acting as cheerleader, in an obscene chant vilifying Governor REAGAN.

Further details concerning the fall text of CLEAVER's speech, as furnished by appears later in this memorandum.

Memorial Recreation Center, 29th and Marcy, San Diego, at 2:00 p.m., on October 5, 1968. At about 3:00 p.m. on this date (Saturday), CLEAVER arrived in an automobile accompanied by three other men and two women, followed by four other automobiles containing individuals believed to be Black Panthers. At first, the whites were not allowed at the meeting, but after all the blacks were inside, San Diego Black Panther leader, went cut and told white newsmen to come in. About 200 people were present at this gathering.

In his speech on this date, CLEAVER told the blacks to arm themselves and not to back down from "whitey" or the "pig police." He said that the blacks were going to take over the world and are ready to block the United States of America at every corner. He threatened that if Governor REAGAN "mess with him, he'd kill him." He said that servicemen in Vietnam were giving firearms to the Black Panthers.

GEORGE STEVENS, local San Diego Negro leader, at the beginning of CLEAVER's appearance on Saturday, got up to say a few words and told the people assembled there "you black niggers get up and bow to this man. Bow to Mr. Cleaver." They all got up and bowed. According to source, CLEAVER seemed to appeal to the youths in the gathering but many of the adult Negroes in attendance appeared displeased with him. Someadults left during his speech and, after the speech, were heard to remark that they thought he was crazy.

CLEAVER said that now that the student assembly halls were closed to him, he would have to find another way to reach the students. He said that millions of people needed to be contacted, funds raised, and an united effort made by all those who believe in a governmental change. CLEAVER said that he had no intention of going to jail. At one time during the party, had asked CLEAVER for a few remarks to the people present, CLEAVER insisted on the people joining him in a few choruses of "---- (obsecue) REAGAN, ---- (obscene) RAFFERTY." He offered a challenge to due. with REAGAN. During the evening, the butt of a revolver was observed carclessly protuding from CLEAVER's right side pants pocket. CLEAVER stayed at the party until 4:30 a.m.

advised on October 5, 1968, that Professor GABRIEL JACKSON, Chairman of the Academic Freedom Committee (AFC) was moderator for the speech of ELDRIDGE CLEAVER at UCSD during the eveing of October 4, 1968. The appearance was sponsored by the Tuesday the Ninth Committee (TCN).

The TCN was formed after MARTIN LUTHER KING was killed, and the name reflects the day of the week and the date of his burial. The committee is becoming increasingly involved in the racial situation in San Diego.

MIKE HAYNE introduced CLEAVER and thanked the Campus Radio Station for providing the public address system, the AFC for financial help, and the faculty administration for their cooperation in setting up the speech. He thanked the Brown Berets and the Black Panther Party for policing the meeting.

The Brown Berets are a Mexican-American racial group in Southern California.

Persons attending the CLEAVER speech were invited to attend a TNC meeting on the following Sunday night in Room 2722, the Undergraduate Science Building, on the campus.

On October 5, 1968, furnished the following specific statements made by ELDRIDGE CLEAVER on October 4, furnished the following b7D 1968, at the University of California at San Diego, La Jolla, California:

"I want to thank Mickey Mouse Reagan and Donald Duck Rafferty for making this possible. (applause) a month ago, a couple of months ago, a few students from the University of California, Berkeley, called me up on the telephone and told me that they were thinking about organizing a course and they thought I might be interested to participate in it and they asked me if I would come down and talk to them further about it and it was very exciting to me and I said yes I would do that and I went down and met with members of the faculty and students to talk about that. We had several meetings and finally decided that there was enough information there, valid information, to deal with to constitute a course. At the time, I hadn't the slightest idea about it. Ie'me see how far we can fill up the picture. There were people who were so hard up for votes, so hard up for that they could the public cause they didn't even want the responsibility of this you know. That being the ____ society got it in motion, a lot of hysteria, and they could talk me into making profound statements pretending to be the savior of the people once again. So that ____. I was astounded, at first, when I heard the Governor, the great Governor, of the state of California wasting his time commenting on my meager activities, because there was a time when I wanted that whelp to say something and he remained silent. When they had me in the penetentiary, I wrote him a long letter saying the pitch wasn't true and asking him to investigate, and I never heard a mumbling word from Ronald Reagan. So, as far as I'm concerned, Ronald Reagan baby f--- you. (crowd applauds) You see it's one thing for us to give Mickey Mouse a polite applause after sitting through, or suffering through, one of his Grade B movies, but it's another thing altogether when he insinuate himself into our lives and tells us we can't think this and we can't think this and we can't say this and we can't say that. And he is not qualified to make those kind of judgments. The only thing he is qualified to do is to regurgitate the script that is placed before him by his script writers. That's all. (applause) That's his bag, he has a Colgate smile. And I believe that if you would take those scripts away from him

and place him in front of a microphone, the only sound that would eminate from him would be a series of effeminate oinks. That's all. (applause) But that hasn't come up yet. We were talking about doin! this course. You see these students who belong to the searchers for a participant education will be allowed to make mud pies out of courses, you know, for those pretty, that's what it's supposed to be. You are not supposed to do anything serious, you're not supposed to consider anthing relevant. You're supposed to organize a course of Yogi or what? Sitting on telephone poles or shooting at the telephone booth or, I don't know? Eating goldfish? Is that what you used to do? I used to read about that. Some of the students were getting a thousand in one phone booth, I never believed it but they still insisted on how they used to do that. But it was absurd, it wasn't worthy of human energy, a pastime of college. But these students read the message in their situation because they saw that they were sitting on a death row. That the entire world was a death row, a time bomb ticking away and that there was mad men, mad men, fighting with each other to get their finger on the nuclear trigger and then there were young people trying to deal with that. So they went to organizing experimental court, especially they want to organize experimental court and that the problems then, I understood, that they considered the past ways that history has been written, the goals, the sources, the officials for decades is not responsible for them today they want to make a clear break with that, they know better how to do that, some of these old bald headed professors, the conservative cells, who want to sit there and not sustain the other faculty members or the students when they express their just grievances. They know what they are doing. I have seen that they know what they are doing, because when I talk to them they make sense to me - when I talk to some of these old hypocritical equivicators, I can't begin to understand what they are talking about and they don't act like they know what they are talking about. The results of all of their work, the control of this world, definitely indicates to me that they don't have the slightest idea either of what they are talking about or what they are doing. They don't know what they are doing. Oink, Oink

Rafferty with his Ph.D. in Physical Education. (loud applause) He doesn't know anything about it. He'd have made a good referee or a good coach on the football team or something, but he can't some in here and tell people how to instruct or report or what to talk about or what's relevant or what's not relevant. How can the irrelevant comment on the relevant? I don't understand that. So for Donald Duck I have to say f --- you Max Rafferty, f--- you. (applause) A very important thing, because of the revolution that's going on in the black community and, of course, by the cultural revolution that's going on in the white community, I notice there are a lot of white people who appear, who are around, I see them. They are not related to any cultural revolution or any other revolution, they're related to the star spangled banner, stars and stripes forever, and we got hydrogen bombs, intercontinental ballistic missiles. guns and organized force to back it up and we don't care what the world thinks. Us Yankees alone, against the entire world, we can still maintain our gains and later for the people let the devil take the hindmost. You see this attitude of a lot of people shocks me and it hurts me when I see the young people, I hoped would escape, all the trajedy of their heritage, but it's still being transmitted, still being transmitted, and it has to be destroyed. It has to be stopped, because it's non functional. It's not going to be able to make it. From now on, in the 21st century, but from now on, 1968, nobody in the world is going for that s--- anymore. And these students at Berkeley, they realize that and they want their course basic. They have the values that's involved and they don't want to relate to that. So they want to figure out some way of understanding, getting some information on racism, looking at all relative spectors, different points of view. To see if they can have an addition made to what they already know. I think that any man just can't say when he looks onto the last round if he's seeking information. Because information is the raw material for new ideas and if there's anything that he hears drop it out and say it's a new idea because if it's his to be got it won't work. It ain't goin' work. (applause) If you want to know how it's gonna work, when

you see a better way of separating lightweight talk like George Wallace, Governor for Alabama running around the nation talking about how we going to solve the Negro problem. Yeh, he best go solve the Negro problem. We don't have no Negro problem no more. We got a wider problem. We got a pig problem. The pigs of the power structure are a big problem, and we know that and how long will it take us to recognize how to hold the barbecue? Because there is either going to be an end, there's either going to be an end, a dismantling of the machinery of oppression or ther's going to be a barbeque in Babylon. It has to be. Because not only don't we want to go for anymore eagles, we don't have to. We know the economics of this system. We know that their spunky, raggedy, broken down, decrepit, corrupt, anarchistic, capitalistic system cannot last next summer because the entire world is rising up against them, the people here within the system are forced to rise up against them and we're rising. So I'm going to get into that. We're going to get into that and we're going to disbowel this economic system, because you stop to think about the three categories of pigs of the power structure. Three categories of the oppressors. First, backing the others up, you have the anarchistic business man. capitalistic blood suckers, leeches, parasites. Might be your mother or your father. (laughter and applause) And that's not your fault because you didn't order your mother or your father. They ordered you. So that's nothing to get up tight about. And after the business man, we have the hypocritical demigodic politician. And then we have the Gestapo local police. The local police, of whom I know there are many here tonight, because when I came outside tonight I heard so many oinks that I started to get to get out of this pig pen. But there's

some deterrent, I'm a taxpayer, believe it or not. And I have paid their salary and I'm not going to tolerate anyone whose salary I pay coming up to face oinking in my face or telling me what to do. I'm going to tell him what to do. I can't do that by myself. But you McCarthyites, out there. You Kennedyites out there. You can't do it by yourself either. You couldn't do it in Chicago. The pig mayor Daley turned the dogs loose on you, with their Mace

and with those sticks and blubs and with those guns and they beat allothe fat off your heads and had they gotten your hair those ______ right now. Because that work b----g. You know with the Rampart Magazine, they right now. Because that was had some recole back there taking pictures of the crimes perpetrated on the people by the pigs, and I saw one shot. There was a young girl, a young white girl, a blonde-haired girl, I guess she had two eyes but she had her head down, I don't know. And this pig looked like he was creaming for a home run at her head. And this has to be, has to be given some type of fundamental analysis because it's unusual. I mean, if that had been a nigger there, it wouldn't have been nothin'. It wouldn't even have been in newspapers. Because it's been open season on niggers beke for 400 years. Ain't it? And we know that. We all know that. But when the man starts puttin' that heavy wood up against the head of, now wait a minute, this was one of the Lippics, but the description. Those who express honest opinions against the If we start doin' that you know that the alienation world. deep, deep. And we also recognize this, and this is where the danger lies for everybody here, that once the police force you to drop your country, you no longer talk about the military industrial complex. You have to talk about the police, military, industrial, complex, because the police have put down on us a caste consciousness. Not a class consciousness, but a caste. And the least militaristic class, caste as we said, organized, the most highly organized group in the country. There is no other group in the country as well organized as your local police. And your local police are not just local police, they are national and international. You have heard of the International Association of Chiefs of Folice. They have , they have a lobby, and yority, they have they have unlimited funds because they can ride you legally through LBJ's fund raising scheme that they call taxation. They have developed a caste consciousness. They're motivated by the same things that the state soldiers, the herces of the subject, are motivated by, honor, ..., defending of the borders against the invasion of the barbaric hords. , defending

Niggers from the ghetto of your cities. They've got that, they've got that spirit but they don't have their symbathy. People don't respond to them even the way they respond to a soldier who comes back from war. People look upon them with contempt. People are afraid of them. A person could be lost, be lost in the city, and will not go up to a cop and asked him for directions although you could be fairly certain that, unless he is a drunken Cakland cop, he knows them. He knows. But people get up tight whether bad or not. And these are public servants. These are public servants. And this just indicates how arrogent, how contemptuous of the people, these public servant sats are. Because Ronald Reagan got to thinking he owns the State of California. That he owns the people of the State of California. And the pigs, the local police, consider your community to be their turf. That's their turf and what are you doin' out here on it. Get off the street. You understand the curfew. We don't work for you. Tater for that. Go inside. We goin' have law and order out here. Wa goin' have laws out here and the laws is goin' be in order and the law is out of order when it starts telling the people what to do on their level. And the law is out of order in this country, whether you like it or not. Whether you want to face it or not. Lock at the incidents, plak up the newspaper, you pick up yesterday's San Francisco Chronicle, from the front page to the sports section, you will find multiple incidents of crimes perpertrated against the people by sops. Cops shooting people, cops sticking knives in people, cops doin' everything to people, biting people, mugging people, spitting. It's cops, cops running amuck. Pigs running amuck. And any time you want me to prosecute a paradox, in San Francisco the other day, this cop has been goin' out there wanting to kill a nigger. He just had to kill a nigger, and he wasn't going to be able to rest until he killed a nigger. So het cornered a brother on the avenue and do him away in front of witnesses. And the people's police paid him, a racist pig, a buffoon, a gangster, that's what he is, a gangster, because he is not a guardian of the law. He is a perverter and a corrupter of all lasting respect for

respect for the law. Pacause nobody can respect the law administrated by a pig Cahill, especially when he comes out in the clear and endorses this character, against all the admissions from the eye witnesses. He tells this guy he can go back to work until another cop completely gave up information and they had to suspend the pig. And so Cahill suspended him regretfully. And then they gave him a medal. They gave him a medal, for having used his gun valiantly in another connection. I'm giving you these instances, as when the two members of the Cakland Police Department drove by the Black Fanther Party Headquarters one night, drunk. They said they were drunk. Let's see if we can find out if they were drunk. know. That's a good excuse there in old America. . If they had a said he was high, I would have knew they was lying. (loud long applause) He may have been drunk. He may have been drunk, but the fact is this. There was, you see, four cars of cops. Two in each car. And one of the cars was the black and white marked police car and some citizen got the number of the car and that is how they identified, and the others couldn't be identified, so Chisf Gain of the Oakland Police Department said that there were only those bad apples in this whole barrel of fruit. And he implored the people not to condemn the others, even though we know that there was at least eight of them. We know that, and he knows that, but because they couldn't identify them, they don't exist. And two hundred of them when they heard that there was going to be disciplinary action taken against those two, threatened not to come to work the next day on a striks in sympathy with their agrieved brothers. So this is the type of situation that we have on that level. Cops who will go into the courthouse and attack people on the way to court. Cops'that will beat up young people who come out and say we don't like the war. Cops who will beat up the politicians that were followers, and saying, they were supporting Gene McCarthy. Just cops who are out of order. In the hire of mercenary pool of these businessmen, and directed and corrected by aboridgious, corrupt, demigodic politicians. For those

are pigs, power structure generations we have to deal with and we could add the regents there if you want to. Because the regents, the Board of Regents, have become, or it always has been, but it has manifested itself to be an instrument of oppression on the campuses. Everybody says that. that true or not? Are you neutral on that? Are you neutral? You see you can't be neutral, there's no more neutrality in the world. It either has to be, (applause begins) wait a minute, you either have to be a part of the solution or you will be part of the problem. There ain't no middle ground. (applause) If some homegrown Adolph Eichman is doir ' his duty on me. Boin' me in. And you're standing there and you can't make up your mird which one of us to help. You are definitely a part of the problem as far as I am concerned. So people are going to have to learn how to let everybody know where they are at, because the entire world, the entire world, is now standing toe to toe with the enemy. And the enemy of manking. The number one obstacle is the phase of human progress that could be revealed as racist, seculist, Eabylon. Our home, sweat home on the shooting range. Our home, sweet home on the shooting range. See. Now we can relate that in various ways. You can make yours too good? You have a free will. You can set data forth. Data for the niggers right from Georgie Wallace speech. You can say that. Or you can say, Mr. Nixon save us. Or meathead Humphrey eat us, or whatever. But look at what's happening. Did anybody come around to you and consult you about your opinion on this whole status that George Wallace was now the choice for Fresident? Nobody ever asked you that. Itid they ask you that? They spit that s--- out of their heads into their propaganda channels and throw it out and then the American people with the IBM cards say he is right on Georgie's ---. That's all bulls---. And Richard Nixon says he is right. Because what he does is scene. Ha'll write it himself. And that makes him end up being a middle of the roader. Hubert Humphrey is on the left. How many angles can dance on the head of a needle? How many pigs can dance on the head of a needle? Or is the saying supposed to stop at the same time. Because all I hear them saying every time I hear them talk is oink, oink, oink. That's all I hear them

saying -- the bonehead Nixon, the Gestapo way Wallace to that meathead Humphrey. They've got something up for They've made the beautiful project, the gallows for us today. Our grievances cannot be answered with all the challenge in the world. So that what they are forcing the people to threaten to do. Including the students of the Berkeley campus and possibly down here. Not that _ that. You might you've had any of this bulls--- at do it if they don't push you. Another Boston Tea Party. A National Boston Tea Party. An International Boston Tea Party. After which, the pigs of the power structure because the oppressor has no right to push the oppressed the bounds of respect. They deplore it. We don't have to go for that. For you might not deplore it. We don't have to go for that. For you might not be very far from the tea party down here in, ah, Ia Jolla. Down here, south of the border, where the living is easy and the pigs are gettin' greasy. And will get you. OK? So that the Boston Tea Party is going to start. Probably, probably in the black community. They said the black community was gonna explode cause it's a long hot summer and they put Berkeley under curfew. And they put Berkeley under curfew because they also had designs, but goin' on right now, but these young people are not amenable to their control anymore. They come home with an album and they play a record that has the battle of the pinhead in there, Bobby Gillis talking about Mr. Jones. Saying there is something happening and you don't know what it is, do you Mr. Jones? And all that. Mr. Jones can say is Well I got all a them F. Scott Fitzgerald books. That's where he is at. That's where he is at. And that's why we can't deal with him. That's way we are going to have to take over the world. I'm 33 I went to the penetentiary when I was 23 years old. years old. I could not relate. You can't relate to so you tell em that. You don't want to be embarrassed in front of them. But I'm goin' to see if you will say something that they might not like you to say right now. I wrote a little song today down at Los Angeles at UCLA. It's titled f--- Ronald (laughter and applause) And I think this is Reagan.

something that the nature of the times that will be very good for the uplift of the community spirits. we have, you know, repeated three times, three times is expected. I want you to repeat it nine times. We will, if you can, tolerate the profamity that long. And we want to give it in a refrsin second choruses. Can we do that? One, two, three, four, wait a minute, one, two, three, four. (crowd and Cleaver in unison) f---Ronald Reagan, f --- Ronald Reagan, f --- Ronald Reagan, f --- Ronald Reagan, f --- Ronald Reagan, (crowd only in unison) f--- Ronald Reagan, f--- Ronald Reagan, f---Ronald Reagan, f --- Ronald Reagan. (applause by the crowd) You don't want to talk about this now because he might hear about this. And he's a dirty cat because he would start cussin' back, see. He's not too cool see. Cool, clean, little, bad, Ronnie cursing out these children. What is this Governor comin' to? It's OK for us to cuss him because we are not governors and we have the right because he is our governor. He is our Herod. He's our Pontious Filate. He's our Adolf Hitler. Cur local Hitler. We got them on every level. But he is our local Hitler. So we have a right to talk about that motherf---- cause he's downin' all of us. I reiterate, I challenge Ronald Reagan to a duel. (loud, long applause by audience) I say he is a punk, a p---y, and a coward and he can choose his own weapons, anything from a baseball bat at night, a gun or a shotgun, or I'll beat him with a garden hose. (laughter and applause) You see, I have to talk about that because Ronald Reagan is chicken, cause he don't play fair see. He has accepted the duel. He has accepted it, but he sniping at me from behind cover. He's -movin through the Ragents. He is movin' through the prison system. You know he is the California chief executive of the state. As such, he is the head of the government agencies. The Governor, he is the head of the parole department. He is the head of the prison system. And those old, old friends of mine, my probationers, are spending time to find some way of taking me back to the penetentiary. So now he's got something going for himself. But it's goin' to end, cause I'm not goin'. You see I'm not goin'. I'm not goin' (applause) When a man goes out

to commit a crime he knows what the consequence in. So that he is prepared to face that consequence obviously or he wouldn't go. They got some prisoners in the penstentiary who get caught when they never did do it, you know, but they do hard time and you know. there guys up to something they re going to make us. They ain't goin' to give no bad guvs something. You get sick in there they report you. You get some aspirins. They tell you walk slowly and drink plenty of water. Aspirin for cancer. Oh, I went in there. I stayed there. I went there on a field trip for youth. That was a field trip, experimentation, analogies. I got you some information. Listen, I stayed there for a long time. I was in every part of the penetentiary. Every part of that prison. Everything from the hospital to the solitary confinement cells, and I don't like it. I don't want no more part of it. That's why I don't go around commisting crines anymore. That's what they told me they didn't want me to do anymore. Straighten up your hands Nldridge, and fly right. So I straightened up my bands and I started flying and they said that warn't might. (loud applause) I don't like the way they fly neither cause they look like bald-headed buzzard to me in the sky. They look like bald-headed buzzards picking the meat from the bones of the people just as ani I'm not goin' to mention that but Ronald Reagan is the bead of the Department of Corrections. And no one can tall me that he has a chance but he would rather appoint me about my case so I say that Ronald Reagan is behind this move to rio me out and put me back in the penstentiary. Whether or not be is, I'm not goin'. Let them take George Wallace, Bichard Wixon, Hubert Humphrey, Max Rafferty, and his mama and to there himself, but I'm not going. (applause) And I am telling you this now, because I'm sure that you will know about it later. And I wonder what it is that you will know. how you will relate to it. And whether or not you will feel that it has anything to do with you, your situation, and your life. Because it does. Because here we have to state, we have controls to put on American history. We

have controls to put on every date of American history up wintil this moment. Because it is all mixed in blood and corruption and inhumanities and there are no guidelines to guide us in the future. Not the way these pigs have written those books that is. The incidents are there. The history is there. But it's not the wish of the people, it's history of the pigs, for the pigs, and by the pigs. And it's not going to serve us as a guide and that's why those students of the University of California find it necessary to go out and seek other versions to add to the books that have been heaped upon them already. they don't find that other s--- fulfilling. Because they have seen that it is part of the design for the past. As far as George Washington and the cherry tree, Abraham Lincoln and the slaves, Thomas Jefferson and his slaves, you know, Thomas Jefferson and his slaves, blew his gain, heroes. Can't old Thomas Jefferson talk to me about it? He was getting into something but he was also into something else. We think good things about some of the things, parts of some of the things he wrote, you have to relate that to the hypocrisy of the position he was in when he wrote it. So that's the situation with the history of this country, and the young white people. I'm talking to the young white people now. I wonder just how you feel. Do you relate to your heroes of the past, or are they villans to you now, or where is that at? You still don't know, haven't made up your minds. Are you clinging to your dead herces? (chorus of nos) That's right and there's nothing to be afraid of about that, because you are going to be the generation that creates new heroes for the future generation. That's where we stand. applause) That's where we stand. In the black community you see that we are already beginning to build our new heroes. And it's very beautiful to see, that the white people who are interested, are also capable of relating across the board with heroes of any hue. That you can go into many houses today and you will see a picture of Huey P. Newton, the Minister of Defense of the Black Panther Party, on the wall. Of Malcolm X, Che Guevara, Mao Tse-tung, Ho Chi Minh, or some other person. And you don't see George Washington. If you do, he is upside

down. You don't see Lyndon Baines Johnson. If you do he is on the toilet seat. (loud applause) Here's a situation, where General Hershey, the man who sends out these greetings to some black brothers of the ghetto and sends them to Vietnam to kill the Vietnamese people, steps out front and says, I endorse George C. Wallace for President. And then, General Curtis Le May, General Curtis Le May, the God of the supreme air command, is his running mate. I say here that they had better be running. They had better be running. They had better be running because the people are watching them. The people are on to them. They have seen them for what they are and they know them to be the oinks of the power structure and the only question that remains is, how to deal with them. But they look upon you, particularly young white people, they look upon you as being some kind of flim-flam Pepsi generation that ain't never goin' to get to anything similar to what the students of Mexico are into. Or what the students of France are into. Or what the students of the world get into once in awhile. And so they had Columbia, and now they got Berkeley. And the way they stumble and fumble telling one lie to cover up the first. Telling another lie just like another blundering fool. We could say that it's goin' to be an increasing tempo of chaos in the competition between the pigs of the power structure and the people that we have to have student power and some faculty power. We say, all power to the people. Black power to black people. Brown power to brown people. Red power to red people. Yellow power to yellow people. Whits power to white people. White power to white people. (applause) I know, I know that there are people who are reluctant to relate to that. But I can relate to white power, because what you've had, although it has been misnamed white power, is the pig power. Can you see that now? Can you see that now? You can see that clearly now because you have to organize yourselves to get your white power in order to stop these pigs who have been, who have inflicted their power upon you. There is a contradiction between the power of the oppressors and the legitimate power of the people. We say that evidence is true. No matter where it is found,

have the absolute right to be in control of it's own destiny and not to be manipulate by another people. Period. goes for anybody. That goes for anybody. (applause) And that's not asking too much. That's askin' right on the diamond. Everybody's pitchin'. The basic principal that we move on is that every man, woman, and child on the face of the planet, Earth, deserves a chance to be hired and the best chance of living that human knowledge and technology is capable of providing, period. They've got a right to that. This being the best of medical attention, best education, the best of everything. The best that is available that could be equally distributed. And no pig is comin' along and sayin' Well, ah, I have Rafferty first. Although all these assembled people came here naked from his mother's womb, I came here with a fist full of blue chip stocks and an armful of trustees, which gives me a professional right to all resources of this planet, Earth, so you'll have to work for me. Punch my time-clock if you want to live. If you want clothing, and if you want food, and if you want jobs. I question these miraculum Tirsts. I question them. (applause) I say, I say that they came here just like everybody else and they are goin' to leave here just like everybody else, in various ways. It's very touching to have various ways. Some like to do it one way, some the other way. Let me say here that old pigs never die, they just oink away. But he is not going to go oinking to his happy hunting ground. He is goin' to go running. He is goin' to go running because the people in this country, and here is a prediction. It's a prediction that the people of this country are goin' to make a decisive break, are going to make a decisive break with those exploiters who chiefly compose the Republican Party, the Democratic Party. own the parties! pigs, and the millions of masses of people, enough people to set off forces of something that's going to change into something that's going to change into revolution. That's coming. It's coming, just as sure as you're here. Because it has to come because the capitalistic system can no longer function for the needs of the people in this country on an equitable basis.

It cannot serve the needs of the people. It cannot move. They system cannot move. The wheels cannot turn, unless some avaricious businessman can see a profit in his column at the end of a fiscal period. So that they are going to have to be ex-appropriated. Let me give you an example that used to be our latest bout. Because I am, and I think it relates to you because I don't know anyone who is not up tight about that phone bill. I don't know anybody. I swear I don't know anybody except my parole officer. You don't have to say it but he is very stingy when I want to make a long distance call. But all the people that I know are up tight about their phone bill, and when you look at that receipt there is a direct perversion of the very core of a society of civilization, or of society trying to become civilized. Here is the communication. Communication, the transportation of the essentials for the unity of all these millions and millions of people so that they have a tariff on these communications in this country. If you're not able to afford these high phone bills, you can't call your mother if she's living in the State of Alabama. You cannot afford to stay in contact with your graduating class. Maybe some of you rich people down here can. But, generally, most people can't. The people who are affluent in this country have all kinds of sophisticated devices to communicate with. The rest of the people suffer the of being cut off from other people because they cannot afford the tariff. And when you look across this country and see that general situation, you find that it works out to be a planned phenomenon that certain people in this society can't communicate. They can't afford it. So I say that one of the first things that has to be done in this country is that the telephone companies from coast to coast have to be nationalized. They have to be nationalized. The only legitimate cost, the only legitimate cost involved is the cost of maintaining the system and for elaborating it, making it more sophisticated. Legitimate expenses. And no businessman has a God-given right to sit back and draw profit from our alienationized ability to communicate. Transportation the

same way. And this relates, that's for our flung from the campus. Goodnight brothers, goodnight. Go back to Look at here. That's what Max Rafferty That I was a rude nigger, and I'm a rude nigger told you. and I'm being rude to Babylon because Babylon has been rude to me. (applause) Babylon has been rude to me. and I demand the right to be rude to Babylon. trying to get out of that. So I apologize for being rude. Not for saying f --- Ronald Reagan, but for being rude to you. Because I respect you and I have nothing but contempt for that pig. That's right. So it's either legitimate, or it's not, for me to speak or to talk or to say what I want. It's either disasterous or it's not. No one in here has to listen to anything that I say. What they think, they can forget it and these walls are not going to fall down unless somebody puts a bomb in here. The walls of Berkeley are not going to fall down unless the Regents try to force the students to go along with that stupid resolution. They said that I could deliver one lecture. The students requested me to deliver ten. What we are moving to do now is to deliver twenty. (loud, long applause) And not for the sake of making mischief or just to keep Ronald Reagan awake at night. But because there's a principle at stake, and people was to defend that principle, and no one, no one, no one should, who claims to be human, should abandon a principle. Like what about the girl here in San Diego? I read about her. She needed an iron lung. She was afflicted with some type of respiratory disease. And some man in Chicago, who had got an iron lung for his wife who had passed away, gave this girl this iron lung, and Mickey Mouse and Donald Duck were involved, at that very time, in trying to destroy, a weak bill anyway; that came up with some medical care for the aged. What kind of a ham is that? What kind of a man is that that doesn't want medical attention for babies, who don't want it for old people? Who don't want it for you unless you're rich, and who couldn't give a damn whether the poor have it or not. That's not the type of government now that we can accept. (applause) They say that the

people get the rulers they deserve. No! I mean there must be some exceptions to that, because look at what we are confronted with for the next four years. I'm not going to be here, thank goodness. You are not going to be that lucky. You have a choice between racist pig Nixon, racist pig Wallace, and racist pig Humphrey. That's your choice. Those are the rulers you deserve? No. I have a lot of grievances against this republic, this democracy, this mobocracy, whatever it is. You have to define it. But I don't feel that the people of this country deserve those rulers. Yet they've got them. Yet they've got them. And they have got them because the pigs have usurped the machinery of government in this country so that there is no government of the people, for the people, and by the people. For the cinks, of the oinks, and by the cinks. That's what it is. have proven that. They have disregarded the best interests of the people. They are giving the Vietnamese people bombs for breakfast. They say they want to stop the war. That IBJ with his bleeding, lying heart wants to stop the war through the negotiations in France today. If he wanted to stop the war, all he would have to do is take the phone and call the Pentagon and say bring our boys back home. (loud and long applause) That's all he'd have to do. One phone call. Or he might could even make a sign, I don't know. Hey Eaby, that's all. I mean they've got red phones and leased lines. They've got everything. He might could snap his fingers and get them out of there. But he could get them out of there. And the war is still goin; on and they are still moving against those who dissent against the war. Souls, and they told us that it was said that as soon as he got to Washington. They weren't lying. The liars. Of course, ladies and gentlemen, you committed them to that in the heat of American history. First they said that Lynchin Baines Johnson was a lying motherf ----, that's what they That's what they said. They said that this man has a government. This man has a government and the people that live under that government can't believe in the reports that he issues out to them. They can't believe what he says.

If he tells them it's raining, they might come outside in a bathing suit in the sunshine. You can't believe in what he says. His own party repudiated him and, after awhile, it sunk into his thick head and he repudiated himself and said he wasn't going to run no more. And for that egotistical, power hungry Lynchin Baines Johnson, who stepped aside, he must have really took a good look. He must have taken a acid trip. He must have really got into himself. He must have got into himself and said well, ah, and said to the people and said I can't recommend me anymore. But what they need to do is give Eurphrey some acid, Nixon some acid, and Wallace some, ah, acid. (loud laughter) And; ah, lêt'em take a trip, let'em take a trip and then come back and make some speeches so we'll see if they're sealed into that reactionary s --- they're talking now . Because if they can't pass the acid test, they ain't goin' to pass, they're not goin' to pass tests, they're not goin' to pass tests. (loud applause) They are not goin' to pass the tests of the next four years. Because the next four years are gonna be a kick goin in Babylon. All around the world, because people of the world are rising up and saying no more. No more. (applause) And we here in Babylon have got to rise up and let the people of the world know that there are still some human beings left within the issues of this decadent system, and that they are no longer caught up in these racist bags. That they have put that behind, and I think we can be put that _____. I say that it's possible to solve any conflict on the face of those today including the war between the Arabs, the Jews, and the Middle East. They can be stopped. All these conflicts can be stopped if you rule out the necessity of protecting the properties, and the interests, the oil rights of these Standard oils and these other oils. (applause) You must get out and stop wars. You can have the Arabs and the Jews finish out their struggle smoking a pipe together. (applause) You can have that. That goes for these. These antagonisms are not eternal. The basis - Wait a minute. (Cleaver talks aside to someone) F---. Yea, that's okay. All right, let that go, let that be. (Then in a loud voice) We don't give a motherf ---. The pigs are out here after something and we just want you to know. We want the

the Sheriff, every police chief, every mayor, every patrolman, every policeman in the world. We want you to know that we are no more afraid of you. You can kill us and right off. Right off. Right off. (applause) That the people, the people have no need. The people have no need to stand. The people have no need to stand. The people have no need to stand in fear of crumbling a bloody That's bulls ---. You can kill us but, ah, you gonna have to sneak up on us because if you shoot at us. we gonna shoot back. (loud applause) And we know that they are incensed. They can't stand to be criticized. They are full of criticism. And they are all alone, left there holdin' the bag is a profound thesis against those who go astray of their luck. . It is. But when you tell them, look you just shot that man. You didn't have to shoot the man, at least you could have shot him in the leg. They want to shoot you for saying that. And he will lie about it. That's what makes me mad. If he would shoot a man down and say, Yes I did it. That would be one thing. But they shoot a man down and call it justifiable homocide and the Chief of Police says, Oink. (loud applause) So we have to get the point across. That when they are assaulting you, we know that you are only human. We know that up under your clothes you have a naked a -- and a swingin' d ---. And we don't buy you. And we also know that in this ecuntry there are more people than there are pigs. We know that. (applause) So why should we be afraid of you? (applause) You are going to start doin' your job, motherf ----, or get another job. You are going to do your job or get another job, period. Because we pay your salaries. We pay your salaries, and, as long as you're eating out of the public trough, you gonna do what the public says. After the public gets itself together. And this is the generation, Mr. Jones. Mr. Jones, with your F. Scott Fitzgerald books. This is the generation, some of you. You better watch some of the others. Because they are goin' to go into the CIA. That's a sad situation. That part that goes into the CIA, by goin'

back to graduating classes of these colleges because they don't take high school dropouts, I don't think. where all your graduating friends go. Those who go into the CIA, get pictures of them and send them around to your closest people. Send them around. Because the next battlefield, the next battlefield after VietNam, is right here in Babylon. (loud, long applause) In Babylon. It's right here in Babylon. We didn't plan it. We didn't plan it. It just happened that way. And we have to relate to it. And there's a history to it. There's sumptin' that brought it back, brought it about, and we don't charge the white people in this audience with being guilty of the deeds, the crimes, of their forefathers, unless they persist in those deeds. Persist in that game and perpetuate the machinery of oppression. Racism that is used by the economic system as a full speed threat to our people. To oppress people. There was a . We came here refugees from the Chinese, and they came here and the Indians brought them corn, brought them turksy, and taught them how to make it in the new world. And they taught the Indians death. They didn't plan it, they just stumbled into that. became functional to remove those heathens from their land because then we eculd put our cows out there, or we could grow more cotton out there for these Negroes to pick. So that history developed. What you call it? Cosmopolitan, estrofitchism bitaphobia. All these categories born in the Dark Ages of human history have got to be done away with. They're not functional for us anymore. We need new justification. And that's why the class that we were planning at the University of California was gonna be very important to free speech. It was going to be our best effort to graduate a class, the first class to be graduated from that course were going to be the staff of the American Revolutionary Ideological Institute. An off-the-campus group because we don't feel that the Regents would accredit it. (applause) We don't feel that way. The crying need of America. today is for Karl Marx. Karl Marx to be taken out of mothballs and looked at and read. You don't have to be

afraid of Kari Marx. He was a smart wildcat. He was very smart. He had a whole lot to say. (applause) He had some things to say, if you haven't already read it, would you read it? It's goin' to blow your mind. You're woin' to run down the street saying I--- you Ronald Reaged, f--- you. (appliause) We goin' to have to start talking about our Yankee Doodle Dandoe friends of some socialism for America. (applause) We are not talking about importing the Russian Imperialists or making the American people into a carbon copy of the Chinese. That would be impossible, as racist as this country is. But we are talking about taking the problems that turn this country into treachery and for in the future and seeing what applicability the universal principles of socialism might have to specific situations. To the specific offuations right here in decadent, fallen-down America. The challes for the welfare, no we'll cave it for walfar : We were our issue. Who made the machines classically was the Babylon people. And these pigs take the borth of human heritage. Information and technologic that have developed down bhousands and bhousands of years, and claim it as their private property. And they can send lit to Washington, D. C. and get a patent on it. They can get a patent on human heritage. And they can tell you that you don't have access to it. They stand between you and the sow and the milk. What relation does the former Mayor Christopher have to the cow? How can be insinuate himself between you and a drink of milk. And you deserve this and you have to pay a tartiff to provide him with campaign funds so he can be Mayor or run for Governor at your expense. At our expense. This whole decadent system. That's not far away from the course at the University of California. It's right there. You see the way that these pigs are making all this noise about this course. They don't understand nothin' about this campus. They don't care about that. They couldn't care less. No of the various white members this year. No members of Man Rafferty wants to be Senator. And no tellin' what Reagan wants to do. Whatever is written on his script, that's what he

- 26 -

So they're locking for a political whipping boy and California politicians are trying to do it to They've resorted to tampering with the campus. Quoting footnotes in textbooks that might list the word Communism and say this book has to be burned. burn the chap that wrote it. That's what this country is coming to. Adolph Hitler now. Then they're saying Adolph Hitler did this thing. And who are they? Who are they that they cannot be tried for their war crimes? And hung by the neck like they did those they tried at Nuremberg. Who would say not guilty to Lynchin Baines Johnson for the war orimes brought against him for what he has done to the Vietnamese people? (applause) He might get a hung jury. He might get a hung jury in La Jolla or in Grange County. some other places he might get hung by his neck. criminals and human rights criminals, and we call them Lucifer for burning us. And those who say that we do this are registered to vots. An insane approach. Because we advocate self-defense even for the students. We say that there should be no guns, no guns brought on the campus. There shouldn't be any guns brought on the campus, either by the students, the faculty members, or us. Us stands for people or by the policemen. Take the guns off of the campuses. Take the guns off the campuses. Take the Mace, take the Mace and those baseball bats off of the campuses and some of these cops. It's gonna be their heads. Don't crack no more heads here. Ch. you feel sure if you crack one. You just know it's goin' get cracked anyway, right? You don't have to wait for the Board of Regents to pass a resolution. You could pass one yourself and say get the guns off the campus, and we could do it right now. I say you probably got a forum here. (laughter and applause) You could get a forum, wait a minute. Let's take a vote, and Regents since you don't know how to function, I'm goin' this for you. All those in favor of banning guns, Mace, and baseball bats in the hands of the pigs from the campus, raise your right hand or holler or say somethin' (loud applause and yeas) Well. You see now that's somethin' you forgot to consider. (applause) It is. And that's somethin' for the local

police to consider. They're goin' oppose this. Because the next time that Ronald Reagan tells them to run in there and throw sticks around, and they ain't got no guns or sticks but just a he ain't goin' get no a-- kicked but his own a-- kicked. (applause) Because, whereas there are people who would tell him if you shoot at me, I'm shootin' back, there are more people who will tell him, if you hit me motherf----, I'm goin' to down you. (loud applause) So I say get your guns off campus and, ah, I'll rent me a room on campus. (applause) Because those are just little problems that have to be solved. They are bigger problems that have to be solved. Staggering problems we got and we can't solve them. We can't solve these problems. We can't stay in the world. It looks to me like the problems already because Curtis Le May has hydrogen bombs under his control. General Wheeler, Lyndon Johnson has all those buttons. I don't see why the motherf----'s got all those buttons. (laughter) He might wake up one morning no longer thinking that he is God but that he would give a Rafferty something ease them out of there. I say put a black finger on the nuclear trigger. (applause) Ain't that so right? Tell her? about that s--- er, ha. I don't know about that white , that's the way I feel about it. play either I say this don't come to me talking about gun control. Take all the guns from the people and start giving tanks to the pigs. I don't want to hear about that kind of gun control. I don't want to hear about that Don't start that. If you are goin' to start talking about gun control, start controling those who use guns lawlessly. That's the police. That's the police. (applause) Anything in uniform, including the bus drivers and the fire department, who want guns. And there is a psychology you know; we all go to classes at a certain time. Hup, hup, hup, hup, hup. They get chopped off from the chief biggest littlest. They give blue stars for killing somebody. Like they decorate you for killing someone in VietNam. Give you a Purple Heart. In Oakland, they gave the officer who murdered Bobby Hutton a blue star. They gave

the man who shot me a blue star, and they gave me a nice, shiny indictment for setting shot. And they go around telling people that I shot at them. I wish that I had of had a gun. I wish I had of had a gun because there was so many bullets flyin' that all I could do was say, Goodbye world. Now I've got the charge. It's a trick bag. I don't have the charge. I just have some tactical maneuvers to go through. They got a empty bag. I'm not goin' to get in it. I'm out of that bag. I'm out of that I want to be in this bag. I want to be part of the solution. I don't want to be part of the problem. don't want to associate with judges. (appleuse) I don't want to associate with judges. I don't want to associate with judges and policemen and prosecuting attorneys cause they're the problem. I want to associate with those who are being prosecuted. I want to associate with Jerry Rubin, who's doin' his best. He has been subposmed to Washington by this super pig cormittee 2% (?) called Un-American Activities Committee. It's unAmerican to go to Unicago and say we want Eugene McCarthy, or that we don't want any of you pigs. We should have a right to say that. We have to claim that right. That's what Jerry Rubin may not approve with everything he does, is doing. but you want to say he is movin'. He is out there doin' something and it's not easy what he is doin' and what are you doin ? Is this just a peep show? A side show that you come in and check cut and then go back and check back into the system, and suffer under the tyranny of Regents. The governorship of King Reagan. You gonna accept all that? (several not from the erowd) Why no I heard some masculinite male voices say no. You sound like, ah, non-violent, ah, peaceful co-existence with the pigstype people when I hear your voice. I'm not quite sure I know that there is a difference between you and where the ladies are at. Because the ladies are tied up in the fourth world revolution. You have your minds up on this revolution, the third world revolution. The soldiers revolution that's goin' on and the women are moving into that and they understand what I mean when I say that political power grows on the tips of a p---y. (applause)

P---y power. I'm saying. What I'm saying. I'm saying that everything is political. Everything should either be progressive. Could even be revolutionary. It could be rational or conservative. It sould be downright painful. Love can be progressive. Love can be revolutionary. Sex can be revolutionary. Because if you are revolutionary ladies, and I don't care if all the men leave right now. If you are revolutionary ladies, are progressive ladies, how can you relate being part of the revolution laying with a part of the problem? (applause) That don't make You have no truck with the problem. You have no sense. truck with the problem. If you are now bein' played with a part of the problem, bell them later, go away, get yourself together fixin' up your backbone, and come back when you are ready to defend your tribe. You are the warrior of your tribe, if you've forgether that. But get ready to defend the women and the children, the old and the infirm. Start foin' that. Defend them against all human attack. Not just against physical attack, but the legislative attack launched upon the people from the legislatures of the U.S. Ocngress. Defend the people from that. Tall than ladies. Not to call you on the telephone, not to write you letters. Don't some around till they get themselves together. You don't have to worry, because there will always be enough revolutionary cats who will go out there and hang their name and phone number on some bulletin board in a prominent place and they will come to you and aid you in your hour of need. (laughter) You don't have, you don't have to have Ronald Reagan for your loved one, or Rafferty, or Nixon. Is there anyholy here who would play Humphrey. (chorus of non) I may not get one vote but I know about the best presidential, the best looking presidential candidate they've got goin' this year. (loud applause) So there's some fine looking people, so there's some fine looking people. You know that they'd be doing nothin' right. You don't start lookin' like Humphrey does just be bein' born. You have to have a boxear filled with pins on your weak heart. On the cavity where your soul should be. You got to be off into the deep. Just as deep

as he is. No. If we're wrong. Okay. I see the people lockin' at the clock. I guess it's time for schethin'. New I'll jabber off some words, but this is the point I would like to make. This point I'd like to make. pig took it with him and he was blown away. It took non-violent p---y. He brought it here more or less, and he tried it to the best and we are not safe so it's gone. Gone. And we still might be wrong even though it is gone. That when I die, I might find myself before the throne of God with a long beard and a hippy a-- and he may say, Eldridge Cleaver because you call Ronald Reagan a pig, a f---, a dowerd, and tell him to f --- himself and all those other things you did, you know. you have to go to Mell and burn, Bary, hurn. And sst, you know, he shoots me down into that. If I'm goin' to burn forever, evidently, I am not consumed too quick so I might be able to check around, and I will find all of you there. I'll find the members of the Black Fanther Party there, and I'll say, let's get together here and try to deal with the Devil. (loud, long appluase) And if God, in his wisdom, forms a coalition with the Devil against us, we will have to deal with him. I say, wait a minute. Hey wait, I say that Adam and Eve made a fundamental error. They didn't have breakfast together. They were running around there on that land that they had formicating, eating apples, whatever they were doin'. And the landlord didn't like it because they were exercising free will and he sent the Chief of Police down there. The archangel, St. Michael, the first pig in history. (loud, applause) Sent him down there, the pig, the pig down there, sent him down there, sent him down there armed against the naked people with a flaming sword and said that I have orders under Section 322 of the code. (applause) I have to ask you, I have to ask you to get off of this land. And Adam and Eve must have been a, a turn-the-other-cheek cat. They turned. all the other cheeks. He didn't resist at all. Didn't he know that they had police on that land around there somewhere? Didn't he know there was a police force around

there? Come and collect the rent. Why didn't he have a police force of his own? So that he oculd have stood there and did an inspiration. If he had been Husy F. Newton, he would have stood up and said, you swing on me with your sword motherf----, I'm swingin' bash. (loud applause) And we wouldn't have to go through all of those changes. We wouldn't have no vote. We wouldn't have no Christianity. We wouldn't have nothin' but the darden of Eden, and we want it back. We want it brought down hore to Earth, and we could do that because the human knowledge and the technology is here, it's have, that we could chip the contradictions from amongst people, outside of people, and there would be justified conditions between people and their struggle to cope with their environment. That's the only valid contradiction. The would all be ecoperation because you cught to keep all the cows in your backyard each day and even eat beams. If you had any sense, you would let some of those sows come out here and let us have steak too. Because if you lay up there on the hill eatin' steak while we eat beans, we goin! be plottin! your death. We goin' to be picttin' how to kill you, how to eliminate you because you stand between us and the only heaven that we think that we will ever know. And we want that for, ourselves. We want that for everybody. We just want it and we are fired with that. So, I mean, I'm stopping now, but I am goin' to keep on doing this. If they send me to jail. I would be more than glad to go to jail, but it's got to be meaningful because so many times in my life I have gone to jail for some bulls---, so I am proud to be able to relate to something that has something to do with the solution to the problem of the people of the world and all the pigs that can't relate to it. They can go shead and do what I used to do, and be criminals and commit crimes against the people. And I'm goin' to do unto those that do to them what they used to do to me and that is to corral them and apprehend them and bring them to justice, either in the courtroom or in the streets. That's all. (loud, long applause) All power to the people, all power to the papple. (Other statements drowned out by the loud applease).

After the speech, a collection was taken.

The first part is signed by Eldridge Cleaver, Minister of Information of the Black Panther Party (EPP) (See Appendix). The second part is signed by Stewart E. Malbert, Abby Hoffman and Jerry Rubin. PAG

1968 - the year of the pig.

The death of the ballot, the birth of the bullet—here is the choice—contemptuously thrust in our face by this decadent racist power structure: racist pig Humphrey, racist pig Nixon, racist pig Wallace for President! So where do we go from here?

Into the streets! Into the alleys! Back of town! Onto the rooftops! Behind whatever shelter remains for a black person here in Babylon!

This is the nightmare election year of the American dream. The Republican Party and the Democratic Party have told black people to kiss the ass of the elephant and the donkey. They have done this in no uncertain terms.

It is time for black people to tell the elephant and the jackass to go fuck each other—political and moral cretins that they are. Yet we cannot sit idly by and allow these vipers to run their game on us without even raising a dead finger in opposition.

It is very clear that there is no way left for us to offer any opposition through the traditional political machinery. These merciless demagogues have so firmly grasped this machinery in their clutches that even the white supporters of McCarthy and Kennedy got all the fat whipped off their heads in Chicago when they tried to oppose the mad dog power play of meathead Humphrey.

Our only recourse is to join in a second Boston Tea Party in order to blow their game. In order to blow their minds, we must chart our own course, a new course designed to manifest how we feel about the insufferable political manipulation and chicanery that has made the national election into a circus devoid even of the saving grace of humor.

This shit is not funny. These pigs are plotting our death. These vicious reprobates, conniving scoundrels are plotting genocide against us. What do you think this featherweight, featherbrain Alabama racist, George Wallace, has up his sleeve for niggers? Extermination. The final solution to the Negro problem.

We don't have to go for that. That's not our issue. That is not the goal towards which black people have been struggling, dying, for these painful four hundred years. Our fight is for freedom, for liberation, by any means necessary, as Brother Malcolm put it.

Brother Malcolm also said that it's gotta be the ballot or the bullet. The pigs of the power structure have taken off their masks and revealed themselves to be precisely what we have always known them to be. Murderers, liars, miserable genocidal wretches.

These pigs themselves have already closed down the polling places, the ballot boxes, in so far as any meaningful solution to the black man's problems is concerned. Right on!

Are we to lie down and grovel on our bellies, on our knees, like a begging Lazarus, hoping that these fiends will toss us a few crumbs when they introduce another bullshit four year program into the pigpen of the United States Congress? Fuck these motherfuckers! Let's go for ourselves. Let's go for what we know.

And what do we know? We know, in the words of Huey P. Newton, Minister of Defense of the Black Panther Party, that the spirit of the people is greater than the pigs' technology.

They seek to deprive us of life, of our human rights, of a future, through their rigged technological political crap game. Only snake eyes are on the loaded dice for us within the confines of the American political system.

So there's nothing left for us to do but to break up this crap game, to pick our money up off the wood and demand a brand new pair of dice from the house.

Let the pigs dance a jig to the star spangled banner. Let us do the dog in the streets. Let the pigs of the power structure put each other through these asinine charges and let us put all the pigs through a final change.

Let us join together with all those souls in Babylon who are straining for the birth of a new day. A revolutionary generation is on the scene.

There are men and women, human beings, in Babylon today. Disenchanted, alienated white youth, the hippies, the yippies, and all the unnamed dropouts from the white man's burden are our allies in this human cause. The entire anti-capitalist, anti-imperialist world of mankind is with us.

Let us manifest our solidarity with them. Let us say loud and clear that we are not going to accept four more years of Slavery, Suffering and Death under the hooves of racist pigs.

Until this house is set in order, let us plant our tent on the fighting words of Brother Robert Williams: "America is a house on fire. Freedom now or let it burn, let it burn."

Eldridge Cleaver, Minister of Information, Black Panther Party; Presidential Candidate, Peace and Freedom Party

Come into the streets on Nov. 5, election day. Vote with your feet. Rise up and abandon the creeping meatball! Demand the bars be open. Make music and dance at every red light. A festival of life in the streets and parks throughout the world. The American election represents death, and we are alive.

Come all you rebels, youth spirits, rock minstrels, bomb throwers, bank robbers, peacock freaks, toe worshippers, poets, street folk, liberated women, professors and body snatchers: it is election day and we are everywhere.

Don't vote in a jackass-elephant-cracker circus. Let's vote for ourselves. Me for President. We are the revolution. We will strike and boycott the election and create our own reality.

Can you dig it: in every metropolis and hamlet of America boycotts, strikes, sitins, pickets, lie-ins, pray-ins, feel-ins, piss-ins at the polling places.

Nobody goes to work. Nobody goes to school. Nobody votes. Everyone becomes a life actor of the street doing his thing, making the revolution by freeing himself and fucking up the system.

Ministers dragged away from polling places. Free chicken and ice cream in the streets. Thousands of kazoos, drums, tambourines, triangles, pots and pans, trumpets, street fairs, firecrackers—a symphony of life on a day of death. LSD in the drinking water.

Let's parade in the thousands to the places where the votes are counted and let murderous racists feel our power.

Force the National Guard to protect every polling place in the country. Brush your teeth in the streets. Organize a sack race. Join the rifle club of your choice. Freak out the pigs with exhibitions of snake dancing and karate at the nearest pigpen.

Release a Black Panther in the Justice Department. Hold motorcycles races a hundred yards from the polling places. Fly an American flag out of every house so confused voters can't find the polling places. Wear costumes. Take/a burning draft card to Spiro Agnew.

Stall for hours in the polling places trying to decide between Nixon and Humphrey and Wallace. Take your clothes off. Put wall posters up all over the city. Hold block parties. Release hundreds of greased pigs in pig uniforms downtown.

Check it out in Europe and throughout the world thousands of students will march on the USA embassies demanding to vote in the election cause Uncle Pigcontrols the world. No domination without representation.

Let's make 2-300 Chicago's on election day.

On election day let's pay tribute to rioters, anarchists, Commies, runaways, draft dodgers, acid freaks, snipers, beatniks, deserters, Chinese spies. Let's exorcise all politicians, generals, publishers, businessmen, Popes, American Legion, AMA, FBI, narcos, informers.

And then on Inauguration Day Jan. 20 we will bring our revolutionary theater to Washington to inaugurate Pigasus, our pig, the only honest candidate, and turn the White House into a crash pad. They will have to put Nixon's hand on the bible in a glass cage.

Begin now: resist oppression as you feel it. Organize and begin the word of mouth communication that is the basis of all conspiracies. Coordinate information and ideas by writing to Youth International Party, %Eldridge Cleaver, Ramparts Magazine, 495 Beach St., San Francisco, California, 94133.

Every man a revolution! Every small group a revolutionary center! We will be together on election day. Yippie!!!

Attached relates to a speech given by Leroy Eldridge Cleaver, of the Black Panther Party, at American University, Washington, D. C., on 10/18/68.

Cleaver referred to the President and Presidential candidates in obscene and derogatory terms. He referred to the Director AS using his job for a wrong purpose because his men are informing on citizens who wish only to have a voice in their own lives.

Cleaver is on parole in California after serving eight years for assault with deadly weapon (attempted rape). He has been speaking at colleges in West and East for the past several weeks. Speeches have been filled with obscenities and have included revolutionary statements which are being referred to Department.

Copies of attached furnished to the Criminal Division and Inter-Division Information Unit of the Department. Also being furnished the Attorney General.

Eldridge: Reagan is a

punk, sissy, coward

Two weeks ago last Friday the mighty Regents of the University of California decided that Eldridge Cleaver could not give a series of ten lectures to students in a course for credit. Last Friday Cleaver spoke to an audience of more than 7,000 students in the Edwin Pauley Memorial Basketball Pavilion and before long he will have spoken at every UC campus in the state.

Governor Ronald Reagan stirred up a storm of controversy over Sociology 139X, the class Cleaver will teach, and forced him before the attention of the media. In reporting his speeches the daily press paid close attention to Cleaver's choice of language, but went out of the way to avoid reporting what he said:

Cleaver's speech began:

"Good afternoon, my fellow hu-"
man beings.

"I want to thank those who are responsible for inviting me down here. I want to thank Mickey Mouse Reagan and Donald Duck Rafferty for making it possible. Before I go any further I want to get into this by saying what some people don't want to hear and others do not mind: Fuck Ronald Reagan, Fuck Ronald Reagan.

"Here we have a grade B character actor, who swindled his way into the governor's mansion by very quietly and very beautifully parroting the scripts put before him by some criminal writers from Hollywood or Disneyland or somewhere funny like that.

"He wants everybody to know and to behave in the manner prescribed by our governor. Our governor, our lord, our master, our leader and teacher—oink,

"Students at the University of California, along with some faculty members, invited me to participate in a series of lectures. They asked me to deliver ten lectures. I wouldn't have to change what I had been saying, but perhaps structure it a little bit so that it could be moulded into a package that could be brought off of the streets and Into the quiet, peaceful halls of higher education.

"You would have thought they invited me down there to rape all the white girls and kill all the white men. Ronald Reagan says that it's a disgrace for a man with my background, a disreputable character like myself to be invited onto a campus where I

might corrupt the morals of the youth. I say that Reagan and all the pigs of the power structure have corrupted the very air that we breathe.

"What we are trying to do is save ourselves and perhaps save the world. Rescue this funky. corrupt polluted country from the death role in which it has been placed by old, decrepit, avaricious, crazy, dizzy, loony, kooky, corrupt people who want to rule the world, who want to rule the people of this country and who want to make us believe that they own the state of California and that they own the people of the state of California. They have forgotten that they are nothing but public servants, that they owe their first duty to the public.

"They are nothing but public servants and they have no right to impose their dimwitted will upon the people. The people don't have to go for it. I'm not gonna go for it.

"I say Ronald Reagan is a punk, a sissy and a coward. I challenge him to a duel to the death right now. He can choose his own weapons. He can choose a baseball bat, a knife, a gun or a marshmallow. I will beat him to death with a marshmallow, cause he's a punk.

"He's a coward and he won't do that. He won't confront that. What he does, since he's the Chief Executive of the state of California, he turns to the machinery of oppression beneath him. namely to the department of corrections-to the parole officers and my parole officer in particular and tells them, twists their arms to force them (and you really don't have to force THOSE pigs) and he gets them to revolve my parole. Just as he twisted the arms of the courts and of ary other agency under his control to get rid of Eldridge Cleaver and send him back to the penitentiary. Well I'm not going. Fuck him in his ass. Fuck him.

"I went to the penitentiary to investigate it for you. You might call it a field trip, an extended safari and I didn't like it. During the time that I was behind those walls I had the pleasure of visiting every part of the prison from the hospital to solitary confinement, and I don't like any of it, not even the medicine.

"So let him go to the penitentlary. Let him take his mama to the penitentiary. I want to stay out here where the people are and

let the penitentiary be for the pigs, for that's who belongs in it. I have been rehabilitated. I am not gonna bother no more citizens. All of my hostility, all of the hatred that I have in my heart, all of the bitterness I have in my heart—and I have it—is for the pigs and the power structure, the machinery of oppression and the fucked up system that has fucked up the world and fucked up our lives, and that we have to deal with for ourselves and for posterity whether they like it or not.

"And it is necessary for us to realize that we have three categories of pigs to deal with. First and foremost, deepest in the pit of evil, we have the avaricious, greedy businessmen, those who own the planet Earth, those who own the resources in the planet Earth, those who own us.

"In the second category we have the hypocritical, demagogic politicians. In the third category we have the ignorant, racist pig cops, your local police, the gestapo, occupying armies, the strongarm forces of the power structure. These are our enemies, broadly cutlined. They have detailed categories that we can get into, but those are our enemies, those are the forces that have to be dealth with. And we have to start by

letting them know that we know that every one of them came out of their mother's pussy naked and with nothin,' cryin' into this world like everybody else. They didn't come here with any blue chip stock pinned to their asses. They didn't come here with any deeds

(Continued on page 28)

(Continued from page 25) and trusts giving them eternal and perpetual ownership of the earth. No. They came here like I came here. They came here like you came here. And they are going to leave like we're going to leave, depending on how the shit breaks.

"Because we happen to know that there are more people in this country than there are pigs. And we don't have to be afraid of the pigs. All they can do is kill us, and lock us up in their jails. But they can't go on killing us and they won't be able to keep us in their jails if the people of this country would stand up and tell them: "No more, motherfucker, no more! We're not going to have it no more!"

The McCarthyites and the Kennedyites and those who are not really off into the right-wing bag -I think they got the message in Chicago, Racist pig Daley, Mayor Daley the butcher, the murderer, released his pigs on the people who had come to express their political position, helping to insure that meathead Humphrey would still maintain his pig-like grasp on the reins of power in the Democratic party. Let him have the Democratic party. Let us take the Democratic party and the Republican party and all the pigs that stand with both those parties and let us dump them into the garbage can of history where they belong, and let's bury it where we bury the dead!

"Because if you want to talk about tomorrow, if you want to talk about the future, if you want to talk about the future, if you want to talk about the 21st century, then you're gonna have to start talkin' about corralling these international gangsters who are putting the world into a position where there's going to be universal death, not just for the niggers. When you look at the world, the world is no longer a far-flung planet. The earth is a neighborhood.

won't need a crystal ball to tell us what's in store for us when we see General Hershey, the man who sends greetings to the young black brothers in the ghetto tellin't hem, 'Come on boy, go over there in Vietnam and kill some of those niggers for me."

*We don't need a crystal ball to aread it when we see that same man come out and endorse a feather-weight, feather-brained, pint-sized punk, racist dog like George Wallace of Alabama. We know what's behind that, And if we needed any other proof, all

we'd have to do is check the news, out and see that general Curtis. LeMay, the god of the Strategic Air Command, has been selected by this pintsized idiot to be his running mate—running mate to where? Where in the fuck does he think he's going?

"He's running and he's better keep running. And those other pigs; Oink Nixon and Oink Humphrey, Oink all of them... all of them had better startrunning because there is a storm brewing over America and the people are going to rise up and say: 'Up against the wall Motherfucker, because you done wrong."

"We're not going to ask them. The Regents aren't going to pass a resolution instructing themselves to get up against the wall. The oppressor has no rights which the oppressed are bound to respect and don't forget it. They ain't got nothin' coming. They ain't got nothing coming.

"We want to make a distinction, because we can't go around speaking categorically if we start talking about ethnic groups, races and people and things, because some of your allies might be turned against you. So we want to make it very clear to all the inhabitants of Disneyland, Los Angeles, Chief Reddin's pigpen. snorty Yorty's pigpen. We want to make it clear that we recognize that the Black Panther party, Black people alone, cannot decl with this. That its going to take an awakening generation, a revolutionary generation of white people, young white people who are brave enough and willing to face "It's a neighborhood, its communications and transportationare up tight and everything is around the corner including the specter of genocide, which black people have their eyes on.

"We see what the racists in this country are cookin' up for us. We the challenges of the ruture, the challenges of the present—to get out of all of these bags that we've been in—to look beyond the eth-ancentrism, the xenophobia that we've all been indoctrinated with to recognize that the world is a neighborhood, a community, and then move to eradicate every obstacle in our way to make it that

way so we can have peace on this earth!

"It is a basic principle that: every man, woman and child on, the face of the planet earth has an absolute right to the highest and the best standard of living that human knowledge and technology is capable of providing, Period. Every man, woman and child, I don't care what color he is, or what country he's in. It is enough that he is born into this world and therefore he has the right to live. It is the responsibility of the organized machinery of society to do everything that it can to insure and to guarantee that everybody gets their issue without no builshit about it.

"And we are gonna have it that way. That's the way it's gonna be. Because the revolutionary people of the world are saying that we're gonna be part of the democratic destruction of the world or we're going to be part of the democratic regeneration of this burnt-out planet.

"There aint gonna be no two ways about it. It's gonna be us or it ain't gonna be nobody. It's gonna be us together, or it's gonna be chaos in Babylon all over the planet earth, and we've got to understand that. This is the last goround. Everybody is face-to-face with the enemy and toe-to-toe. We've got to learn to make distinctions and somehow manifest where we are, so we can know who is the enemy and who is not the enemy.

"We can start out right now with" a song that I have written entitled; "Fuck Ronald Reagan." Cleaver admitted that he is not much of a choir director. Then he led six "Fuck Ronald Reagan" cheers in the UCLA basketball pavilion. By the sixth try the cheerleader had most of the crowd shouting with him. Then he went on talking about power, racism and politics.)

"All power to the people, Black power to Black people, Red power to Red people, Brown power to Brown people, Yellow power to Yellow people, White power to White people, That's not what you have now, You have pig power now, If you have White power you wouldn't have the pigs on the Board of Regents inflicting their will on you.

"The people are insulted now by public servants who have become so arrogant. Take Mickey Mouse Rafferty with his PhD in Physical Education, who has based his career on taking all mention of communism out of the textbooks. We already have a song and dance man in the Senate. Now we're going to have a volleyball coach to decide over our lives. They say the people get the rulers they deserve. I'll be goddamned if we deserve that.

"Every people and every ethnic group has an absolute right to be in control of its own destiny.

"It is not man's destiny to be an exploiter and butcher of the people. We want to bring the boys home, but we don't want to bring them home to put them on the police force. We're not going to bring them home to do to us what they do in Vietnam. The boys don't want to murder people. We've got to welcome them home because we need a people's militia.

"We have to break with the past.
We are going to have to dance to
a tune that does not insult the humanity of any one.

"It is possible for White people not to be racists. White supremacy is over. It is possible for everybody not to be a racist. It is possible to get along. It is possible for everyone on the same planet earth to live together without being at everybody's throats and if they don't believe they ought to give up. It's possible for me to get along with Ronald Reagan if he doesn't try to tell me what to do, where I can go and if he doesn't force me to watch his movies.

"If we don't have that faith we can just let go, take acid, get drunk and let the pigs have it."

(This second part of Cleaver's speech has been shortened for reasons of space.)

RE: BLACK PANTHER PARTY
(BPP)
RACIAL MATTERS

Reference is made to a memorandum from this Bureau dated October 21, 1968.

The following is a summary of information concerning the captioned organization which appeared in "El Mundo," Havana, Cuba, on October 4, 1968. This newspaper operates under the complete control and direction of the Communist Party of Cuba.

Interview with Minister of Information of Black Panther Party

CLEAVER TALKS ON HIS ARREST AND NEWTON'S SENTENCE

by ALBERTO HERNANDEZ

They have just sentenced Huey to 15 years in prison on false charges. It was clear from the beginning that these were fabricated charges, and this was demonstrated by the fact that when the sentence was made known, Huey's lawyer went immediately to talk with him, but Huey had already been taken out of the courtroom. He was placed in a patrol car which took him straight to prison.

Even the police and the jailers knew ahead of time what would be the sentence against Newton. I know of my own experience, because I have been in prison, that when somebody is taken out of a courtroom so quickly, it means that the verdict was known beforehand. This shows a clear case of collusion. Everybody agreed to send Huey to prison.

Re: BLACK PANTHER PARTY (BPP)

That same day, the Court of Appeals issued an order sending me back to prison. That is proof that they plan to cripple the leadership of the Black Panthers, and they hope in this way to destroy the organization.

(The communication was cut at this point by an "error" of the American telephone operator. We were connected again in a short time, thanks to the efforts of the Cuban operator.)

I have a good idea who broke our connection. I was saying that the District Court of Appeals ordered me to return to prison on parole violation...and this order was issued the same day that Huey was sentenced to 15 years in prison. My parole was revoked because of my public activities to demonstrate the political mature of the charges against Huey. And this was the first time I was involved in charges of parole violation. The only thing we have done is educate public opinion in the United States and the rest of the world, concerning the political nature of this attack on Huey P. Newton. And these activities angered the authorities, who are determined to eliminate those who want to spread the truth.

Nevertheless, this effort to send me to jail was blocked by a judge, who accepted a writ of habeas corpus which freed me from jail. However, the Parole Board people appealed this decision, and a higher court rejected this recourse. They did give me 60 days freedom, before returning to prison.

Convert the Streets of the U.S. into the Sierra Maestra

We still have certain legal ways of escape, and that is what we are exploring at the moment. However, once these legal avenues have been exhausted, our only remedy will be to use revolutionary methods. At this time, we will have the backing of the people, who have remained at our side during this entire process, and if the imperialists and the racists refuse us justice, the people will understand our actions and will support them.

RE: BLACK PANTHER PARTY (BPP)

We have passed the point where it makes sense to call on the courts to respect our rights, because there are racists in the courts who refuse us justice, and they do this without thinking that the eyes of the world are on them. They are shameless about rejecting public opinion. So, we are at the point of abandoning legal methods, i.e., calling on the courts. We feel that legal avenues have just about been exhausted, and the moment has come to convert the streets of the United States into a Sierra Maestra.

Things reached a point where they wanted me to leave my home, because my wife Kathleen purchased a pistol, and having a pistol violates the terms of my parole.

It was essential that my wife acquire this weapon, because the police recently shot at the windows of our offices, and moreover, the racists are ready to murder us.

Nevertheless, our lawyers told us that Kathleen is within her rights, guaranteed by the Constitution, to own a weapon, so that actually, the authorities are putting me in prison in order to take away my wife's right to possess a weapon with which to defend herself.

Another thing I want to clarify is the following: the young white students at the University of California invited me to give a course on racism in the United States. This brought about the intervention of the racist Governor of California, Ronald Reagan, who insisted that I not be permitted to speak to the students. Nevertheless, the students protested, and they insisted that I be given the opportunity to teach this course on racism in the United States. The University is run by men who are appointed for political reasons, and these gentlemen gave in to the demands of the Governor of California, but the students remained firm. And, in the midst of this crisis, the Court of Appeals ordered me to

RE: BLACK PANTHER PARTY (BPP)

return to prison. Thus, this order appears to be motivated by political reasons.

Huey Faces Johnson's Justice

We do not know if

We do not know if he will receive justice on this appeal, because all these judges bend to political pressure, and they are very similar to the judges who rejected Fidel Castro's appeal, applied Batista's "justice," and sent him to jail. In a similar fashion, they will apply Johnson's justice to Huey. There is really not much hope that the appeal will be favorable, but it is a way of exhausting all legal means in the eyes of the people. We will carry this appeal to the highest court in the country, and we will rouse the conscience of the people and show them that the only way to obtain justice for the people is for the people to be united and armed against the racist, decadent imperialist structure. This is the way we will fight, and Huey has said so himself. We are working on all fronts to gain freedom for Huey.

Even though there is an order sending me to prison within a few days, there is no way to make me go to jail when I have committed no crime. It does not appear to me to be my duty to go to the imperialist slaughterhouse like a tame sheep.

It is our duty to go to the rescue of our brothers, and to see that the news of how Negroes are treated in the United States is known all over the world.

During this electoral campaign, the racists and imperialists Nixon, Humphrey and Wallace are stirring up the Negro problem to incite the whites to vote for them. These men are ready to sacrifice anything to gain the presidency; they will sacrifice justice, the legitimate interests of the people—they don't care about the people, merely money and power.

RE: BLACK PANTHER PARTY (BPP)

And the people, who h
treatment given to Huey Newton,
the attitude of these candidate

And the people, who have been watching the treatment given to Huey Newton, have also watched the attitude of these candidates, who deny rights to some, in order to win the election in November.

In the name of the Black Panther Party, in the name of Huey and the Negroes in the United States, I want to say that in spite of what they can do to us, in spite of the way they use the courts to deny us justice and send us to jail, they can never silence our revolutionary spirit, and they will only increase our opposition to this system. There will be no peace for humanity as a whole, there will be no security for people, until a system like imperialism has been liquidated and swept into the wastebasket of history.

They can take away our freedom, and even our lives, but the battle will go on, and increase until we achieve victory. We will conquer!

THE DEATH OF FASCIST AGENT JOHN FREY

On October 28th last year, police agent John Frey appeared dead of a gunshot in Oakland, California. He was well known in the ghetto as one of the worst racists on the police force. Shortly before, he had advised by short wave: "I have a Panther car." At that period, the police in Oakland had distributed lists with license numbers of the cars of the Panthers (and of cars driven by their associates, white or black), in addition to photographs of Black Panther leaders to all police stations. On various occasions, the police had committed reprisals against the Panthers.

Officer Herbert Haines, the only witness to Frey's death, who had arrived at the spot as a reinforcement, stated that two Negro citizens were in the Panther car, one of them Huey P. Newton, Minister of Defense of the Black Panther Party for Self-Defense.

RE: BLACK PANTHER PARTY (BPP)

Haines said then that he saw no weapon in Huey's hands, although at the trial he stated that Newton had killed Frey and wounded him. Haines added that Newton and his companion fled. Nevertheless, hours later, Huey was taken to Kaiser Hospital, seriously wounded.

According to what was proved, in spite of the fact that Huey had four wounds in the abdomen and one wound in the thigh, the doctors refused to attend him until the police arrived. When the police arrived, the doctors permitted them to hand-cuff Huey on the operating table. Newton suffered badly, without medical attention. He even asked to be knocked out, to escape the pain.

Hours later, after surgery, Newton was taken to a hospital room, under heavy police guard. A policeman threatened to cut off his intravenous feeding tube. Another policeman pointed a gun at his head and said he would kill him, and then say he had been trying to escape. This policeman said later that he would not have shot, because Newton would die in the gas chamber.

During the time that Huey was in the hospital, the police guarding him mistreated him; they would jolt the bed, hoping to open his wounds; they hit him in the stomach until blood covered his bandages.

Newton was later transferred to San Quentin Prison, where he continued to receive medical treatment, and later he was taken to Alameda County Jail, on false charges.

So far, there has been no legal proof that Huey P. Newton killed Officer Frey. However, at the trial which ended last Friday, Newton was sentenced to 15 years imprisonment.

BLACK PANTHER PARTY FOR SELF-DEFENSE (BPPSD)

A source advised that the Black Panther Party For Self-Defense (BPPSD) was formed by HUEY PERCY NEWTON, Minister of Defense, and BOBBY GEORGE SEALE, Chairman, in Oakland, California, in December, 1966, as a militant black nationalist political organization to combat "police brutality," to unite militant black youth, to determine the destiny of black communities, and to educate black people in African history. The political philosophy of the organization was taken from the writings of MAO TSE-TUNG of Communist China and black militant writers.

The official BPPSD publication "The Black Panther-Black Community News Service" indicates the leadership of the BPPSD advocates the use of guns and guerrilla tactics in the violent revolutionary program to end oppression and to oppose the drafting of black men to fight in Vietnam.

A second source advised that in early 1967, SEALE, NEWTON, and their associates carried carbine rifles and holstered pistols in plain view on the streets of Oakland and elsewhere while on "defense patrols."

BOBBY GEORGE SEALE was one of the persons arrested by the Sacramento, California, Police Department on May 2, 1967, when members of the BPPSD invaded the California State Legislative Assembly in Sacramento while in session, carrying loaded guns to protest restrictions on the carrying of guns.

A Grand Jury of Alameda County, California, Oakland, California, on November 13, 1967, indicted HUEY PERCY NEWTON on charge of murder of an Oakland, California, police officer on October 28, 1967, in Oakland, California.

The first source advised that the headquarters office of the BPPSD at 5624 Grove Street, Oakland, California, is closed and that no membership meetings have been held since August, 1967.

The November 4, 1967, issue of "The Sun Reporter," a San Francisco, California, Negro community newspaper, states that a HUEY PERCY NEWTON defense fund has been established and that the Student Non-Violent Coordinating Committee (SNCC) and the Congress of Racial Equality (CORE) through the national offices have pledged their complete and continuous support to the defense of HUEY PERCY NEWTON.

> ELDRIDGE CLEAVER; RACIAL MATTERS - BLACK PANTHER PARTY

Source Number One advised on October 21, 1968, that Eldridge Cleaver, minister of information of the Black Panther Party (BPP), had been invited to speak by the student government at Florida State University, (FSU), Tallahassee, Florida. He was expected to appear as a participant in the student government lecture series and extensive preparations were made for his appearance at FSU, which was scheduled for 8:30 PM, October 21, 1968.

Also in conjunction with Cleaver's appearance, a rally, which according to leaflets passed on campus was to be sponsored by the Students for a Democratic Society, (SDS), was scheduled for 5 PM the same date, at FSU, to raise funds for the defense of BPP leader Huey Newton.

The source advised that Newton was recently convicted in California of an offense connected with the murder of a police officer.

Source Number One advised that the BPP is a black militant organization with headquarters in California.

A characterization of the SDS is set forth in the appendix hereto.

Source Number One advised that student government at FSU announced that work had been received the afternoon of

October 21, 1968, that Cleaver could not appear at FSU as 1 scheduled because he had to be in California for a court hearing. The speech was therefore canceled.

Source Number Two advised on October 22, 1968, that a rally was held at an open-air amphitheater at FSU at 5 PM, October 21, 1968. He advised that the "Flambeau", FSU student newspaper, had indicated this rally was open to all and was sponsored by the FSU SDS Chapter, and was for the purpose of obtaining funds to help free Huey Newton, BPP leader.

The source advised that only about 75 persons, including curiosity seekers, attended the rally, which was disorganized and of short duration. Most of those attending were students and only two persons of the Negro race were observed. One was identified as

Source Number Two advised that FSU student Mary K. Price spoke briefly at the rally and stated that Cleaver's speech had been canceled because he had to appear at a court hearing in California. She said that this was an example of how the courts worked together with the rest of the system in holding back free interchange of ideas. She then introduced a young man of the white race, whom she described as Professor Dan Fine from FAMU.

b6 b7C b7D

Source Number Two stated that Professor Fine spoke briefly outlining the case in California against Eldridge Cleaver and Huey Newton. He spent most of his remarks outlining his opinion that these individuals had been "framed" by the Oakland, California, Police Department and indicated that they were victims of discrimination.

Source stated that there were no incidents at the rally and many of those attending did not appear in agreement with Fine's remarks.

The foregoing information regarding the cancellation of Cleaver's speech and the rally held without incident was furnished on October 21, 1968, to Tallahassee, and local law enforcement at Tallahassee.

APPENDIX

STUDENTS FOR A DEMOCRATIC SOCIETY

The Students for a Democratic Society (SDS), as it is known today, came into being at a founding convention held at Port Huron, Michigan, in June, 1962. The SDS is an association of young people on the left and has a current program of protesting the draft, promoting a campaign for youth to develop a conscientious objector status, denouncing United States intervention in the war in Vietnam, and to "radically transform" the university community, and provide for its complete control by students. Gus Hall, General Secretary, Communist Party, USA, when interviewed by a representative of United Press International in San Francisco, California, on May 14, 1965, described the SDS as a part of the "responsible left" which the Party has "going for us." At the June, 1965, SDS National Convention, an anticommunist proviso was removed from the SDS constitution. In the October 7, 1966, issue of "New Left Notes," the official publication of SDS, an SDS spokesman stated that there are some communists in SDS and they are welcome. The National headquarters of this organization as of July 24, 1968, was located in Room 206, 1608 West Madison Street, Chicago, Illinois.

LEROY ELDRIDGE CLEAVER

Copies of this memorandum have been furnished locally to intelligence agencies of the Army, Navy, and Air Force, and to the U.S. Attorney and Secret Service.

An article appearing in the October 1, 1968, issue of the "San Francisco Chronicle" captioned, "Cleaver Talks Today at Stanford", reflects that Leroy Eldridge Cleaver, Minister of Information of the Black Panther Party and author of "Soul on Ice", was to speak at the Stanford auditorium on "Conditions in the Black Community" on October 1, 1968. It was to be a public lecture sponsored by Stanford's Committee for New Democratic Politics, a volunteer organization of Eugene McCarthy and Robert Kennedy supporters.

On October 21, 1968, Thomas F. Bell, Chief of Police, Stanford University, Palo Alto, California, advised that Cleaver spoke to an overflow crowd at the Stanford University auditorium during the evening hours of October 1, 1968. His speech was full of obscene four letter words directed at public officials, and contained a challenge to a duel for California Governor Ronald Reagan, whom he said he would beat to death with a marshmællow. Cleaver stated that Huey Newton, Minister of Defense of the Black Panther Party, had been railroaded to jail, and he compared America to Nazi Germany, stating America was on the verge of Nazism.

The speech lasted over an hour, and approximately two thousand people were in attendance.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

LEROY ELDRIDGE CLEAVER

Copies of this memorandum have been provided to intelligence agencies of the Army, Navy, Air Force, Secret Service, and the U.S. Attorney.

On October 24, 1968,

San Francisco State College, San Francisco, California, advised that Eldridge Cleaver, the Black Panther Party Minister of Information, was scheduled to read from his book, "Soul on Ice", at the College under sponsorship of the Poetry Center on October 9, 1968. When Cleaver appeared, however, he said he did not feel like reading from his book and proceeded to verbally attack, with obscenities, the California Board of Regents for trying to keep him from teaching at the University of California at Berkeley. He also attacked Governor Reagan and Presidential Candidates George Wallace, Vice President Humphrey, and Richard Nixon, calling them names like "racist pig" and "meat head".

Cleaver spoke to a crowd of about 2,000 students.

BUDED 11-22-68

The subject has made repeated statements in recent speeches to the effect that he does not intend to go back to prison on 11-27-68 as ordered by California parole authorities. He has stated that he intends to remain in the black community and will rely on sympathetic black people to conceal him.

San Francisco is requested to determine through its informants and sources whether Cleaver actually intends to avoid going back to prison. It must be recognized that if Cleaver carries out this threat the Bureau will be faced with an Unlawful Flight to Avoid Confinement case. It is important, therefore, to analyse this situation prior to 11-27-68 and to be prepared for the possibility that Cleaver will attempt to hide out. As previously suggested, the possibility that Cleaver may seek refuge outside the United States must also be considered.

NOV 14 1968

Submit an airtel to reach the Bureau by 11-22-68, furnishing observations of your informants and sources concern= ing the action they anticipate Cleaver will take. Your recommendations concerning any investigative action which should be taken in connection with this matter should be submitted.

Cleaver is Minister of Information of the Black Panther Party. He is on parole after serving nine years of a 14 year sentence for assault. He was involved in a gun battle with Oakland Police on 4-6-68 as a result of which his parole was revoked and he was returned to jail. A California Supreme Court Judge released him on the basks that his parole had been revoked for political reasons. California Court of Appeals reversed this decision on 9-27-68 and ordered parole order reinstated but gave subject 60 days to appeal.

Hey - how you doing father - glad to be here-Voice in background voice calls her father - look here wait a minute wait a minute just be cool - can you hear me father? - can you hear me father? Hey father - can you hear me father or Brother or Sister or whatever it is - Why don't you come on down hore and you talk and then I'll talk - Come on down cause if you don't come down here I'm going to come up there. Quiet so we can hear. - What did he say? - Chears and chants of Go-Go-Go. I'm very glad to be here and people at the school who invited me here and I'll be very glad to have the father come down here and say what he has to say to the prophe. I'll be very glad to walt and allow him to say what he has to say and I'll say what I have to say and if you will allow me I will go over there, let him talk and then Itl talk but I think it's kind or nonsessical for both of us to tark at the same time - Cheers - Well. I came hore to say this - All power to the people. Black power for black people, white power for white people, red power for red people, yellow power for yellow people, brown power for brown people and we don't get up tight when we talk about white power for white people because you never had that before. What you have had is the power in the hands of rigo - Cheers - Fister - Listen you've had pigs exercising power over you and this is why you need the gower in your hands now so you can stop the pigs in the power structure from oppressing the people of the world, from oppressing the people right here in this country - New listen if you hear - Ac Columbia we haven't (learned) anything yet - 0.K. - But that was a good example of some lactics that can be used if you (pull that stuff) up against the wall - if people tell you there is no other way then you use those tactics -O.K. - What's going to happen if violence starts? Now the position of the Black Panther Party is that right now there is no need for violence because it's not going to do any good - My idea is there's no need for violence right now at all and if such a situation does occur I personally don't feel it would be the fault of anybody who has put together this program today - 9.K. - Be cool - 0Klook this is to the white audience because I know the black people don't plan to start anything but just in case the white audience thought that they were going to start something

INCLOSURE' 100-447251-123

I just want them to know we're not trying to prove anything to me well enought and you want to go through with this, all right then we're going to do it. am the presidential nominoe of the Peace and Freedom I'm the Minister of Information of the Black Panther Party and I've written a book and I have things I want to say to people and it's been indicated that | people don't mind hearing it - 0.K. - I'm very surprised by that. I didn't expect that (Unintelligible - Unti) we are going to talk about our program to help the papple of this country do away with the type of divisions that can bring about a situation like this --(There is some noise from the audience) (Untl) - led by a priest - dig it -. I wonder if there are any priests on our side. All right, there are a couple of priests down there. So that we know we're not alone and if there is a God in heaven there must be a division on a question as to whather or not it is over here or over there on do any of us know what welre talking about or is the confused situation more than anything else needs light shed on it. I believe that there is confusion throughout this country - that the number one problem that the people of this, country have to face is the problem of confusion. They are confused by the liking textbooks and lying officials, lying public officially, lying people who tell lies - false statistics so that we don't know who the enemy is and who the friends are. We're in a situation where we need information. We're in a signation where we just don't have time to play furny games. That is why across this country, college students are (garbled) of seeing how many can crowd into a telephone booth or how many goldfish they can swallow now or how many rallys they can break up by heckling instead of allowing people to talk so they can get the benefit of what the person has to say - We have no time to waste - We have no time to waste. There are those who would defer me of the right to speak and you of the right to hear what I have to say - dig it- (fear) is a form of insanity which is sweeping across this country. They tlak about the black - Applause - Wait a

minute - shut up - shut up - shut up. Wait a minute, They talk about the Black Panther Party being a recist organization in that it seeks to deprive other people of their rights. But you don't hear anything of the Black Panther Party going around terrorizing people or trying to intimidate other people or trying to force other people to break up their rallys. We say this we do not allow anybody to drive over us whether they are becklers or off duty policemen who try to attack us when we try to go to court no matter who they are. We must be in a position at all times to stand up and defend our principles and not to run and be frightened and intimidated by those who seek to drive over us. We can not do that, we will not do that and we are telling everybody to defend their rights. It is necessary to do that. What is going on in this country today represents the insanity of An economic System or political, demigeds, of avariagous business were who care nothing of the requesite of a society and the needs of the people to survive. They have perverted the political process. It may be some of you supported Eugesie Mc Carthy. You know what happened to the supporters of Eugene Mc Carthy when they went to Chicago. People the are deprived of their rights speak out. People who deprived them of their rights to speak out about the war in Viotnam. Mayor Daley, a good Catholic, released the policemen upon the people with their clubs with their guns and with their chemicals, made to deprive the people of Chicago of their proper rights to voice their dissent. And we say they are beginning to act like Nazi Celmans in 1933 when the storm troopers were running around depriving the people of their rights to oppose the insage doctrines of Hitler and now we see that happening here in America. Here in Babylon where people are now afoot right-wing people who seek to deprive, who seek to intimidate you so that they can get a fool in the White House like George Wallace. Applause. We say this topall the peers of the powers structure, that for the black people of America they are going to have their liberty by any means necessary and we are going to defendourselves against those who attempt to

deprive us of our rights. Applauss. We say this, the Black Panther Party is not a racist organization that we recognize. There are white people in this country that we recognize, that this structure can not go on as it has for these hundreds of years, that the world is on the brink of destruction that the people, the men and women are going to have to rise up out of the bougus of this country and take back the government from the hands of the usurpers so that the people can reorganize their lives. so that the Garden of Eden can be brought back down to earth, so that the people can live together on this planet because it is no longer a ----planet, it is a neighborhood, it is a community and we're all going to be a park of that community of we're going to have an increase of madness, chaos and bloodshed everywhere. The Black Kanther Party wants to avert that; this is why we go around this country talking to people talking to young white, people and I know that what I have encountered around this country on campuses is not representative of what the young white people of this country is told. Applause. We feel we have a duty, including our lives to those who would take it rather than see our ideas defeated. We must do everything, leave no stone unturned, to try building a byidge between the white people of this country who want to make a gun and the black people of this country who are determined to make a gain because it has the come about. The condition between the Black Panther Farty and the Peace and Frewdom Party is a small beginning. We believe that the history of our country has to be told because it is a history of misery, suffering and death. We need a new We date that book from March 15th of this year, a coalition between the black members of the Black Panther Party and the white members of the Peace and Preedom Party. We want to start there and create a history that we can teach to our children, where we won't be righting about what is in the text book because it will be the truth: the universal truth that condemns those who have been evil and ---- who have been the wictims of that evil. We say that that book respects the true history of the country, of the world.

One which we should all be able to relate to so we date our book from March 15 and we want to write a new book, one of the people, for the people and by the The book of the (Untl) is one of the pigg, by the pigs and for the pigs. That's ancient history. You want to start a new history, the basic essentials that we work on that every man, woman and child on the face of the plaget earth deserves and has an absolute right to the very highest and the best standard of living that human knowledge and technology is capable of providing. Anything that stands in the way of that has to go, has to be tamed, has to be modified and it has to be done on a world wide basis because we have a world wide system today part of it oppressing the people of the world the other part of it brying to get hid of the oppression. So the saying red power to red people, yellow sower to yellow people, we say (until) to brother Mao Tse Tung - we recognize what you have done, that you've liberated your people from imperialism and from eclonialism and we recognize you brother Ho Shi Minh what your doing - that you are trying to liberate your country from the imperialists and we want to bring the boys home. We want to bring the boys home too. We do not want to see the groung people - young men sent to Vietnem to murder people and to be killed themselves for a map the likes of General Hershey who has the audacity to andorse George Wallach for President, or General Curtis Le May who is so audacious as to be George Wallace's randing mate. We say there is something wrong with an army which produces two generals of that type (Applause) How can they expect the young black brothers, cooped up in the ghetto to look into a mailbox and take out a letter from General Hershey telling him to go to Vietnam and then look at the front page of the paper and see this smae General Hershey endorsing for President a man who would carry black people into the gas chamber like Hitler did the Jews. We cannot relate to that shit and we do not welate to lit and there is nothing that can make us relate to it. Nothing can make us relate to that, no

power on earth can make us relate to that. We want liberation for black people, we want liberation for white people, we want liberation for all reorle of the world. No more of the society - what are we going to do for the next four years. We have a choice between Richard Milhouse Nixon, Hubert Horatio Humbhrey and George Wallace and me. We have a choice of which pig do we put iato the White House (Untl). I make a distinction hetween myself and the pis of the power structure (Untl) country. I function as Minister of Information of the Black Panther Party, managing editor of Ramparts magazine and presidential nominge of the Peace and Freedom Party and I don't control the army in this country. I den't control the newspapers in this country. I don't congred, the Board of Regents for a region of California so ha is in a position for political purposes to force. the Board of Regents to pass a resolution forbidding me-From delivering ten lectures on the campus of the University of California - pig power - The students came to me and asked me if I would participate in these lectures and they gays this reason , why. They are concerned with getting to the roots of racism so they will know how, when they come out into the world, to pluck them up by their roots. That is what they are concerned about and I think that is a noble concern. And I would feel like a fool, I would fiel irrespensible if I didn't do anything and go there and parkecipate with them because that problem has to be solved; we have to get to the roots of racism, pluck those roots but and build a new world or we're going to have chaos and madness until the last man lays down and diss. Now I say this. The day (find?) the problem or you (find?) the salution, there are no two ways about it because chaos and insanity is mounting and you can do as people have done in other situations, sit back, not know what side you want to be on - the side of the oppressor or the It is a simple decision that has side of the oppressed. to be made and we want to be on the side of the oppressed, not only because we were from that side and because we cannot escape it because we're black but also because

that is where our heart is. Because of the people of the world, no matter in which they be who are oppressed, who are denied their human rights and who are subjected te fear and tyranny who advocate our responsibility and who attain their goals by driving over the rights of . We repudiate that type of behavior and we associate curselves with people and work with people, fight and die with people who can relate to that. We want to see a new world; we are willing to man the ramparts. Bo you want to be a part of the problem or part of the new system? What is wrong with being affirmative sather than negative, and taking a 0 D_ stand and saying what you're in favor of, because you have to start making up your mindan (Applause) Because there are other people in the process of making up their minds. They Want to frighten you into believing that the situation is such that this chaos and confusion cannot be dealt. with. Stop the lies that is propaganda; the spirit of the people is better than the man technology. never desrive people of the ability to overcome these malfunctions of society; people have the power if they exercise their will tolovercome gay and all obstacles that have suffocated them and uniting them to their lives. The situation can be dealt with. Nothing can deprize you of They re going to have you if you don't do something quick. You will be afraid to talk to each other for fear that your asignbor is a member of the FBI: the CIA, or some other organization that doesn't have a pame that the people know. We say all this underground b--1s--t is undemocratic and deprives people of the right to know what is going on around here. You have a right to know of what forces are in your community. You have a right to that information. This is why Lyndon Johnson issues live reports to the people because that is a eredibilities gap. This is a cuphemism which fits in Amer-But the truth is that the President of the ican history. United States. Lyndow Baines Johnson, has been lying to the people about what he is doing, what is going on in the country, what is going on in the world, and whose fault it is. He has been lying and his lies have become so vague

that even his own party has repudiated him. (Applause) He looked in the mirror one morning and he saw lies dripping from his vest, lies covered with blood; and he said, yes, tomorrow I will have something to announce that I will not be a candidate for presidency the next time around. That is what he did; get off because the people don't need him. Get off, pecause the people don't need Hubert Horatic Humphrey, they don't need Nixon and they definitely don't need Goorge Wallaco. Keep George Wallace, take him home with you and kiss him, daughter. Black people do not want him and white people who are serious about dealing with this situation do got want him, but we have all three of them. So how are we going to give a damn for the next four years. I say that the only alternative of the Democratic Farty, step outside the Republican Party. I ask black people join the Black Panther Party and organize a chapter of t the Black Panther Party right here on this campus and organize a white ---- of the Black Panther Party right Here on compus, and conduct your business, communicate with each other, and work together to try to get rid of this kind of ----. We don't go pround trying to prove that we're not racist. Our actions speak for use The fact that the white members of the Peace and Freedom Party have chosen me as their presidential candidate says that I lear that some people here feel that some members of the Peace and Freedom Party are all "coo-coo" and they have chosen a black racist who will i-k over them we either they're trying to build communication for the people who are tryingtto salvage humanity and themselves. So we say here on this campus look around and you will see who the trouble makers are. If you get a chapter of the Black Fanther Party on the campus you will always know that you can approach them at any time regardless of what color you are. Whatever your color you can approach a member of the Black Panther Party if you respect their dignity if you respect them as men and women, they will respect you as men and women. That is all we have to give of, that is all you have a right to; that is all we ask of you and that is all that you can give us a

We don't want people to cooperate with us - to work with us because they feel guilty because of what has been done in the history of this country. Because people who feel like that and (let their mind get stuck like that) are not responsible when it comes to dealing with this situation. We need people who realize that as long as they float continue their evil deeds of the past that. they are not guilty of the crimes perpetrated by their ancestors. But only if they make a desisive break with the past. White people togay like to say that it is not their fault, that they did not authorize slavery. They had nothing to do with that so don't blame them. But the point is this, if they were not a part of the theft will are they so determined to hang chito the loot. We say there is a crime in the penal code that involves receipt of stelen property. New if your father would go down and Trom Bookefeller that he has been sucking out of South Africa and if he brought that money home to you they would send the local police down and if they caught you with it they would arrest you and charge you with receiving stolen property or being an accessory after the fact. And you could go to jail for that. I do know about jail, I'm as authority on it. So I tell there people so they don't fave to go there themselves and they don't have to rely on the lying statements by the Warden in order to know what is going on in there. (Applause) If it was first on an individual basis of a little bank getting knockeds ôver they have a statute of limitations of seven years. After seven years when their not out looking is you. you can bring it out and spend it. But we're not talking about a petty crime of that caliber. We are talking about a universal crime against humanity that persisted for hundreds of years and there is no statute of limitations on the people who have been victimized by the process to regain control of all those things that have been taken Myay from them. The things of which they have been remoed, Now we have been robbed of the control of our destiny. We have been rubbed of the right ot have employment - Tull . employment. We have been robbed of the right not to go

out and kill people who are not our enemy and who are not attacking us. We have been robbed of everything that a free people has. We want freedom to determine the destiny of our own black community. We want to be exempt, we want to be free from being drafted into the army where we don't want to go and shipped to Vietnam and kill people, we don't want to kill patherprogram of the Black Panther Party is addressed to the needs for resurrecting the black community, the black people in their community and put them on a real basis of life. A life that will be free, a life that will be free of all tyranny, all obstruction and all outside control. think that we have a right to that and we are going to get it regardless of off duty policemen attacking us when we go to courby regardless of off duty policemen getting. into-ears and blowing horns as we stry to talk. Regardless of what they do we are going to continue to organize cour people around the ten point program of the black Panther Party. We are going to continue our progress - in the Belge and Freedom Party and we'll come here any time we're invited and speak to anybody who invites us here including some people who don't seem to know what we are all about. Now I say this man in the black garment was a priest, you know that better than I do and he was on this campus. You have a duty and you have a right to communicate with that was and seed to it that he starts studying the Bible: (Appleauss). Mold at . walto a minute - You have got to let him know that lif he teaches us that we are concerned about priests who will sprinkle a (holy water?) on the hydrogen bomb. We are concerned about the priest who helped Adloph Hillor in Nazi Germany. We're concerned about that and we're concerned about the priest in this country who will sprinkle holy water on the gas enambers that the racists want to set up for black people. Because if the priests and preachers and the ministers. I'm talking about Yonks town black preachers, I'm talking about recist white preachers, I'm talking about all of them who are (loyal?). There are more people in this country than there are pigs, if they like it or not. There was a French man by the name of Voltaire who had problems with

certain members of the cloth and he said this in an hour of bitterness that he wanted to see the last. capitalist strangled with the guts of the last priest. Now that is a brave statement, but we don't want to get into that. So not only do the students of this campus communicate with their priests but the other priests on this campus have a duty to talk with their soul brothers, get them together, get those socks off them, and send it down to the New York City Police Department to get a job where they belong. (Applause) The times we live in registry people to step further who are got the side of people. People who are part of the solution not part of the problem. People who have love in their hearts instead of hate. Accept that word hatred that I have in may heart, that every member of the Black Panther Party has in his hearts. The hatred that you should all have ingroup hearts. the hatred that will not allow you to tolorate the or --- a pension. The type of hatred that you know if, the neople would have had during the days of slavery in this country That slavery would have been abolished much somer without so much blood Mistory being written. .Would you have adafficated that the people at that time hate slavery or would want them to be sentral on that too. Whon we say, That it is necessary to hate the system that infects its proble today, you are either going to hate it by love it as a lot of red, white and blue people do. Are you going to not hate it or not love it. I may that a cystem that is not worthy of your love is not warthy to rule over If you cannot love it you have no business here. Anytime knowing that you have been a part of having perfected, knowing that we feel safe; knowing that we have the right to the very best. We have the right to modify a system knowing it can be better, it can be done and hobody with the best interest has the right to tell us that we cannot do that: And you the right to speak out, to demand that the public servants of this country start to serve the public, that they must be subserviant to the people. Any man who has the gall to stand up and speak to the people must have the humility to be subservient to the people. I am sick and tired of arrogance of the public servants who deny you your rights, who are getting

their salary from you each week. I pay my G -- D --taxes too. I don't like to give my money and I don't like to see anyone else give money to Lyndon Johnson, but if I refused to pay my taxes he would send the "pigs" down to lock me up. I'm not soing to do it anyway, I'm going to give my money to Joan Baez or the Black Parther Party. That is where it belongs. I'd give it. to Muey Newton Defense Fund or I'll give it to the sonfused "pigs" so that they can buy themselves at New Testament and read about Jasus Christ. (Applause) Lot them leave something about the man whose name they dishonor by masking their obnoxious anti-humanitarian activities behind his name. It has to stop if there is going to be a future for numanity. I know that the young white people of this country ----- and I say this knowing that am on the campus of a college that is Catholic. I say fr-k Ronald Reagan, fr-k the "pigs" of the power structure Trepeated this several times). They have no right. The oppressor has no right that the oppressed has to respect. And I want to say this because I didn't see any women up on that will. Whenever you see 25 or 30 men up on the hill with the priests without any women there is something wrong with them. (Applause) I want to say, and this is very relevant to this campus, between the women and certain men, and I want to say this to the women and you man are Mitchhikers, savesdroppers but you might need to know this too. The women. I say this political power grows out of the lips of a pussy - pussy power - this is what I'm saying that your power is a solution or your power is a problem and if your power is a solution then you don't have any right or any justification for letting power be a problem. So I would like to see a situation where you (tear these down?) to stay away, don't call you on the telephone and dog't write me any letters and don't come knocking on your deor cause you'll sic your dog on them and they'll be there tell him to go away and get himself together because power is a solution break - stay away stage - upon the hill, without another cat, a priest and no women. (Break in conversation) Against them (breck in conversation) people - men that the power of solution that they will hang your name on the bulletin board and they will come to your hoursof need. And I'm saying that everything

should be progressive. Everything should be revolutionary. That is part of the splution - love could be part of the solution. You are no longer Puritans and you can indulge in such activities outside of wedlock. Sex could be part of the solution, because you should not allow it to be used against you. How would you Look like - - Rubert Humphrey, Richard Mixon and Seorge Wallace or Mickey Mouse Regis or Donald Duck Rafferty * You don't know bim - You see he thinks he is famous -He is Superintendent of (Public Accessories?) in California - He is running for the United States Senate and I mention his name to a crowd of paople and nobody. has ever heard of him. And I'm sorry, I apclogize to you for mentioning it to you because you don't want to know him. He is the hatchet man of the aducation system in Galifornia. He is the kind of cat the goes around smooping with his long pig-like snort into the footnotes of the textbooks and he gets outraged and says we got to remove this footnote because if the young people of America read this footnote, the walls will come tumbling down. He never says anthing specific - believe me and he seems always to be talking to limite old ladies in temmis shows except that I said something to him one night and one of the little old ladies threw one of them at me sed raid don't you be insulting me like that Eldridge because Tive been supporting you and don't put me in the bag with those pigs. So we don't write anybody off. We've all been through various stages. I know a cat a member of the Peace and Freedom Party who is a die hard Goldwatrile a few years ago. Now he is with us bacause he knows what goldflocks is all about. I was a member of the Black Muslim movement but not anymore and I got out of that bag because I recognized the bag was not whore I wanted to be, where my sympathies were and I felt justified in living in and presiding and aggravating for other beople. With Brother Malcolm X when he moved, I moved. You have to recognize that Brother Malcolm X did something that was more important than anything, any black man has done since Marcus Garvey. (Applause) If you don't recognize Malcolm [for anything else you have to recognize him for this, that he told the history of the black liberation movement in this country, rescued it from an incorrect

position from racist locologies and he moved it out of that with diluting it and in fact giving it more of a revolutionary thrust. He salvaged the black man's liberation struggle from an erroneous direction and he prophéblized that it was necessary for black people to organize bick up a gun from being evicted or attacked by vigilantes, nightriders, Klu Klux Klanners wearing policemen uniforms. (Applause) It is very important to "dig" the historic leads. When Malcolm was talking about the importance of soing that Huey Newton was listening. Hugh P. Newton and Bobby Scale moved to perpetrate the thesis of Malgolm X to further dayelon the direction in which he was moving and Malcolm was the the who opened up the door to resume communications to those in the white community who were willing to make a break with the past and move toward the future. have Malucim to thank for that because that was the negessary turn of events. (Applause) It has been done. He died a death for the rights of the people. A death as, violent as that of Jesus, Yes he is dead whether you recognize that or not. We may be all wrong about what we stand for because we don't know the ultimate trath. about the universe and we don't go around lying saying East we do. Maybe it would be best if people did not allow us to talk, and after we die whether we be thrown away by someone who doesn't like us or whether we live to be pld like some of these priests. If we find ourselves before the throne of God. and look up at him with his long hippie hair and if he cays to judge your honor and casts as down into the hell fire to burn forever. Unless we (Untl) this piece of information we are going to look around for the people - for you - for the other members of the Black Panther Party - for the Peace and Freedom Party and we will form a moalition to deal with the devil because we don't have to relate to that fire either. We do not have to relate to anything which deprives THE PARTY NAMED IN

us, of our dignity and of our humanity. And if God Himself comes down and forms a coalition with the devil to keep us in the fire we'll just have to move against him whether you like it or not - This spirit of the people is greater than then man's, technology. I'm quite sure it will be greater than the devil's technology (Until) what we're doing and call us to the womb of our more and program us - reshape (Until) And don't give us the free will that we too can exercise by stage. That we don't think we have to do this, the oppression of the system. We made a decision not to relate to it, now to relate to a standard aimy of gestapo pigs in our community who are there to murder us and to brutalize us; to protect the property of the avaricious business men. The availations business men who give a --- to politicians and the strong arm troops of the power structure, the Ideal police, we do not have to accept that. We say all fower to the people, black power for black prople and white power for white people, red power for red people, yellow power for "Ho Chi Min", Mao "se Tung and all their brothers and sisters, student power for students faculty power to all the faculty who relate to that and guest lecture power to guast lecturers. Thank your (Applause)

Reurlet 10/23/68 which states that the memorandum concerning the subject's speech at University of California at San Diego has been classified "Confidential" to protect certain informants. The memorandum has been declassified.

ReBulet to San Francisco, 11/6/68, which included

As to CLEAVER's disassociation from The Peace and Freedom Party (P&FP), he has always maintained that he is a member of the BPP and not the P&FP, and his only connection with the P&FP is that they had nominated him as their Presidential Candidate. Inasmuch as the election has passed, there is no longer a reason for a relationship to exist.

A review of the San Francisco file discloses no information on which a determination can be made that Mid-Western P&FP leaders suspect CLEAVER has become mentally unbalanced. Such an opinion could possibly have come about as a result of Subject's Omaha, Nebraska speech given on 8/24/68, when the Nebraska P&FP was attempting to gain recognition as a legitimate party and appear on that State's ballot. His speech on that occasion was obscene and inflamatory.

At an Orange County P&FP meeting held on 9/11/68 at Santa Ana, California, the membership indicated their displeasure at the fact CLEAVER did not follow the Southern California Platform at the P&FP Convention, however, there was no indication leadership thought he was unbalanced.

As to the report that the BPP intends to spirit CLEAVER out of the country, SF sources have reported nothing to this effect. CLEAVER himself has stated on numerous occasions that he will "die before going back (to prison)" (Rensselear Polytechnic Institute 10/10/68); or that he will depend on the BPP and the Black community to hid him out (Intermediate School, Brooklyn, N.Y. on 10/13/68). In each case where the SFO has been made aware of such statements his parole officer has been advised.

Sources have been alerted to all of these possibilities and the Bureau will be advised of any positive results.

In each instance where the San Francisco Office has become aware of a statement made by the Subject to the effect that he will not be returned to prison this information has been furnished to the Subject's parole officer so he can be fully aware of all his pronouncements.

On 11/15/68, and and Special Services Unit, Department of Corrections, San Francisco, called at this office to talk with SAC BATES concerning possible actions on the part of CLEAVER as he approaches the date on which he may have to return to prison.

The Department of Corrections has considered having him report daily as time approaches. They are also considering getting an undated warrant for his arrest in order that it can be used promptly as a basis of CLEAVER's arrest should he leave the state without permission. This warrant would be based on Section 3056 PC.

Other San Francisco sources have only been able to advise of CLEAVER's public statements and utterances to the effect that he will rely on the BPP and the Black community to hide him and that he will die before being returned to prison. They have no insight as to his actual plans and have heard of no plans to spirit him out of the country.

b2 b7D

The San Francisco Office is urging the Department of Corrections Office contacts to attempt to secure the court's authority to effect an arrest of the Subject prior to 11/27/68.

LEROY ELDRIDGE CLEAVER

Copies of this LHM were provided locally to Intelligence agencies of the Army, Navy, Air Force, and the United States Attorney and Secret Service.

On October 25, 1968, Captain Stan Carey, Santa Clara Police Department, Santa Clara, California, advised that Leroy Eldridge Cleaver spoke at Santa Clara University during the evening hours of October 9, 1968, to approximately 2,500 individuals. The occasion was a symposium on "Black America: Evolution or Revolution" sponsored by this Catholic University. His speech was very obscene and he used obscenities in attacking presidential candidates Richard Nixon, Hubert Humphrey and George Wallace.

Following is a copy of an article appearing in the San Francisco Examiner on issue of October 10, 1968, regarding the above appearance:

Prior to the call to the Bureau had also contacted the San Francisco Office by telephone. DECLASSIFIED BY 60309 AUC TAM/MLT/EHL ON 12-02-2005

CONFIDENTIAL

LEROY ELDRIDGE CLEAVER

Copies of this memorandum have been furnished locally to the Army, Navy, and Air Force, U. S. Secret Service, and United States Attorney.

LEROY ELDRIDGE CLEAVER, Minister of Information, Black Panther Party (BPP), in April, 1968, after becoming involved in a shootout with the Oakland Police Department at Oakland, California, had his parole revoked by the California Department of Corrections. A subsequent court action brought by CLEAVER in Solano County, California, resulted in his being released in June, 1968, when Superior Court Judge RAYMOND J. SHERWIN ordered the release, stating CLEAVER's parole had been revoked illegally because of his political beliefs. This decision was overruled by California Supreme Court in September, 1968. The Supreme Court gave CLEAVER sixty days or until November 27, 1968, at which time this court ruled that his parole should be revoked and he should be returned to prison.

The U. S. Supreme Court on November 26, 1968, declined to review the case.

A characterization of the BPP is contained in the appendix.

On November 18, 1968.
at San Francisco, California, advised he had recently
conversed with CLEAVER regarding his statements to the effect
that he would not allow himself to be returned to prison.
said CLEAVER stated he would wait for in his, CLEAVER's,
office when was ordered to arrest him as he did not want
to get shot.

A second source advised that at a pre-election rally held at the Berkeley Community Center, Berkeley, California, November 1, 1968, ELDRIDGE CLEAVER stated he would take refuge in the black community and surround himself with guns in order to avoid being returned to prison.

Other San Francisco sources have only been able to advise of similar public statements and utterances made by CLEAVER. These sources have no insight as to his actual plans and have heard of no plans by the BPP or anyone else to spirit CLEAVER out of the country.

Other statements attributed to CLEAVER concerning his probable return to prison on November 27, 1968, include, "I'll die before going back" and that he would depend upon the BPP or

the black community to hide him out. The prior statement was made at Rensselear Polytechnic Institute in New York on October 10, 1968, and the latter having been made at Intermediate School, Brooklyn, New York, October 13, 1968.

On November 26, 1968, KCBS
Radio Station, San Francisco, advised that attorney CHARLES
GARRY had told the press on this date that he had talked to
CLEAVER as late as Sunday, November 24, 1968, and CLEAVER at
that time indicated he would comply with any instructions of his
Parole Officer to include turning himself in on November 27,
1968.

The foregoing statement by GARRY to the press was substantiated by taped interview with GARRY which was played over Radio Station KSFO in San Francisco on November 26, 1968, at noon.

On November 25, 1968,

advised that the California Department of Corrections
has written a letter to CLEAVER advising him that his parole
will be revoked effective November 27, 1968, and he is ordered
to present himself at the first floor conference room at the
California State Building in San Francisco, California, on that
date at 9:00 a.m. He will be taken into custody and returned to
prison at that time.

advised that no unusual plans have been formulated to be put into effect should CLEAVER fail to appear as ordered. Usual procedure would be to await a "reasonable" time and should he fail to appear, issue an All Points Bulletin seeking his arrest as a fugitive. An undated warrant was

BLACK PAMTHER PARTY, aka Black Panther Party for . Self Defense

A source advised that the Black Panther Party for Self Defense (BPPSD) was formed by EUEY PERCY NEWTON, Minister of Defense, and BOBBY GEORGE SEALE, Chairman, in December, 1966, as a militant black nationalist political organization to combat police brutality, to unite militant black youth, and to determine the destiny of black communities. The political philosophy was taken from writings of Chairman MAO Tse-tung of Communist China and black militant writers.

In March, 1968, the name, of the organization was changed to Black Panther Party (BFP).

The official BPP publication, The Black Panther Party - Black Community News Service, states that the BPP advocates use of guns and guerrilla tactics in their violent revolutionary program to end oppression of black people.

On February 17, 1968, ELDPILGE CLEAVER, Minister of Information, announced merger of the BPP and Student Nonviolent Coordinating Committee (SNCC) and bestowed title of Minister of Justice, BPP, upon H. RAP BROWN, Chairman of SNCC.

SNCC is a militant Wegro organization which preaches black supremacy.

NEWTON, aforementioned, is incarcerated in the Alameda County Jail, Oakland, California, awaiting trial on charge of murder of an Oakland police officer.

Headquarters of BPP and Huey P. Newton Defense Fundare located at 4421 Grove Street, Oakland, California.

I have received your letter of November 22nd and understand the concern which prompted you to write.

In reply to your inquiry regarding Leroy Eldridge Cleaver, the FBI is strictly an investigative agency of the Federal Government and, as such, does not determine whether prosecutive action will be undertaken in any situation. Such decisions concerning violations of Federal law are within the province of the Attorney General. Voluminous data regarding Cleaver have been furnished to the Attorney General and you may wish to contact him.

Cleaver is affiliated with the Black Panther Party, and I am enclosing a copy of my statement before the National Commission on the Causes and Prevention of Violence which contains on page 11 a brief report on the activities of this organization.

I want to assure you that the FBI is aware of its responsibilities with respect to the internal security of our country. We will continue to make every effort to carry out our duties with the highest degree of thoroughness and dispatch.

Hon. J. Edgar Hoover Director of Federal Bureau of Investigation Washington, D. C.

Dear Sir:

I read in my moning paper this date an article on Eldride Cleaver, written by Williams Buckley. This is just one more of the many things I find hard to beleive, that a person such as this man is allowed to run lose in our country. I am interested in some information from you if possible.

Back in July of this year, Water Winchell carried an article about one Leroy Cleaver, who was paid \$500.00 to appear before the Northern California-Nevade Conference of the United Methodist Church. Now I am a mamber of the United Methodist Church in Orlando, Florida, (College Park Methodist Church) and I am keenly interested in knowing if these two people are one and the same. I am sick of the trend in which our country seems to be going, and I am not pleased with the attitude that our church has taken on various issues, so I am seeking information in order to lodge a complaint, and at the same time requesting some answers to some of my questions concerning my church.

I feel strongly that it is time Americans began to stand up for what is right for our country and demand that what is not right be dealt with severly.

Thanking you for your attention to this matter, I remain

Sincerely yours,

LEROY ELDRIDGE CLEAVER SUBJECT: RACIAL MATTER - BLACK PANTHER PARTY UNLAWFUL FLIGHT MATTER

under the Unlawful Flight Statute.

With regard to captioned individual who is a leader of the extremist Black Panther Party and who is being sought by California parole authorities, our San Francisco Office is continuing to closely follow this matter with state authorities and with the U. S. Attorney concerning possible FBI assistance

The U. S. Attorney in San Francisco has advised that to date no concrete information has come to his attention from which he could make a reasonable inference that Cleaver has left the State of California. Therefore, the U.S. Attorney is not inclined to authorize an unlawful flight travestigation at this time. Our San Francisco Office advises that the California Department of Corrections is the agency primarily responsible for Cleaver's return to prison. Cleaver's parole was revoked by California authorities in April; 1968, after he had been arrested along with several other Black Panthers who had been involved in a gun battle with the Oakland, California, police.

Since the California Department of Corrections has limited manpower, local police agencies are expected to assist in these type cases. A police official of the San Francisco Police Department has advised that Cleaver's case is being handled as a routine fugitive matter by the fugitive detail of that police department.

As a matter of interest, Cleaver is also presently under a \$50,000 bond in connection with charges involving assault with a deadly weapon resulting from the gun battle in April, 1968, with the Oakland police. The bond money has reportedly been provided by who is

Cleaver is the individual who failed to show up on November 27, 1968, in San Francisco for return to prison as a parole violator. Cleaver is a leader of the Black Panther Party who, in April, 1968, became involved in a shoot-out with the Oakland Police Department and had his parole revoked by the California Department of Corrections. DISRUPTIVE ACTIVITIES IN CONNECTION WITH NATIONAL ELECTIONS, NOVEMBER, 1968

Copies of this memorandum are being furnished locally to the intelligence agencies of the United States Army, Navy, and Air Force, and to the United States Attorney, United States Secret Service, and United States Department of State.

On November 2, 1968, a source advised that he had attended a meeting on Friday evening, November 1, 1968, from approximately 8:00 p.m. to 9:30 p.m., at the Berkeley Community Theater, Berkeley, California.

This meeting was concerning election disruption to be carried out by the "Yippies." There were approximately 300 to 400 persons in attendance and the discussion was led by JERRY RUBIN who made remarks in general regarding causing a disruption at every election polling place in San Francisco, Berkeley, Oakland, and Richmond areas.

He was not well received by the crowd and general comments were to make love-ins at the polling places; to have whiskey and beer in the polling booths; and to use matches instead of ink at the polls. There was no specific designation as to how matches would be used at the booths.

DISRUPTIVE ACTIVITIES IN CONNECTION WITH NATIONAL ELECTIONS, NOVEMBER, 1968

The source advised that the next person who spoke at the meeting was a Caucasian by the name of HAYES or possibly HADEN (phonetic), and he stated in essence the same message that RUBIN had tried to give to the meeting, but as he was not well received, the second speaker had more or less restated the same things.

The next speaker was a Negro, ELDRIDGE CLEAVER, who made general comments regarding things the Black Panther Party and himself would do to disrupt the election and did not make specific threats as to how they would carry this out, but kept referring to how the Black Panther Party would get guns and shoot up "this and that," not specifically identifying.

The Youth International Party (YIP), also known as Yippies, is a New York-based radical political youth organization established in early 1968.

The "New York Post," a New York City daily newspaper, in its February 2, 1968 issue, Page 12, sets forth an article entitled "Gaily, Gaily, Hippies Going Into Politics," which states in part as follows:

"A new group called Youth International Party (YIP) with a high command of 25 'Yippies' is promoting a fun-and-games youth festival in Chicago during the Democratic National Convention in late August."

The article went on to state that the New York-based organization promised singing, dancing in the streets, poetry, and "making love in the parks" according to the first announcement distributed to radical newspapers by Liberation News Service (LNS) whose co-directors are also on the YIP committee.

JERRY RUBIN described himself as a leader of the Yippie movement, a radical, and a revolutionary.

ELDRIDGE CLEAVER is the Minister of Information of the Black Panther Party (BPP).

CONFINENTIAL

DISRUPTIVE ACTIVITIES IN CONNECTION WITH NATIONAL ELECTIONS, NOVEMBER, 1968

A characterization of the BPP is attached hereto.

A second source advised on November 2, 1968, that a pre-election rally was sponsored by the YIP and the BPP at Berkeley, California Community Center on the night of November 1, 1968. JERRY RUBIN, as the leader of the YIP, spoke and asserted that only those aged seven or younger hadenough revolutionary potential. RUBIN was unpopular with the audience and left the stage after being hooted down by the crowd.

LEROY ELDRIDGE CLEAVER, Minister of Information of the BPP, addressed the audience. CLEAVER claimed to be "stoned." He asked for and received a "joint" which he lighted while on stage. CLEAVER asserted that he would take refuge in the black community and surround himself with guns in order to avoid going back to the penitentiary. CLEAVER stated he would kill or have killed anyone who tried to extract him. CLEAVER stated he would kill San Francisco Mayor JOSEPH ALIOTO.

A rally publicly announced as an anti-election demonstration by the Yippies was held at the San Francisco Civic Center plaza from 1:00 p.m. to 3:30 p.m., November 5, 1968. This rally featured entertainers, agitator-propaganda theatre groups which presented an obscene play ridiculing candidates RICHARD NIXON and HUBERT HUMPHREY, and a pig which the speaker claimed represented a candidate of the YIP which was as good as the candidates of the other parties.

At 3:30 p.m., the speaker suggested that the group proceed to the San Francisco Financial District to disrupt the activities in that area and show the people that real power is not in the voting booths.

The rally which was originally organized by JERRY RUBIN, leader of YIP, announced no sponsorship on November 5, 1968, but the group of about 400 present all appeared to be hippie-type with sweet smell of marijuana noted by some observers.

Numerous pieces of literature from all new left and some black militant groups were distributed at the rally.

DISRUPTIVE ACTIVITIES IN CONNECTION WITH NATIONAL ELECTIONS, NOVEMBER, 1968

The "San Francisco Chronicle," a San Francisco, California daily newspaper, dated November 5, 1968, showed the following:

"During the financial district invasion, a score of the protesters were arrested as 200 police struggled to keep traffic from being brought to a standstill. Charges here were mostly for obstructing traffic.

"The demonstration centered around Montgomery and Sutter Streets. The demonstrators sat on the sidewalks, built bonfires, scattered stage money around, and filled the air with Indian war whoops.

"The rally and Montgomery Street demonstration were staged by Students For A Democratic Society (SDS), whose officials brought two pigs to Civic Center as 'our candidates for president and vice-president'.

"On the way back from a late afternoon invasion of the financial district by some 400 to 500 demonstrators, bands of protesters stopped at HUMPHREY and NIXON headquarters on Market Street, and yelled anti-war slogans and obscenities at staffers.

"By the end of the day, a smaller band of 100 protesters returned to Civic Center, where it all began, for an election-night vigil in front of City Hall. The vigil was more orderly than sorties earlier in the protest but some 30 police officers were on hand in case of new trouble.

"Before long, however, protesters at the vigil gave up and went home. The weatherwas just too cold to stay up all night, one said."

JERRY RUBIN was observed at the downtown demonstrations, however, took no part in the disturbances.

A characterization of SDS is attached hereto.

DISRUPTIVE ACTIVITIES IN CONNECTION WITH NATIONAL ELECTIONS, NOVEMBER, 1968

There were no incidents involved at the polling places.

The above demonstrations were observed by Special Agents of the FBI.

The "San Francisco Chronicle" indicated that about two dozen demonstrators were arrested on charges ranging from disturbing the peace to lighting bonfires and inciting to riot.

BLACK PARTHER PARTY, aka Black Panther Party for Self Defense

A source advised that the Black Panther Party for Self Defense (BPPSD) was formed by HUEY PERCY NEWTON, Minister of Defense, and BOBBY GEORGE SEALE, Chairman, in Lecember, 1966, as a militant black nationalist political organization to combat police brutality, to unite militant black youth, and to determine the destiny of black communities. The political philosophy was taken from writings of Chairman MAO Tse-tung of Communist China and black militant writers.

In March, 1968, the name, of the organization was changed to Black Panther Party (BFF).

The official BPP publication, The Black Panther Party - Black Community News Service, states that the BPP advocates use of guns and guerrilla tactics in their violent revolutionary program to end oppression of black people.

On February 17, 1968, ELDPILGE CLEAVER, Minister of Information, announced merger of the BPP and Student Monviolent Coordinating Committee (SNCC) and bestowed title of Minister of Justice, BPP, upon E. RAP BROVII, Chairman of SNCC.

SHCC is a militant Tegro organization which preaches black supremacy.

MEWTON, aforementioned, is incarcerated in the Alameda County Jail, Oakland, California, awaiting trial on charge of murder of an Oakland police officer.

Headquarters of SPP and Huey P. Newton Defense Fundare located at 4421 Grove Street, Oakland, California.

APPENDIX CONFIDENTIAL 1

STUDENTS FOR A DEMOCRATIC SOCIETY

The Students for a Democratic Society (SDS), as it is known today, came into being at a founding convention held at Port Huron, Michigan, in June, 1962. The SDS is an association of young people on the left and has a current program of protesting the draft, promoting a campaign for youth to develop a conscientious objector status, denouncing United States intervention in the war in Vietnam and to "radically transform" the university community, and provide for its complete control by students. GUS HALL, General Secretary, Communist Party, USA, when interviewed by a representative of United Press International in San Francisco, California, on May 14, 1965, described the SDS as a part of the "responsible left" which the Party has "going for us." At the June, 1965, SDS National Convention, an anti-communist proviso was removed from the SDS constitution. In the October 7, 1966, issue of "New Left Notes," the official publication of SDS, an SDS spokesman stated that there are some communists in SDS and they are welcome. The national headquarters of this organization as of July 24, 1968, was located in Room 206, 1608 West Madison Street, Chicago, Illinois.

FEDERAL BUREAU OF INVESTIGATION

Los Angeles, California November 19, 1968

DECLASSIFIED BY 60309 AUC TAM/MLT/EHL ON 12-07-2005

BLACK PANTHER PARTY RACIAL MATTER

A source who has provided reliable information in the past advised that on November 17, 1968, a rally was held by the Black Panther Party (BPP) (See Appendix) at 404 West Washington Boulevard, Ios Angeles, at the Trade Technical College. The rally sponsored as the Free Huey-Cleaver Rally was organized by the Newton-Cleaver Defense Committee. The address of this committee was given as 619 South Bonnie Brae, Los Angeles, California. This is the address for the Peace and Freedom Party (PFP), a legally constituted political party in California, which supported peace candidates in the last election and ran Eldridge Cleaver as their presidential candidate.

A flyer advertising the rally listed the following speakers:

Eldridge Cleaver, Minister of Information, BPP;

Charles Garry, Chief Counsel for Eldridge Cleaver and Huey P. Newton (Minister of Defense BPP);

Melvin Newton, Chairman, Newton-Cleaver Defense Committee and Minister of Finance BPP:

Oscar Acosta, Chief Counsel, "Chicano 13" and Brown Berets (See Appendix). The "Chicano 13" are 13 Mexican Americans currently under indictment in Los Angeles for conspiracy to disrupt the Los Angeles School System;

The first source also advised he attended the Newton-Cleaver Rally on November 17, 1968. Source advised that the rally began at 2:00 p.m. and lasted about two hours. Source advised that the speeches were very short except for Melvin Newton, Bobby Seale and Eldridge Cleaver.

Source advised that Newton spoke about Cleaver and his brother, Huey Newton, and how they started out as youths. Source advised that Newton stated that Cleaver observed how the system was not for the Negroes and set about to change it. Newton referred to the American system as a prostitute and the capitalist as the pimp. Newton also enumerated a number of ways each individual could do his part and basically said that everyone should try to do his thing.

Source stated that Newton was followed by Bobby Seale, Chairman of the BPP. Seale's speech dealt primarily with the fact that the Negro has always been up against the wall and that he should now free himself from the wall of racism. Seale referred to all the major candidates as

BLACK PANTHER PARTY RACIAL MATTER

racists "pigs" and that President Elect Richard Nixon and President Johnson were both advocating more wars. Seale also made remarks about Negroes "taking" what they have been denied in the past. and that those who take what they want are only rebelling against a system that has deprived them in the past. Seale stated that Newton and Cleaver had organized this "taking" to benefit the Negro and aid the cause of Negro liberation.

Source advised that Seale was followed by Cleaver. According to source, Cleaver's speech was very mild compared to speeches in the past. Cleaver stated that the Department of Correction in California had only started to harass him after he had begun his fight for liberation of the Negro. Cleaver stated that the only time the system persecuted him was when he (Cleaver) began talking politics and telling the Negro to rebel against the system. Source advised that Cleaver's speech was all inclusive and more or less dealt with the fact that if the Negro did not do something about the racist power structure in America, then the bombs would start falling and it would be America's fault. Cleaver stated that the Negro should destroy, "orderly", anything: police force, chief of police, Supreme Court or a president, which stands in the way of solving the problems of the world.

Source advised that Cleaver's speech was well received by an estimated crowd of between 1,000 to 1,500 Negroes and white. Source advised that he had heard that several people had been arrested outside the auditorium by Los Angeles Police Department for narcotics violations, but other than that no incidents occurred.

A third source who has provided reliable information in the past advised that at the Black Panther Rally at Trade Technical College on November 17, 1968, approximately 2,000 to 2,500 persons attended. Source advised that the rally was chaired by Richard Wasserstrom, a professor from the University of California at Los Angeles. The speakers at the rally were as follows: Oscar Acosta, Reverend James Donaldson, Melvin Newton, Bobby Seale, Mike Lee, a member of Students for a Democratic Society (SDS) (See Appendix) from San Fernando State College, Northridge, California, Charles Garry and Eldridge Cleaver.

BLACK PANTHER PARTY RACIAL MATTER

Source advised that all the speeches were centered around the black liberation movement and also the need for everyone to do their part. Source advised that several of the speakers made direct appeals for financial help for the defense of Huey Newton and Eldridge Cleaver.

Source advised that the crowd was very orderly and no incidents occurred. Source advised that several persons outside the assembly hall were questioned by the Los Angeles Police Department on possible narcotics violations but no arrests were made due to any incident arising out of the speeches.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

The Young Chicanos for Community Action acquired the name Brown Berets when they identified themselves as a group by wearing brown berets and Khaki Army fatigue jackets. The group has approximately 35 active members.

In 1968, DAVID SANCHEZ, Prime Minister of the Brown Berets, prepared a booklet entitled, "The Birth of a New Symbol - the Brown Beret Manual". This booklet states in part as follows: "For over 120 years, the Mexican-American has suffered at the hands of the Anglo Establishment. He is discriminated against in schooling, housing, employment, and in every other phase of life... Because these injustices have existed and the Anglo Establishment shows no sign of changing them, and because the cries of individuals have gone unheard and fallen upon deaf ears, a group of Young Chicanos have come together under the name of the Brown Berets to demand an immediate end to the injustices committed against the Mexican-American".

This manual also states that the purpose of the Brown Berets is summed up in its motto: "TO SERVE, OBSERVE AND PROTECT". According to the manual, the portion of the motto, "TO PROTECT", means "To protect, guarantee, and secure the rights of the Mexican-American by all means necessary. How far we must go in order to protect these rights is dependent upon those in power. If those Anglos in power are willing to do this in a peaceful and orderly process, then we will be only too happy to accept this way. Otherwise, we will be forced to other alternatives".

The manual also sets forth the Ten Point Program of the Brown Berets as follows:

Even in the event that intent would be established on behalf of CLEAVER and KZSU, this would not be a proper case for criminal prosecution. The speech lasted for approximately one hour and ten minutes. The dominant theme of the speech was political in nature and was CLEAVER's opinions on social problems and revolution. He stated that the words used by CLEAVER were definitely prosecutable but that the matter could best be handled administratively by the FCC.

It was his opinion that the intent of the statute was to prohibite broadcasting of obscene language and was directed against persons who would present programs in which the dominant theme was intended to appeal to prurient interests.

By separate communication the FCC, San Francisco, was advised of the opinion of the USA"s Office in this matter. In view of the declination by AUSA BANCROFT, no further investigation will be conducted in this matter unless advised to the contrary by the Bureau.

Supreme Court's dual action was unusual

Chief Justice William S. Richardson of the Hawaii Supreme Court said today the court's consideration and ruling yesterday on two cases on the same day was unusual and the first time in his memory it had occurred.

The cases were those of Daniel Cuevas, indicted for murder, and of Eldridge Cleaver, the presidential candidate. "Both of these cases had to be decided quickly," Richardson said.

Cuevas' 20th birthday was today, which meant if the court hadn't acted, the murder suspect would have been released.

"And the Cleaver case was an election matter and had be decided immediately," Richardson said. 'We had a long day," he added.

ruled yesterday that the and it is denied. . . Peace and Freedom Party place the name of Eldridge Cleaver as its presidential candidate on the general election ballot.

The unanimous decision was made several hours after the court heard oral arguments on the petition to include Cleaver's name on the ballot.

Dennis R. Jones, a qualifed presidential elector of the party, filed the petition with the court Wednesday.

He asked the court to order Lt. Gov. Thomas P. Gill to place Cleaver's name or, in the alternative, two other party candidates, on the ballot for Tuesday's presidential election.

GILL informed the party by letter Sept. 14 that Cleaver's name could not appear because he is 33 years of age and does not meet the specific requirements to be a presidential candidate.

He also told the party is could submit another name it an eligible candidate were found by early last month.

Nothing was done by the party until the petition was filed.

The Supreme Court said Jones "failed to show why he did not take any administrative means to remedy the situation, though a way had been left open by the Lieutenant Governor.

From 11/68 issue of "Motive" published for the Movement by the Division of Higher Education of The Methodist Church.

The following interview with Eldridge CicaDATE an Ledited 7-2005 BY 60309 AUC version of a transcript from the nationwide godin takt show HE "Night Call," originating in New York City and moderated by Del Shields. The questions are by persons from all across the U.S. who were hooked into the program by an open tele-University Christianphone line. Cleaver, Minister of Defense for the Black Panther Party, answered questions from his home base in Oakland, California. The talk fest is produced by the United Methodist Church's Division of Television, Radio and Film Communication (TRAFCO).

ETCHING: I AM A MAN

BETTY LA DUKE

OUESTION: Just who and what are the Black Panthers?

CLEAVER: The Black Panther Party is a political party that originated in Oakland, California, and was started by Huey P. Newton who is the minister of defense of the party, and our chairman, Bobby Seale. The party seeks to organize black people so they can move and take control of the life, the politics, and the destiny of the black community.

What really makes the Black Panther Party stand out from other groups that have originated in that community is the fact that we feel it is necessary to use guns in a defensive manner against aggression, particularly by the Police Department, vigilante groups, etc. Because we have used these guns for our defense, this is what most people have come to associate with the Black Paniher Party. But this is only one point on our platform. We have a serippoint platform that outlines the basic grievances and the basic desires and needs of black people as we see them, and we seek to organize the people in the black community who have never been organized before, such as the so-called lower class black people who are not candidates for membership in the National prement of Colored People.

QUESTION: Since you have written Soul-on Ice, and the book has been widely hailed in this country, how do you resolve your relationship now as minister of information for the Black Panther Party and as a social critic?

CLEAVER: I think that the two work very handily together. We're dealing with the same thing, you know. There's no conflict in my book between my politics. The book tries to pass on information, and my position in the party sort of passes on information. We're dealing with interpretations of what we're all involved in, and I see that they work out very well together. As a matter of fact, the book itself has helped considerably in getting a lot of the program and activity of the Panther Party across.

QUESTION: You mentioned earlier that the guns of the Black Panthers are to be used for defensive purposes. We've talked about America as being a violent country. Does not this defensive stand add to this violence?

CLEAVER: Any act of defense could be categorized as violence if there is any type of conflict involved, but I think that some violence or conflict is justified. For instance, I think a man who moves to protect himself from an attack, though he uses a violent means to dispel that attack, is completely justified in doing so. The right to self-defense has always been recognized in society, and simply because we have a very violent situation on our hands in this country forego this particula North ECORDED

OUESTION: What are your retin 1966 bout the new control law? Do you feel that this penalizing the blacks?

CLEAVER: Yes, I do, particularly here in our local larea where we see these vicious politicians who are known to be open enemies of the black/community. We see them out in the forefront of the forces calling for gun

100-4472

NOVEMBER 1968

control. At the same time they're calling for gun control, they're escalating the armament and the preparation of the police department and supplying them with all kinds of new weapons; and we feel that this is aimed directly at the black community.

· We live in a time when black people are becoming more and more impatient. The philosophy of nonviolence has been murdered along with its prophet Dr. Martin Luther King. The power structure of this country knows that the black liberation struggle is turning to violence as an alternative, so they're moving now to disarm people before anything happens. All of this ballyhoo about gun legislation, we feel, is aimed at disarming the black liberation struggle and the allies of that struggle in the white community.

QUESTION: Would you define the defensive program of the Black Panthers in terms of guns? Do you promote vigilante groups?

CLEAVER: No, we don't promote vigilante groups, and we don't approve of them. We feel that the primary problem confronting the black people today is the problem of being organized. The chief impediment to organization of the black community comes from the activities of the police department. The police department functions like an occupied army in the black community, and it intimidates black people. It disturbs meetings, prevents black people from having peaceful assemblies, and the very presence of the police, with the history they have with black people, makes them an undesirable element in our community. We seek to remove them from the community because they are constantly killing and terrorizing our people.

We feel that before much more progress can be made, this particular problem has to be dealt with. So we call for the immediate withdrawal of the white racist policemen from our community, and we call for enactment of the principle that those who police our community must live in our community. We want the community to control the policemen who police our communities. We feel that it's a form of community imperialism to have a police force occupying our community that is controlled by the white suburbs. This is an obnoxious situation, and we want it to end.

QUESTION: Have the police department and the Black Panthers ever sat down at the same table and attempted to negotiate any of the problems?

CLEAVER: There have been very minimal direct contacts, such as when we've staged benefits and rallies at auditoriums where security has to be discussed; but they prefer to do that behind closed doors. They want to meet with us behind closed doors as they've done with a

One of the main problems that we have today is their coming into the communities and putting dif-2 ferent groups of black people on these poverty programs

CHARCOAL DRAWING

and buying them out if they agree to perform in a certain manner. We've been approached by some of the flunkies of the power structure to see if we would be willing to accept some of their Uncle Tom money, but publicly they try to pretend that the last thing they would do would be to condescend to talk with the Black Panthers. This creates a situation exposing them to a lot of people who feel that public officials and public servants should be open to all elements of the public, and they have an image of being very opposed to everything in the black community, particularly the militants who speak out.

OUESTION: In a recent issue of Ramparts (June' 29, 1968), the article about the Black Panthers (The Persecution and Assassination of the Black Panthers as Performed by the Oakland Police under the Direction of Chief Charles R. Gain, Mayor John Reading, et al.) ends with the sentence: "And the chances are, too, that the cops

necessary kill, every Panther in Oakland." Mr. Cleaver, what is going to be done to stop police brutality and killing?

CLEAVER: I think that if the people who are standing on the sidelines don't move to harness the police departments of this country (not just in Oakland, because this is something that's going on all country), there was a defensive war against the police. I think this is a very likely possibility.

I know that people are psychologically and materially prepared to do this because it's becoming a matter of life and death. For instance, Bobby Hutton was murdered in Oakland on April 6. Here in a big area there have been about four other shootings and killings of young black men by police and so the last straw has already been placed on the camel's back. Unless these police departments are brought down to a level where they are acceptable to a community, there can be nothing but a reply to them, in time; and it seems that that's the way it's going to be.

QUESTION: Tell me a little about the Peace and Freedom Party with which the Black Panther Party is working.

CLEAVER: The Peace and Freedom Party is composed primarily of white people who were disgusted by the two party system — the so-called Republican and Democratic parties. They've broken away from those two parties, and the type of corrupt policies that they've been practicing since they've come into existence, and formed a new third party that seeks to align itself with the legitimate aspirations of the black community and with the anti-war movement in this country. It seems to chart a new direction in national politics.

We felt that this was a positive sign coming out of the white community and we saw no reason not to work with them, because we share some of the same goals and attitudes.

QUESTION: Who do you think black people should support for president?

CLEAVER: I think you should support me for president. I am running against Dick Gregory on the Peace and Freedom Party ticket. Gregory, Dr. Benjamin Spock and Mrs. Coretta King have been proposed as possible nominees. I think I have it sewed up.

QUESTION: Do you think you'll get rid of Reagan in California?

CLEAVER: If we can't get rid of Reagan, we can't 'survive. Our survival depends upon getting rid of racist politicians like him.

QUESTION: Why did Dick Gregory call off the boycott of the Democratic National Convention in Chicago?

CLEAVER: Richard Gregory issued a public statement regarding that decision. He didn't want to be involved in any provocative situation that might lead to violence be-

cause a sew triings nad nappened about that time, i uon the know if it was an uprising, or a shooting, or some event with overtones of violence. This was during the time when the racist of layer Richard Daley of Chicago, is

were thought to be looting. Dick Gregory said he would cooperate in that effort; he didn't want to have anything to do with any trouble or uprising. This is a good example of the wishy-washy way Dick has always moved in those matters. This is one of the reasons I oppose his nomination for the Peace and Freedom Party. I wouldn't want to see his politics institutionalized.

QUESTION: Do you have any particular message for the black college students as to what they could do to help benefit the whole of Black America?

CLEAVER: I say to black students and potential students that they should return with their hearts and their minds and their souls to the black community to relate to the brothers and sisters who have not had the opportunity that they've had. They should use their intelligence and their skills to help organize the black community for its survival. We are faced now with the prospects of oppression on an international level by a very racist and inhuman power structure which, as it winds up the war in Vietnam, turns to a second war, which is the war against black people right here in Babylon. I say to college students and to all people who want to see a new world and a better world that they should unite to form the type of power block that can defeat this racist power. structure and put it in the garbage can of history where it belongs.

QUESTION: Don't you believe that Chandi did a great deal more with nonviolence?

CLEAVER: It may be. To a great extent he liberated his country with the use of nonviolence, but he was dealing with people other than the racist yankees that we must confront here. He was dealing with a minority of occupying forces. We're dealing with the majority of a very complacent people who surround us, who have us dispersed throughout their population, who have a tradition of murdering and treating us in a very brutal and violent fashion, and who don't seem to be able to recognize the fact that black people have suffered beyond any more tolerance of a continuation of these conditions.

To those who urge us to use adoptions from other lands, adoptions that in effect leave us merciless before very vicious enemies, we would say to them to take their nonviolence and go preach it to the racist President of this country. Teach nonviolence to LBJ. Teach nonviolence to Chief Charles Gain, the number one pig in the Oakland Police Department. Teach nonviolence to the racist policemen all over this country who are murdering the children of black people. Don't come to the black community and teach the victims of this violence to be nonviolent; teach the perpetrators of violence to be nonviolent and then we can talk about it.

QUESTION: What would you recommend that the typical whites do to help you?

CLEAVER: I think any white person who is interested in the welfare of mankind should take a good look at what's going on in this country. This is what's really happening. The white students of this country have already taken a look at what's going on, and they don't like it. So I say that they should organize themselves into machinery that will be capable of dealing with the revolution from what we call the white mother country.

We feel that we have black people here who are colonized by the white people. We refer to that as the relationship between the black colony and the white mother country. We feel that we need to wage a national liberation struggle in the black colony and a revolution in the white mother country. Young white people who are interested in doing this should organize themselves in a fashlon to deal with the politics and the economics and the social practices in this country and should be prepared to work with those elements in the black community who understand this process, and who are willing to work with them. We think that with this type of coalition, we will have the strength to bring about the revolutionary changes that this country must have if there's going to be a future for our America or for mankind.

QUESTION: You talk about revolutionary changes. Let's see if your argument makes any sense. First of all, you've got to consider, if you talk about violence, what percentage of population is Negro in the United States, and you've got to recognize that you are outnumbered by about 10 to 1. You've also got to consider how many resources in the United States are Negro-controlled. How many factories, how many food-production arteries do you control? Do you own the trucking companies to get your men and machines from place-to-place, when the revolution takes place? How many airlines and how many communication systems are black controlled? You're asking black people to organize and be willing to die for the country?

CLEAVER: I also said kill, didn't !?

QUESTION: Kill and die. Well, that's a tremendous responsibility — you're asking them to kill and die.

CLEAVER: Let me ask you a question. Are you a white man or a black man?

QUESTION: I'm a white man, sir.

CLEAVER: I thought so. Let me tell you this. You can count off your statistics about everything that you control. And if you had it sewed up tight, then you shouldn't

a world-wide contest, and in this world-wide contest, you are in very much of a minority, and we are with the majority. So you don't just have 20 million black people to deal with, you have 700 million Chinese, 300 million Africans, and unnumbered billions, and millions and mil-

irons, and millions, and millions of mad black, brown, red, and yellow people to deal with. And you know that

We don't care about your atomic bombs. We don't care about your suns and how many guns

Light Commence of the service

we would do the same thing that the Viet Cong is doing in Vietnam. We will lay and wait, and we will take your guns from you, and we will use your guns against you. Your plants and your factories are right here in our neighborhood. You put them there because you didn't want them in your own neighborhood, because they give out their smoke and those foul smells. These resources are here and we will move against them and disrupt the economy of this country and force you to destroy all of your liberties and all the beautiful things that you love.

In order to suppress the 20 million black people in this country, you are going to have to destroy this country, and we say that if we can't have freedom here, then let us be destroyed because you don't deserve it. If we can't be free, you don't deserve to even talk of freedom, and your numbers and all that. You're moving in a fog, and there ain't nobody digging it but you.

QUESTION: I'd just like to make one more point. You ask these people to kill and die because the white people in the United States are trying to suppress the black people. I don't think that's true. They may be trying to suppress you, but they're not trying to suppress black people. That's another thing.

What percentage of the Negro population of these millions of people that you are talking about are sympathetic to your cause?

CLEAVER: I think that they're all sympathetic.

QUESTION: It seems to me that before you can have people take other lives and be willing to give up theirs, you're going to have to at least come up with a logical, viable cause for which to die and kill.

CLEAVER: I think that we already have that cause.

QUESTION: How much of the so-called racial disorders is actually racial and how much of it, in your estimation, is economic?

CLEAVER: The philosophy of white supremacy. (the whole concept of all non-white people being inferior to and servants of white people) is something that developed after whites came out of Europe and began to travel around the world and to find all these people who didn't have the weapons that they had and who they were able to . . .

OUESTION: They have technological superiority

CLEAVER: They had a type of unethical savagery. For instance, when the white man came to America and encountered the Indian, the red man tried to help him to survive. You know, they teach you that in school: The

well, it was just a difference in the type of background from which the people came: background the whites to prey on their fellow han.

It's very important that people understand that there is a distinction between the economics of the situation and the racism of the situation. Historically, we could say that economics was primary and that the racist philosophy that was developed later on was done to justify the whole process of exploitation of the non-white people. As the Europeans began to colonize them in Asia and Africa, Latin America, and so forth, they developed this philosophy to justify what they were doing to these people, only after they started doing it. Now, everything about this country has been permeated by this philosophy in order to justify it. When people encounter this, they encounter a mixture of economic exploitation and racism. Economics and racism go hand-in-hand. People who confront this situation daily, and who haven't had time to do elaborate studies of the situation, don't have time to distinguish between the economics and the racism.

QUESTION: Mr. Cleaver, if you're so unhappy with America, or if this nation is so unsatisfactory, why don't you go back to Africa?

CLEAVER: I think that after we send you back to Europe, we might go back to Africa.

QUESTION: The crime rate amongst the Negro is the highest as far as the United States is concerned, and I say that the black people are committing genocide against the white people.

CLEAVER: You can say that, if you want to. But I say that the crime rate, or what you call the crime rate, is not nearly high enough. Black people are put into a position where they either have to go out and beg you white people for things to survive, or they have to go out and take it. So I say if they're not able to get it in any other way, that they should push the crime rate to high heavens and just take it all — everything you've got. You don't deserve it, because you have an anti-human attitude towards other people:

QUESTION: I say, sir, that if anyone wants to work they can work.

CLEAVER: Do you know there are millions and millions of people in this country who want to work and who can't find jobs?

QUESTION: There are plenty of jobs available.

CLEAVER: Well, why don't you go out to one of the

standing in those lines that there are plenty of jobs 6 available? Why don't you do that?

in a least of their provide in a least

QUESTION: Well, the jobs are available, but they cannot guarantee help. And I think your violence polarizes the situation. You're not highly the white people and black people together.

CLEAVER: We want to bring people together who have their heads together. It wouldn't be any good to bring people together who have their heads so untogether, you know.

QUESTION: Mr. Cleaver, does the Black Panther Party accept or welcome the help of white people?

CLEAVER: Yes, we work with white people all the time. We have good relations with a lot of white people. We have a coalition with the Peace and Freedom Party which, as I said earlier, is composed of white people. We work with different groups on the campuses, and with white people who have had a chance to see us in action and who know what we're involved in and what our aims are.

This is distinguished from the racists in the power structure who want to keep people divided. They don't want to see white people and black people work together on anything that seriously contests the status quo. They're the ones who spread racism through their control of the mass media; they try to spread the idea that the Black Panther Party is some type of irresponsible gang of hoodlums, whose only ambition is to go out and kill and murder and invade the suburbs and all that magic. But the white people here in this area work with us, and we do a very good job, and there's no problem in that area.

Our problem comes from the racists who fear the development on a national scale of a working coalition between black people and white people who want to move to change this country. This is what they fear and this is why they move to suppress all tendencies and all manifestations of political expression that are moving in that direction. Any white person with any sense who wants to do something to bring about a better world has never had a hard time talking to black people or relating to black people because black people have been so down on hatred, they have been so much the victims of racism and racial hatred that it's almost impossible for a black person to really become a racist as white people are. This is not one of our problems.

QUESTION: Is it possible then that the white and black can live together?

CLEAVER: If you're speaking in ultimate terms as to whether it will be ultimately possible for white people

to white people. Black people are willing to live side-byside with other people. But the question is this, how are

we to move and survive against a hostile population that on the one hand sends in a few of its numbers to talk-nonviolence to us, to talk brotherhood to us, and to talk about living together, while on the other hand the very working and functioning of this system is daily grinding black people down and keeping them down? While other people's standard of living is going up, ours is falling or standing still. It's very difficult for us to be concerned about brotherhood when we see the operation of this country destroying us.

QUESTION: What do you mean when you talk about black? Is this a descendant from Africa, or is it a Negro, or is it everyone who is non-white?

CLEAVER: You know the saying: if you have one drop of black blood in you, you're not white. You know how white people run around saying that. Well, they were classifying the various people as not belonging to their superior group. But we have people in our group who run from those who can pass for white, you know, like Adam Clayton Powell, who could very well be a white man, or from Senator Brooks on down to brothers and sisters who are pure black and who have never had their blood lines corrupted. We all are the descendants of the people who were brought here from the motherland and fatherland of Africa.

QUESTION: Would you include someone like a Mexi- can-American or an Indian as black? You say black is a descendant from Africa.

CLEAVER: Yes, we do include that as a descendant of Africa because Africa is the home of the black man. The Mexican people refer to themselves as brown people, and I've heard Indian people refer to themselves as the red man.

QUESTION: You use the simile, then, about your brothers ers in China. Yet, they're not black.

CLEAVER: I didn't say my black brothers in China; I said my brothers in China. They're my yellow brothers if you want me to be specific.

QUESTION: If the Black Panther Party was to decide to forego the idea of defensive measures, do you think there would be more acceptance of the party?

CLEAVER: Yes, I think that a lot of people would see that as a good sign, but I think there actually would be a very great disservice to mankind, for if we abandoned our position of calling for a cessation of the brutality and terror of black people, then we would, in effect, be endorsing evil. And we say that it is the duty of people to stand up and to impeccably oppose all manifestations of inhuman behavior.

" Dennis v. United States 341 U.S. 494

Notwithstanding our conclusion with regard to these speeches, it appears that the Black Panther Party and other militant Negro organizations, are engaging in activities which may fall within the ambit of the aforementioned sections. We are actively reviewing all investigative reports we receive with a view toward undertaking prosecution whenever sufficient evidence exists to establish a conspiracy to violate these statutes. To this end, we will be writing additional memoranda requesting further investigation.

In the meantime, we request that the current investigation be continued with an emphasis on developing witnesses who could testify as to the following factors:

- (1) The specific program of the Black Panther Party and the specific officers who advocate such policies.
- (2) Specific acts based on policies or programs promulgated by the party and directed against the overthrow of the Federal Government or any local governmental unit or to oppose the laws or authority of the Federal Government.
- (3) Witnesses who can testify as to what they have been taught regarding the program and the individuals who gave the instructions.
- (4) Additional documentary evidence in the form of letters, pamphlets, or flyers which could be traced directly to the party and which urge its revolutionary doctrines.
- (5) Evidence to establish a cohesion or unity between the national Black Panther Party and the various local units.

In reply to your letter of November 28th, Eldridge Cleaver is being sought by the California Department of Corrections for return to prison following revocation of his parole. That agency has requested the assistance of local California law enforcement authorities.

The FBI has jurisdiction under the Fugitive Felon Act to assist local authorities in effecting the apprehension of a convicted felon who has traveled in interstate or foreign commerce to avoid confinement if requested to do so. In Cleaver's case, our assistance has been requested, and the matter has been discussed with the United States Attorney in San Francisco who has declined to authorize the issuance of a Federal warrant since no information has been developed to indicate Cleaver has fled the State of California.

Dear Sir,

I have read in the local news that the California Police are seeking Black Panther leader Eldridge Cleaver however the new item did not mention the F.B.I. Since Cleaver is a fugitive from justice which is a Federal crime I was wondering why the news item failed to mention any action by the F.B.I. in the capture of Cleaver? He is considered one of the most dangerous criminals in the United States by many police departments in Caplfornia.

TAM/MLT/EHĽ

The confessional narrative using either the essay form or the autobiographical technique as a magnification of "what's bothering the author" is apparently in vogue now on Publishers' Row. A career is begun, already fixed by powers already set up, with the result that talent is reduced to a commodity on the literary slave-auction block. The author is already a victim of the very thing he attacks. While hoping to effect an assertive catharsis against his own imprisonment and emasculation through becoming "literary," the very validity of his "hope" becomes just another chronicle in an extension of current emphasis toward some vague higher sensibilities of protest achieved by Afro-American writers today. It is not surprising that "downtrodden" Blacks can now cash in through the confessional without kneeling in a dusty cubicle.

In order to succeed in this American system, the Black writer (as expressionist) is in need of a catalyzing force, a "helping hand," which is already part of an acknowledged literary fraternity of long standing, and which invariably is white. In some bastions, this artistic interlocking of mutual interests was once upon a time (and not so long ago) stamped as "the Great White Father Complex," or better still a Black plea for patronage. A recall of such associations in this century brings to mind the following linked names: Paul Lawrence Dunbar and William Dean Howells; Jean Toomer and Waldo Frank; Langston Hughes and Vachel Lindsay and Carl Van Vechten -- all of whom epitomized this tendency of patronization. Their (the whites') enthusiasm in what was called the "Negro Renaissance" was indelibly persistent in the many sycophantic salons of Emily Hapgood, Mabel Dodge Luhan, Nancy Cunard, and, of course, "the uptown hostess," Madame A. J. Walker, who entertained everyone on what was then known as "Strivers Row." Black men of letters and neophytes fell under the downtown impression of "the Negro mystique." Alain Locke, James Weldon Johnson, W.B. DuBois

were the driving men of letters in those years...as were Langston Hughes, Arna Bontemps, Countee Cullen, Claude MacKay, all published writers before the thirties. Others such as Wallace Thurman, Eric Waldron, Rudolph Fisher and others too numerous to name drop, had the credit card of being Black. The uptown world was much different from that of the downtown coteries, but nevertheless the white-authorwriter could go anywhere. Theodore Dreiser, Sinclair Lewis, Sherwood Anderson, Heywood Broun, George Jean Nathan, H. L. Mencken, Dorothy Parker, e. e. cummings and Hart Crane cavorted in all quarters. Though not "patrons," they saw something in Black which they not only used but helped in one way or another to define...at least within their own respective crafts. Alain Locke gave illumination to the term "New Negro" as a reaffirmation of ethnocentricity. But came the "Great Crash" in 1929, and the bottom dropped out of everything. The N.R.A. along with the W.P.A. placed Black and white writers on a definable equality of purpose, and Black mentorship waned. Then came Richard Wright and the formation of the (not then conscious) Urban Protest tradition through his Native Son and other works ushered in by Ralph Ellison (Invisible Man), James Baldwin, John O. Killens, William Melvin Kelley, John Williams and countless others who were writing for different reasons, writing because, as Saunders Reddings once noted, "Negro writing is a literature of necessity."/ 10-447251-A

frustration of Economies emanate from secon criticism from the very beginning, DEC lask 1958 real talent, current events and popular-culturehysteria, tack of expertise and real conviction, a belief that writing or being a writer is some sort of status symbol, ignorance of the publishing world, and lastly and most importantly, a lack of direction resulting from the absence of responsible persons to lean on when the going gets rough (and it usually is). But what was good yesterday for some is no longer viable today, as this new breed proposes challenge and change not only

in the social order of things but in the canons of the media itself. There is nothing avant-guard about being Black except to wear one's skin with a new pride in a reawakening. After this...so what? What have you said that others have not already thought and talked about? True, there may be a fresher way of stating some things, but this is not enough!

The trap that the Black writer falls into first comes out of an innocent need for literary attention. He gets none from his own kind, and thus he seeks it where he can. Why not? Anyone in their right mind would. Hence, after the Watts outbreaks came from the Ashes: Voices of Watts with Budd Schulberg and crew in what should be called an exploration with professional intention. With Soul on Ice, Maxwell Geismar comes to grips with Eldridge Cleaver as a progression in the confessional essay, which again should be considered in context as an outgrowth from its own slim (thus far) tradition. (Manchild in the Promised Land by Claude Brown, Burn Killer Burn by Paul Crump, Down These Mean Streets by Piri Thomas, White Papers for White Americans by Calvin Hernton, My Face Is Black by C. Eric Lincoln come quickly to mind as examples of this genre.)

Ashes and lce present a curious irony of present circumstances as achievement. But if being in print with the endorsement of two well known and respected men of American letters is not enough, then this presents another case. necessitates their respective involvement may be an altruistic humanism of sorts. But let this be clear in all quarters concerned: Riding shotgun on the Black covered wagon as a forever-gospel-train can be just as much a disservice as it may clearly be an honest concern. The reason being that in this age of ostensible enlightenment, quasi revolutions, exposure to varied media including the plethora of the paperback book, etc., there is simply no reason to perpetuate any activity which does not render the Black writer in this country a full amount of intellectual selfdetermination. In short, if these writers can not stand alone in print.

18 54 DEC 9-19687

eviewed by W. Francis Lucas

then they do not deserve to be print. The value judgement affor Cleaver in this case by Geismar is satisfying as an index of appeal, but is so very far off-base that it diminishes literary reason. Eldridge Cleaver's literary predecessors are distinctly at this point DeSade, Genet, Crump and possibly Chessman -- not because they all suffered under imprisonment but because they were unfulfilled as human beings under pressure and with some extraordinary sexual needs, ad infinitum. In Oscar Wilde's two years of confinement in Reading Gaol, he produced "De Profundis," perhaps the most extraordinary piece of literature yet written from con-But Cleaver is no Wilde, finement. to be sure, though he is a good writer of his kind, from the frame of reference he has afforded himself.

Modern literature today consists of everything from graffiti to skywriting, which can be acceptable as long as detergents, and a swift flow of cumulus clouds do not intervene. The former has been put into a book. and we still await a formula for a book on literary skywriting. canons of language and semantics are obviously changing into all kinds of combustible time pills...of acute relevance. Cleaver is hip, Black, deprived, and searching. Societal convictions about drugs, sexual appetites and known "revolutions" are increasingly on his mind as his (nine-year-plus) imprisonment blows his balloon. Under reflection, with the use of prison libraries, Cleaver creates himself in an intellectual hunger.

The two important factors that we have to deal with in respect to Cleaver's appeal are fundamentally those of his search for identity and the resources at his disposal for selfenlightenment. Firstly, let us say that Cleaver's identity problem is no different from that of the average Black college student who has less time to probe, and that the student's conclusions would be no better or different than Cleaver's. Comparatively speaking, this material that Cleaver investigates and relinquishes is actually arehash of ideas that he has been denied. No real sincere attention is given to his incarceration

or the reason why he is still parole. All we are led to concern ourselves with is the glowing rancor which he feels and that he eulogizes about.

It is no secret that along with the more known book clubs there is a club called "Nigger of the Year Book The new-culture-heroes of our time are now literary, and more power to them. The award for conspicuous gallantry in expression can only be awarded according to the exploitive demands of the publishing industry as it gives birth to sociological paralysis, a process carelessly endorsed by the writers themselves. Gone are the Maxwell Perkins and others who had a real concern for their writers' talents and lives. One day Cleaver will really rebel when he gets beyond the witness

Cleaver has read a great deal and understands the corpus delicti of America, which in a way is his Soul on Ice, and the glaciated world about him. Fortunately his ability to absorb and synthesize the phenomena of what he has read and lived through with concern makes an enormous amount of sense... to the degree of his speculation. But really, what else is new? Things are tough all over. Does this purport to represent a new kind of leadership? Giving Cleaver an approximation to Fanon and saying that he is "one of the best cultural critics now writing" is a further distortion of the truth. Cleaver is eclectic to be sure, with a grasp for neo-colonialist undertakings. But his motivational insights are one or two steps away from the Gestalt treadmill of lay sociological insight.

Finally, I am concerned about Cleaver in spite of what I have shown as a comparative approximation of his work and his times in the sorrowful ache that is now history. Under the conditions which he wrote we can never dismiss this output as another texture of literary pain. Every word he has written I can honestly believe. The only legacy we can afford him is to quote William Blake in saying that "imitation is criticism." Eldridge Cleaver is not at fault -- it is his critics who require censure.

'ill "a blank check" to deal with the Black Panthers.

Mayor Alioto yesterday linked the bombing of the Richmond District police station with others in Marin! County, Oakland and Berke-

ley.
"The facts yield an inferenge that this was an organ-ized effort," he said.

CITY TALKS

Alioto met with fire and police officials and heads of the firefighter's union.

They decided to ask the Board of Supervisors for \$25,000 to put armored tops on cabs of fire trucks and protective shields for tillermen on hook and ladder rigs.

They also will plan a system whereby police cars will rendezvous with fire trucks going into areas plagued by false alarms and attacks on firemen.

All police district station commanders were ordered to set up security measures at

their stations.
Police, at the same time, intensified their search for burglars who stole a case of dynmaite and electric caps last Wednesday as a possible link to the bombings.

\$10,000 DAMAGE

Half a dozen sticks of dynamite were detonated outside the Richmond police station at 459 Sixth Ave. Sunday. Damage to the station and neighboring buildings, including French Hospital, was set at \$10,000.

Berkeley students demand Cleaver lecture series

BERKELEY, Sept. 24 — Over 2,000 University of California students at a packed, meeting here tonight unanimously votell to demand that Eldridge Cleaver be allowed to teach a full series of classes this fall. The meeting was called in response to a Sept. 20 decision by the university's board of regents limiting Cleaver to one class.

The issue, which raises the same basic questions as the 1964 Free Speech Movement, arose when the university invited Eldridge Cleaver to give a 10-lecture series in a sociology course on "Dehumanization and Regeneration in the American Social Order."

The state senate passed a resolution sponsored by the Birchites to censure the university. Reagan demanded that the university regents terminate Cleaver's appointment before classes start. The regents responded with the Sept. 20 decision limiting Cleaver to one appearance.

The meeting tonight was called by the Associated Student Body, the university's student government.

SYNOPSIS:

Eldridge Cleaver, a leader of the extremist Black Panther Party (BPP), who is notorious for his revolutionary speeches couched in completely uninhibited gutter language, is the subject of a feature article by Don A. Schanche in the 11/16/68 issue of The Saturday Evening Post. A free copy of Cleaver's book, "Soul on Ice" ("a \$5.95 value") is offered in this issue as a subscription inducement.

The article describes Cleaver's background, political philosophy, and association with the BPP. It is based largely on Cleaver's self-serving statements in his book and urges "understanding" of the viewpoint of Cleaver who is described as the "Tom Paine" of the New Left. The resulting aggrandizement of a black revolutionist is unfitting for a national family magazine. The author, a former Saturday Evening Post Managing Editor, was placed on the Special Correspondents' List in 1964.

Some counteraction by nationally-read journalists should be taken to show Cleaver for what he is and to place his revolutionary ideas in perspective, namely, to show that they represent the ideas of a black lunatic fringe, to shame audiences who would applaud his filth, and to show how excusing and popularizing racial extremists increases their influence.

RECOMMENDATION:

REC-48 100-447227-166 That this matter Be referred to the Crime Records Division which should, with information furnished by the Domestic Intelligence Division, try to arrange with news media contacts to do an objective article to counter this distorted picture presented by The Saturday Evening Post:

Memorandum to Mr. W. C. Sullivan RE: LEROY ELDRIDGE CLEAVER 100-447251

DETAILS:

A feature in the 11/16/68 issue of The Saturday Evening Post is an article concerning the subject, an official of the extremist Black Panther Party (BPP), written by Don A. Schanche. Cleaver's book, "Soul on Ice" ("a \$5.95 value"), is offered free in this issue for a year's subscription to The Saturday Evening Post.

Schanche's article is largely based on Cleaver's self-serving statements in his book. Although he does not conceal Cleaver's past as a rapist and jail bird and his present role as a revolutionist, the article is softened by urging the reader to "understand this man" and his position that white society must change to avert a black revolution which will "level the earth." He refers to Cleaver as the "Tom Paine of the New Left."

One ridiculous claim, if true, made in Schanche's article is the quotation attributed to Stan Carter, Cleaver's California Probation Officer, who says he no longer looks on the Black Panthers as hoodlums; "I consider them real gentlemen in the community."

Bufiles show that Schanche was Managing Editor of The Saturday Evening Post in early 1964. A letter dated 3/25/64 to Schanche from the Director congratulated him on his promotion to Editor of Holiday magazine. He was then added to the Special Correspondents' List. In 1964 Schanche was described as a strong supporter of the Director and the FBI and no derogatory references were located concerning him.

This article is another example of glorification of a criminal and a black revolutionist whose influence with black people would be considerably lessened if national magazines would ignore him. His book is a collection of essays written while he was in prison and its appeal is probably largely the fact that it is full of obscenities

Memorandum to Mr. W. C. Sullivan RE: LEROY ELDRIDGE CLEAVER 100-447251

and insulting comments concerning white people. It has the further attraction of being sex oriented and of revealing the contents of a series of love letters written by Cleaver while in prison to his attorney, a white woman. The fact that it is being offered as a subscription inducement is an indication of the low level to which editorial policy of The Saturday Evening Post has sunk, to say nothing of the low regard the magazine has for the reading tastes of the public.

Timely action should be taken by responsible journalists who have a national audience to place Cleaver's background and ideas in perspective and show that he and the audiences which applaud his revolutionary talk and gutter language represent the black and white minority.

RACIAL MATTERS - BLACK PANTHER PARTY

The attached teletype to all offices points out that the subject, Minister of Information of the Black Panther Party, is a State of California fugitive, having failed to appear on a parole revocation order 11/27/68. His whereabouts is unknown. teletype instructs each office to give logical informants and sources the specific assignment of obtaining information concerning his location.

The San Francisco police, the State of California Attorney General's office, and Cecil Poole, U. S. Attorney, San Francisco, state there is no information upon which to base a Federal Unlawful Flight to Avoid Confinement warrant and none has been issued.

There has been little effort on the part of the California authorities to apprehend Cleaver and although some San Francisco sources feel, without factual basis, that Cleaver is still in that area he could easily be any place in the United States or abroad. The minimum the Bureau should do at this time is to have our informants attempt to develop information concerning him. San Francisco is being instructed separately to conduct the discreet fugitive-type investigation required on missing Security Index subjects.

RECOMMENDATION:

REC 43 100-447251-174

The attached teletype should be sent to all offices.

As you will recall, captioned plane carrying 32 passengers and seven crewmen en route from Kansas City to Miami was hijacked earlier today by a lone armed gunman who entered the cockpit and demanded to be taken to Cuba. The hijacking took place shortly after the flight left Nashville, Tennessee, approximately ten miles west of Chattanooga.

Our Miami Office advised that a reporter with the Associated Press in Miami informed that the Associated Press representative in Havana, Cuba, indicated that a young Negro couple departed the hijacked plane after it arrived in Havana. Associated Press inquired if the FBI had any information that the person responsible for the hijacking could possibly be Eldridge Cleaver Cleaver is the Minister of Information for the Black Panther Party in the United States.

Our Miami Office advised Associated Press that we have no information as to who is responsible for hijacking the plane and we are conducting investigation to ascertain who is responsible.

Federal process was issued on December 10, 1968, in San Francisco for Cleaver charging violation of the Unlawful Flight to Avoid Confinement - Assault with Intent to Commit Murder Statute. An intensive fugitive investigation is currently being conducted throughout the United States endeavoring to apprehend Cleaver.

ACTION:

It is anticipated that the crew will return to Miami later today at which time photographs of Cleaver and this wife will be promptly exhibited to them. You will be advised of developments as they occur.

United States Attorney Cecil Poole, San Francisco, at the Department today, dropped by my office with to the Cleaver case. Mr. Poole met with or Special Investigative Division: Alfred B. Eddy, Section Chief, Fugitive Section; and Unlawful Flight Unit.

Mr. Poole manifested a most cooperative attitude. He stated he wanted to fill us in on the events which preceded his authorization of the unlawful flight warrant for Cleaver which was issued on December 10, 1968. Mr. Poole confirmed the information previously furnished by our San Francisco Office. He pointed out that the local authorities had not conducted sufficient investigation initially to establish the possibility of Cleaver's flight from the State of California. Mr. Poole stated that he was therefore reluctant to authorize the unlawful flight warrant until sufficient evidence of interstate flight had been established thus assuring that the Federal warrant would be valid. Mr. Poole was most commendatory in his remarks concerning our San Francisco Office stating he hadalways received the fullest cooperation from all our personnel. He stated he had the utmost respect for the FBI, having always been impressed with the quality of its investigations.

DECLASSIFIED BY 60309 AUC TAM/MLT/EHL ON 12-09-2005

LEROY ELDRIDGE CLEAVER RACIAL MATTERS - BLACK PANTHER PARTY

On November 26, 1968, Special Agents of the Los Angeles Division of the Federal Bureau of Investigation observed a picket line at the California Adult Authority (CAA) Office at 107 South Broadway, Los Angeles, California. About twelve persons were involved including five Negroes. A leaflet was distributed which stated as follows:

"Round The Clock Vigil And Picket Line To Protest The Jailing Of Eldridge Cleaver starting Tuesday 12 noon until..? At the offices of the California Adult Authority, 107 South Broadway.

It has to be stressed that the uncontradicted evidence presented to this court indicated that the petitioner has been a model parolee. The peril to his parole status stemmed from no failure of personal rehabilitation, but from his undue eloquence in pursuing political goals, goals which were offensive to many of his contemporaries. Not only was there absence of cause for the cancellation of parole, it was the product of a type of pressure unbecoming, to say the least, to the law enforcement paraphernalia of this State.

Judge Sherwin, Solano County

Declaring that Cleaver was being held as a 'political prisoner', Judge Sherwin ordered the California Adult Authority to release him.

This ruling was overturned by the State Court of Appeals at the behest of the Adult Authority. The Authority, under pressure from Governor Ronald Reagan, is determined to silence Cleaver by locking him up.

Eldridge Cleaver has committed no crime.

If he is imprisoned, this will be the crime -- A crime not only against Cleaver, but against political liberty and intellectual freedom. It will therefore be a crime committed against all of us.

Leroy Eldridge Cleaver is Minister of Information for the Black Panther Party (BPP) (See Appendix) and is currently being sought by the California Adult Authority for Parole Violation.

The pickets carried placards which read, "First Huey then Eldridge then you", "After Eldridge who?", "Don't let the pigs murder Eldridge", and "If we don't defend the Panthers who will defend us?".

A source who has furnished reliable information in the past advised that the Newton - Cleaver Defense Committee sponsored pickets at the CAA on November 26 - 27, 1968, at 107 South Broadway, Los Angeles, California. Source advised that the picketing continued through the evening of November 26, 1968, and early morning hours of November 27, 1968. Source advised that the pickets worked in shifts and that six persons were present during the evening and early morning hours involved. Source advised that the picketing terminated at 2:30 p.m., on November 27, 1968, with nine persons participating. Source advised that no incidents were reported.

APPENDIX

BLACK PANTHER FARTY Also Known As Black Panther Party for Self Defense

A source advised that the Black Panther Party for Self Defense (BPPSD) was formed by HUEY PERCY NEWTON, Minister of Defense, and BOBBY GEORGE SEALE, Chairman, in December, 1966, as a militant black nationalist political organization to combat "police brutality", to unite militant black youth, and to determine the destiny of black communities. The political philosophy was taken from writings of Chairman MAO Tse-tung of Communist China and black militant writers.

In March, 1968, the name of the organization was changed to Black Panther Party (BPP).

The official BPP publication, "The Black Panther Party - Black Community News Service", states that the BPP advocates use of guns and guerrilla tactics in their violent revoluntionary program to end oppression of black people.

On February 17, 1958, ELDRIDGE CLEAVER, Minister of Information, announced merger of the BPP and Student Nonviolent Coordinating Committee (SNCC) and bestowed title of Minister of Justice, BPP, upon H. RAPP BROWN, Chairman of SNCC.

SNCC is a militant Negro organization which preaches black supremacy.

NEWTON, aforementioned, is incarcerated in the Alameda County Jail, Oakland, California, awaiting trial on charge of murder of an Cakland police officer.

Headquarters of BPP and Huey P. Newton Defense Fund are located at 4421 Grove Street, Oakland, California.

APPENDIX

BLACK PANTHER PARTY

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by Bobby George Seale, BPP Chairman, and Huey P. Newton, BPP Minister of Defense. Newton is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther," which further describes itself as the "Black Community News Service," states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, George Mason Murray, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "...we will not dissent from American Government. We will overthrow it."

"Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

Re San Francisco letter to Bureau dated 11/1/68.

LEROY ELDRIDGE CHEAVER appeared at the Rensselaer Folytechnic Institute, (RPI), Troy, New York, on October 10, 1968. This was CLEAVER's first and only appearance in the Albany Division. This appearance was covered by sources and informants and his speech was taped in its entirety. A debriefing of all the sources and informants in attendance at CLEAVER's speech revealed that he was received enthusiastically by only a relatively small percentage of the approximately 1200 people attending. The sources indicate those in favor of his speech were affiliated with the Peace and Freedom Party and generally not students of RPI.

Write-ups by the local newspaper media and the "Polytechnic", a weekly student newspaper, reflected only the size of the crowd, predominantly students and the context of CLEAVER's speech. No where was there mentioned a disapproval of CLEAVER's appearance, his leadership qualities, or his language, exceptto describe it as "sometimes earthy".

that his records revealed that during November 1968, he received information from both his own sources in Seattle, Washington, as from the Seattle Office of the FBI that members of the Black Panther Party had been briefed on the hijacking of airplanes out of the United States to Cuba if a member of the Black Panther Party should become a fugitive. continued by stating that at approximately this time his office also received information that members of the Black Panther Party throughout the nation could conceivably hide a fugitive from justice amongst themselves in their own communities. also stated that he had received information that ELDRIDGE CLEAVER was supposed to surrender himself to the California authorities but that CLEAVER stated he would not surrender and therefore would become a fugitive.	b6 b7

This informant has in the past established b7€ good rapport with Eldridge Cleaver and other top BPP leaders. 57D **b**6 b7C b7D The informant said the BPP is strictly a military-type organization and the BPP top echelon is not to associate with rank and file members. It is the informant's opinion that rank and file bб members have no knowledge of Cleaver's whereabouts and very likely b7C only Cleaver's wife b7D have such knowledge. The informant also gained the impression that BPP leaders feel their organization has been completely infiltrated by law enforcement agencies. It is apparent the BPP has taken extreme measures to hide and protect Cleaver. Our racial informants will continue to be utilized wherever possible in their attempts to locate this individual. OO: SAN FRANCISCO

Re San Francisco and Los Angeles teletypes 12/31/68 and Phoenix teletype of January 2, 1969.

In view of the continued and persistent informant reports indicating subject is possibly hiding out in New York City with potential of making good his escape to Cuba or other areas, New York should insure that maximum racial, security and criminal informant coverage is given to this matter in addition to the sources available to the New York Police Department. Every effort must be made to verify the substance of such informant reports since the Black Panther Party may very well be planting numerous stories among members of their party in an effort to confuse the Bureau's investigation and at the same time create unnecessary investigation.

New York should, beginning with the receipt of this communication, forward to the Bureau a daily summary airtel of the investigation being conducted including informant contacts and the results thereof. San Francisco also furnish daily summary airtel of field-wide investigation. This investigation must continue to receive the maximum possible investigative and supervisory effort.

APPEARANCE OF LEROY ELDRIDGE CLEAVER AT RENSSELAER POLYTECHNIC INSTITUTE (RPI), TROY, NEW YORK, ON OCTOBER 10, 1968

A confidential source, who has furnished reliable information in the past, advised on October 11, 1968, that LEROY ELDRIDGE CLEAVER spoke at Rensselaer Polytechnic Institute (RPI), Troy, N. Y., on the evening of October 10, 1968, in the gymnasium. The source stated CLEAVER's appearance on the RPI campus was sponsored by the Inter-Fraternity Council, an association of fraternities at RPI, which paid him \$500; no admission was charged.

CLEAVER's appearance was the result of a letter written by the Inter-Fraternity Council to all Presidential candidates requesting they speak on the RPI campus.

Source stated that about 1500 persons, predominantly students, heard CLEAVER's speech, which was unenthusiastically received, except for approximately 100 people who sat in the front of the gymnasium.

The source stated CLEAVER was introduced by PETER DEVINOVICH, who described himself as the New York State organizer of the Peace and Freedom Party (PFP) and who described CLEAVER as the Minister of Information of the Black Panthar Party (BPP), and the Presidential candidate of the PFP.

DEVINOVICH described the PFP as a recently-organized, completely independent, political party which is controlled by the membership. DEVINOVICH stated the BPP and the PFP are associated but that each works independently. He said the PFF has no illusions that CLEAVER would be elected President of the United States.

> A characterization of the BPP is attached hereto.

A second confidential source, who has furnished reliable information in the past, advised that CLEAVER's speech at RPI was filled with obscenities and earthy language. Source stated CLEAVER often compared the United States with the Babylonian Empire, and he was very critical of the U.S. policy in Viet Nam. CLEAVER criticized President JOHNSON, Governor RONALD REAGAN of California, and all leading Presidential candidates. CLEAVER stated that a vote for any of the three candidates whom he called "pigs" would be a crime against humanity

The first confidential source referred to above furnished the following information concerning CLEAVER's speech:

CLEAVER began speaking with obscene greetings to the pigs of the power structure" and gave a special greeting to his parole officer, whom he said required him to give his itinerary in advance so the "slow dull pigs in the local area" could monitor his speech and send back the results so the parole officer could hear for himself what CLEAVER had to say.

CLEAVER described the Presidential candidates WALLACE, WIXON and HUMPHREY as "pigs" and stated "one was just as bad as the other, one can get you killed just as bad as the other and that's all they have to offer to the people of the world, to the people of this country which means that we have a problem". He said this was a problem which could not be solved by voting for him (CLEAVER) because he would not care if no one voted for him in November and recommended that no one vote because he believed a vote for anyone of the candidates "would be a crime against humanity".

CLEAVER stated that "America, the beautiful successor to Nazi Germany, either has to change the swastika as a symbol of terror around the world, decadent Babylonians, murderers, perpetrators of genocide, liars, hypocrites and everything foul. That's what's in this country, pigs and people."

He said that those in the audience, because of listening to the news media, teachers and preachers, have probably heard that CLEAVER is a racist. He stated that he was not a racist but for law and order, different than that of GEORGE WALLACE and all the pigs of the power structure. He said "I'm for law and order that will get everyone in this country out of order, out of the order that we've been placed in, into another Boston Tea Party, because that's what we need.

"The avenues of redress have been closed. The pigs of the power atructure have usurped the political machinery of this country. If you don't believe this, ask those McCarthyites who went to Chicago and got all the fat wipped off their heads trying to support Senator McCarthy, trying to exercise their Constitutional rights to dissent. Ask them if the political channels are still open."

He related that he heard the chairman of the McCarthy delegation from Wisconsin on television saying, "We came to chicago to participate in the convention of the Democratic Party and we thought there was going to be a democratic process but we find out the Democratic Party has been transformed into the Nazi Party."

CLEAVER described the Republican Party as the "gangster conspiracy against the people" and called it the "grand old pig party" He said the Republican and Democratic parties should change their symbols from the elephant and donkey to a "big fat gig" because "they are foul, they are low and they are everything that we say those little pigs are". CLEAVER then apologized to the little pigs

CLEAVER continued in his speech by discussing requests eade of him by his parole officer in which he stated: to see my parole officer yesterday in order to get permission to come out here and he said 'Eldridge, when the order to return you to prison becomes final in about 45 days, what are you going to $d\circ ?/$ When he asked me that. I was on my way out the door. thought our business was finished and I started to speed it up but I decided to be cautious ... the man told me that it was a very bad situation, that he didn't want to have to put out an all points bulletin for me. So he said, 'Maybe we can do it the way we did it the last time. I'll give you a letter informing you that you are to report to San Quantin State Prison for a parole revocation hearing.' When he sent me that last one, I dadn't report to San Quentin, I reported to my lawyer. He went to the judge and got a restraining order and the judge issued an order for them to show cause as to why they should not be held in contempt of court. And Mickey Mouse Reagan, Grade B movie actor, actress, what is he, I don't know what he is, just as he twisted the arm, tentacles of the Regents, Board of Regents, forced them to pass a resolution, I guess you'd call it, prohibiting me from delivering the ten lectures that I'm going to

"deliver. Just as he did that he ran to the Appellate Court and got them to issue an order revoking my parole. He did that because he's a punk, a sissy and a coward and because I challenge him to a duel. I seriously challenge that (obscene) to a duel. I give him his choice of weapons, anything from a baseball bat, a knife, a gun, a marshmallow, and I'll beat him to death with a marshmallow .. but he doesn't want to deal with that, he doesn't want to confront that, so he sneaks around and he gets other people to do his dirty work for him. So he's going to have me taken back to prison, so he thinks, I'm not going, I'm not going. Listen, I went there and I stayed there for nine years and during those nine years I investigated the penitentiary thoroughly to my satisfaction. While there I was in every nook and crann that they have for a person from the hospital to solitary confinement. I don't want anything to do with that, not even the medicine they were giving out. I don't want nothing to do with it, nothing to do with it, so I'm not going back. I'm I've got 45 days, I'm going to run my mouth for 44 days. On the 45th day, I'm going into the heart of the black community in the bay area in Oakland, the cradle of the Black Panther Party, and I'm going to say, if you want me (obscene), come and get me, because I would rather be dead. I would rather be dead. I'd rather be dead out here than back on ice. That's a form of death that It'm never going to experience again if I can possibly have anything to do with it and because of the way this (obscene) came down, I have a taste of initiative to exercise, I am going to do just So if he wants anybody to go to that penitentiary let RONALD REAGAN send his mama there and he can go there with her and her cell partner...(inaudible)

"But I'm not going and that's where you come in.

"I'm not going to come and hide in your pad because I don't have your address and because I'm afraid you might turn me in. Call the oinks on me. But what I do is going to have an affect upon you because everything that we all do these days has repercussions, and you scientists can understand repercussions. And what I do is going to have repercussions because I know that I will have the support of the black community and I know that I will have the support of a lot of white radicals who are not doc confused, their heads (obscene) with too much foreign ideology. And I believe I will have the support of a lot of young white people who are caught up in the cultural revolution who are trying to make a break with the bloody decadent past of their country because they recognize they cannot go into the future on the vehicle from the past. Not from this past.

"And if I don't have all that support I don't need it all. All I need is time to die. Time to do my thing and I'm ready for that and I don't mind dying (obscene). Just lay me down. But until you lay me down don't tell me that I can't say what I want to say. If the students at the University of California want to invite me there under the rules and regulations that then prevail and ask me to talk about racism, definitely I'm going to show up on time and I don't want a mother (obscene) Governor telling me that I can't talk. I don't care if his name is ROCKEFELLER. (Obscene) him. I'm not going to court. I don't care if its lynching BAINES JOHNSON it doesn't make any difference that nobody, nobody has the right to tell a man he can't talk. That he can't say his piece. That's something of what this country is supposed to be about. That's one of the things that we're finding out that it's not about. And so we find ugly Americans, ugly Americans, vicious Americans the type of people who can authorize bombs for breakfast for the people in Vietnam. I say bombs for the Babylonians, if there are going to be bombs for the people in Vietnam.

"Some simple (obscene) reporter asked me out here a while ago would I fight for this country. I know that was a mimple question but he was a reporter you see and he asked me would you fight for any other country. I said yes. He said which one"

"I started to say China. And then I thought of Vietnam, brother HO CHI MIN, and I thought of Cuba, then I just thought about the whole third world. And so I told that I would fight for any country struggling to free itself from imperialism, from colonialism, from the exploitations of this racist decadent capitalistic system. Yes I would fight for them."

CLEAVER then discussed people who want to end the war in Vietnam. Those who march, sign petitions, stage all kinds of freak shows and carnivals trying to impress the pigs of the power structure. He ridiculed the peace talks going on in Paris concerning the Vietnam war as filibustering and putting out lying rumors.

He then stated "But if you say you want to see the war ended, you say that you sympathize with the people of Vietnam, if you say that you feel the same way that they feel then you have to realize that the only way that we can really stop this war is to give the power structure a deadline. Not a long one either, and tell them that if they don't stop the war we are going to upen up a second front right here in Babylon."

He then compared the people in this country to the actions of the German people who wanted to stop the genocide of the Jews.

He said "In this country we are carrying out LBJ's program, going along with his program just like the Germans did and we sit here with dumb faces and we need to go out in the streets and bring it to an end, and we can do that because there are more people in this country than there are pigs."

He stated this country is confused as the result of lying statements issued by so call leaders of this country.

He stated that we have a situation of LYNDON JOHNSON's party repudiating him because of a credibility gab. He said this was a euphemism, that he, JOHNSON, was a liar. He said it means that the statistics in the reports that JOHNSON puts out cannot be trusted.

He said that JOHNSON must have gotten up one day "and looked at himself in the mirror, and looked at his ugly face and he must have seen lies pouring out of his mouth dripping with the blood of the people and saw for himself that he was indeed foul so he told the people that he did not recommend himself again for another term. So get on LYNDON BAINES JOHNSON, war criminal, guilty."

He then asked the audience the question is LYNDON BAINES JOHNSON guilty, is he a murderer, is he is war criminal. The audience responded with a mixture of yes's and no's.

He asked if there would be a Nuremberg for JOHNSON, RUSK and MC NAMARA and for the Republican and Democratic Parties. He said he won't talk about the people who voted for the candidates but the pigs who control those machines. He specifically stated he was talking about the dogs like Mayor DALEY of Chicago. He criticized DALEY for sending his troops against the people in Chicago who were against the war in Vietnam. He then spoke about the public servants who had become arrogant who think they own the people and this country. He said this condition would not continue because he was sure the people of this country and of the world would rise up against them.

He stated that right now there was no real neutral ground, that people were either part of the problem or part of the solution and they couldn't wait indefinitely. He said "the people who are feeling the pain aren't going to wait on you any more."

He said the oppressor has got out of hand and stated it was not safe to go to court in New York any more especially if you are a Black Panther, because "off duty racist will stamp on you in the hallowed halls of justice.' He said that we have policemen in this country who have developed a class consciousness. He said the police are motivated like the Army, "honor defending the borders of civilization gainst the barbary hoards, niggers in the ghetto and hippies and yippies and McCarthyites." He said that the police were better organized than the military. He spoke of the International Association of Chiefs of Police which he called "the ruling Reich." He said they have ideologies and that they are concious of themselves, as a special interest group, they have big money and they have a lot of guns and "they have a blank check for wilpping heads unless we call that check in and let them know we want the public servants of this country to act like public servants and don't bite the hand that feeds them or we'll take that hand and slap their (obscene) heads off."

CLEAVER stated that women hold the power to make the men become a part of the solution. That the women should make love and even sex revolutionary and if the men did not agree with them they should make them leave their pad. He said we need men in Babylon who will fulfill their duties as defenders of the times.

He then stated to the audience that he wanted a policeman and demanded that any policemen who had sneaked into the audience to stand up and identify himself. When no one stood up he stated he knew they were in there because he could smell them and then called them cowards for not making themselves known to those present. He stated referring to the policemen that "We don't fear you any more because we have found out you are not magic and that all you have is a gun and that in order to neutralize all we need is a gun and so we got them. So shoot your shot and we'll shoot ours and you will be the agressor as you always are."

He then said that "we are going to put an end to your murder and that is all I want to talk about until its over with, an end to the murder by these brutal pigs."

He then spoke about HUEY P. NEWTON, Minister of Defense of the Black Panther Party and asked the audience if they had heard about him. He said that NEWTON is behind bars because they say he killed a pig. He said "they tried to kill him. Someone killed a pig because the pig is dead. That (obscene) ain't going to move, he's dead, but HUEY didn't kill him, you dig it." He said that a jury of ll white people and "1?" brought back a verdict of voluntary manslaughter. He said that the police didn't accept this verdict and that two drunken policemen came by the Black Panther Headquarters in San Francisco and shot up the windows aiming at a picture of HUEY NEWTON, all because the judge didn't sentence NEWTON to the gas chamber.

He spoke about an article he had written concerning NEWTON which he wanted the people to read stating that NEWTON had set a standard. CLEAVER stated "we need an Army." "We need a black army and we need a white army. We say all power to the people. Black power for black people, white power for white people, brown power for brown people, red power for red people, yellow power for MAG-TSE TUNG and HO-CHI-MIN and all of their brothers and sisters."

He said he knew some people were disgruntled when he mentions white power but said that they never had white power only "pig power" in your name."

CLEAVER said that "we can relate to white power because we believe that all people have an absolute right to control their own destiny, to have the control of the sovereignty which is over him, everyone from Eskimos to the decendants of the slave masters and we have only one condition, that you stop acting like your grandpappy and grandmarmy.

He stated that people today that are living comfortably are receivers of stolen property as a result of slavery but added that the victims of that plunder are now "standing at the door and telling you we want our share and we are going to get our share or we're going to turn the (obscene) table over."

He said that the Negroes are not going to have people running around comfortably while they are in misery. He said Negroes want to be part of the democratic regeneration of the earth or be part of the democratic destruction of it. He stated "there's not going to be any middle ground and that's the point."

He then ridiculed the polls showing WALLACE as gaining and stated that NIXON would win the Presidency and that NIXON would take those that wanted him to hell.

He stated that if he did go to hell he and the other members of the Black Panther Party would move against the devil and if God joined in a coalition with the devil, they would have to move against God also, because "we don't have to submit to anything that's not soothing to our code."

CLEAVER said "the basic principles we operate on is that every man, woman and child on the face of the planet earth has an absolute right to the very best, the very highest standard of living that human knowledge and technology is capable of providing without any exceptions. They have a right to that and anything that stands in the way of that has to go, including the decadent; capitalistic system that is in the way of that, and its got to go whether you like it or not."

He then spoke of other empires through history which have fallen and stated that change is now indicated and everyore knows it and it is only a question of how.

CLEAVER told the students at RPI that when they were drefted and asked if they wanted to join the Engineering Corps or go to the front lines, that they would choose to man the guns and kill their "brothers and sisters;" following which he stated "I hope you don't make it back if you go."

He criticized Goneral HERSEY and General LE MAY who endorsed GEORGE WALLACE for President and "sends niggers greetings to go to Vietnam to kill yellow people for racists."

CLEAVER then criticized ROY WILKINS and WHITNEY YOUNG as being Uncle Toms and told the audience that if any of them were acquainted with an Uncle Tom that the strategy of licking boots does not work. He said to tell Uncle Tom to get up off his knees, wipe the shoe polish off his mouth and pick up a gun and join the black army..."tell him to get off that kick because it's not going to work and join the Black Panther Party and use that energy in a more efficient manner. Tell him to do what MALCOLM X prophetized must be done. "

He said that HUFY NEWTON was listening to MALCOLM X when MALCOLM X said we must organize to defend ourselves.

CLEAVER read as follows an article he had written concerning HUEY P. NEWTON:

"To HUEY P. NEWTON, a narration and commentary by those who know him. HUEY P. NEWTON, Minister of Defense, of the Black Panther Party, the baddest (obscene) ever to set foot inside of history. HUEY P. NEWTON, the brother, black man, nigger, the descendent of slaves who stood up in the heart of the ghetto at night in alleys confronted by racist pigs with guns and said my name is HUEY P. NEWTON, Minister of Defense of the Black Panther Party, I'm standing on my constitutional rights. I'm not going to allow you to brutalize me. I'm going to stop you from brutalizing my people. You've got your gun, pig, I've got mine. You shoot at me, I'm shooting back.'"

CLEAVER said "that's HUEY P. NEWTON and I think it's beautiful."

He then asked the audience if they could relate to a man who had the guts to stand up and say give me liberty or give me death, because that is what HUEY was saying for black people. CLEAVER said that he knew the people could

RE: LEROY ELDRIDGE CLEAVER

relate to it but they couldn't relate to it in the same way as black people.

GLEAVER closed his speech in stating that St. Michael the Archangel was the first pig in history, the chief of police of his time who he said was sent to the Garden of Eden to evict the people there who were having a loud party or something. When St. Michael told Adam and Eve to leave they left at once. CLEAVER said had HUEY P. NEWTON been there he would have told that pig that he liked it there and he was going to stay and if St. Michael swung his sword at him he would swing his sword back.

CLEAVER said that we could have a Garden of Eden right here with some student power, faculty power and some guest lecturer power.

CLEAVER closed by ridiculing Governor RONALD REAGAN and MAX RAFFERTY with obscenities and stated "power to the people whether you like it or not. God night and God bless you, if there is one."

APPENDIX

BLACK PANTHER PARTY

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by Bobby George Seale, BPP Chairman, and Huey P. Newton, BPP Minister of Defause. Newton is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther," which further describes itself as the "Black Community News Service," states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, George Mason Murray, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "...we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

FACTS OF OFFENSE

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your gaency: It and its contents are not to be distributed outside your gaency.

On December 10, 1968, Special 57C Agent, California Department of Corrections, Special Service Unit, Room 240, Ferry Building, San Francisco, California, advised as follows:

On November 3, 1957, subject was arrested by California authorities for Assault with a Deadly Weapon and Assault with Intent to Commit Murder and Assault with Intent to Commit Rape. According to the files of the California Adult Authority, the arrest was made by the Los Angeles Police Department. The subject reportedly forced open the car door of a Mr. tied girlfriend, attempted to rape[and witnesses pursued the subject by automobile with the subject firing shots at the pursuing witnesses. On March 11, 1958, the subject was sentenced to California State Prison for six months to fourteen years on the above charges. He was paroled in December, 1966, at which time he immediately proceeded to the San Francisco, California, area where he obtained employment with "Rampart's Magazine." He was employed as a writer with this magazine and later became an editor and subsequently senior editor, which position he held until his disappearance in November, 1968.

6d

b70

Since his release from prison, the subject had aligned himself with the Black Panther Party (BPP) and currently serves as Minister of Information of this organization.

On May 2, 1967, a group of 24 Negro males who identified themselves as members of the BPP, made a protest march and appearance at the California State Capitol in Sacramento, California, armed with rifles and handguns. As a result of the ensuing confrontation with authorities, the subject was arrested and charged with violation of parole. Representatives of his employer, "Rampart's Magazine" interceded on the subject's behalf claiming the subject had been assigned as a reporter for "Rampart's" to cover the State Capitol confrontation and that he had not appeared there as part of the raiding party and consequently should not have been arrested as a result of the confrontation. The subject was thereafter released by the authorities and no further action was taken to revoke his parole at that time.

The subject continued on parole until April 6, 1968, at which time he and several other members of the BPP became involved in a shootout with officers of the Oakland, California, Police Department, which resulted in the death of BOBBY HUTTON, Treasurer of the BPP, and the wounding of the subject in his left foot and ankle by a shotgun blast.

As a result of this shootout, the subject's parole was revoked and he was returned to prison. In a legal action brought by his attorney, CHARLES GARRY, in the Superior Court in Solano County, California, the revocation of subject's parole was declared illegal by Superior Court Judge RAYMOND SHERMAN who ruled that the subject's parole had been revoked because of "his political activities."

The subject was continued on parole until the last part of September, 1968, when the California Court of Appeals reversed the Superior Court ruling and stated that the California Department of Corrections' action in revoking subject's parole was not illegal. The Court of Appeals ordered CLEAVER to be returned to prison and his parole revoked as of November 27, 1968. The California Department of Corrections wrote the subject a letter on approximately November 20, 1968, advising the subject that he should turn himself in to parole authorities at the State Building, San Francisco, California, at 9:00 AM, on November 27, 1968. The subject failed to appear and a warrant was issued for his arrest as a parole violator on that date.

The subject was last seen at a Cleaver Defense Fund Rally at the California Hall, San Francisco, California, on November 21, 1968, according to L advised, however, that in an interview by the press on November 27, 1968, at the State Building, San Francisco, the subject's wife, KATHLEEN CLEAVER, and the subject's attorney, CHARLES GARRY, both advised that they last saw the b7C subject on November 24, 1968. also advised that the subject was interviewed by the press at "Rampart's Magazine" on November 23, 1968. stated that attempts to locate the subject at his last known addresses of 2500 Filbert and 2777 Pine Street, San Francisco, California, had been unsuccessful. He advised that the subject's whereabouts are unknown.

DETAILS OF FEDERAL PROCESS

On November 29, 1968, Deputy Attorney General for the State of California, JOHN P. OAKES, State Building, San Francisco, California, submitted a letter to Mr. CECIL POOLE, U. S. Attorney, San Francisco, California, requesting Federal assistance in the apprehension of the subject, who according to OAKES, is a paroled California prisoner who was serving sentence for several felony convictions. The letter indicated that a warrant for CLEAVER's arrest was issued on November 27, 1968. The letter stated that in the event subject is apprehended outside the State of California, the State would take all steps necessary to return him to California.

On December 10, 1968, U. S. Attorney CECIL POOLE, San Francisco, California, authorized a complaint charging subject with violation Title 18, Section 1073, U. S. Code (Unlawful Flight to Avoid Confinement). POOLE recommended bond at \$100,000, either cash or surety bond,

On December 10, 1968, an authorized complaint was filed by SA before U. S. Commissioner

San Francisco, California, charging the subject with the above violation following conviction of felonies under the laws of the State of California for the crimes of Assault with a Deadly Weapon, Assault with Intent to Commit Murder, and Assault with Intent to Commit Rape, and Parole Violation. A warrant for the subject's arrest was issued on December 10, 1968.

BLACK PANTHER PARTY, aka Black Panther Party for Self Defense

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by Bobby George Seale, BPP Chairman, and Huey P. Newton, BPP Minister of Defense. Newton is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther," which further describes itself as the "Black Community News Service," states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, George Mason Murray, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "...we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

BLACK PANTHER PARTY Also Known As -Black Panther Party for Self Defense

A source advised that the Black Panther Party for Self Defense (BPPSD) was formed by HUEY PERCY NEWTON, Minister of Defense, and BOBBY GEORGE SEALE, Chairman, in December, 1966, as a militant black nationalist political organization to combat "police brutality", to unite militant black youth, and to determine the destiny of black communities. The political philosophy was taken from writings of Chairman MAC Tse-tung of Communist China and black militant writers.

In March, 1968, the name of the organization was changed to Black Panther Party (BPP).

The official BPP publication, "The Black Panther Party - Black Community News Service", states that the BPP advocates use of guns and guerrilla tactics in their violent revoluntionary program to end oppression of black people.

On February 17, 1968, ELDRIDGE CLEAVER, Minister of Information, announced merger of the BPP and Student Nonviolent Coordinating Committee (SNCC) and bestowed title of Minister of Justice, BPP, upon H. RAPP BROWN, Chairman of SNCC.

SNCC is a militant Negro organization which preaches black supremacy.

NEWTON, aforementioned, is incarcerated in the Alameda County Jail, Oakland, California, awaiting trial on charge of murder of an Oakland police officer.

Headquarters of BPP and Huey P. Newton Defense Fund are located at 4421 Grove Street, Oakland, California.
